Chapter Chair Report ~ by Kathi Noble

For my first newsletter I would like to introduce myself and tell you why I'm involved in the Adirondack Mountain Club. I live in Lake George with my husband, Tim. We moved here in 1986 and raised 2 children here who are now adults. I retired from teaching elementary special education in 2014 after 34 years. I am very fortunate to have spent all my summers, since I was 5 years old in Old Forge. I believe this is where I learned to love the outdoors and appreciate all it has to offer. I became involved with the club first as a member then as the Fire Tower Challenge (FTC) corre-

spondent in 2011. Being the FTC correspondent has been very enjoyable and rewarding. I get to read hiking journals that tell of great adventures and I also get to send completers their hard earned patches. I want to continue to be involved in the club to help others learn to love and appreciate all the Adirondacks have to offer. It is important to me that people are educated on staying safe and on leaving no trace behind whether they are hiking, biking, walking, paddling, camping or whatever they might be doing. I hope to meet and see many of you out on the trails and lakes.

The Chapter would like to thank all the members of the Executive Committee who served during 2017 for all their volunteer hours on behalf of the Glens Falls—Saratoga Chapter ADK. We are so lucky to have such talented and dedicated individuals involved in our organization. Additional thanks to all the trip leaders and other volunteers who make the Chapter so strong. Please contact us if you'd like to lend a hand.

A Whirlwind tour of a few National Parks and landmarks

Presented by Maureen and Jim Coutant

Wednesday January 17th, 7 PM at Crandall Library in Glens Falls

Maureen and Jim Coutant took a vacation inspired by some of the National Park programs put on over the years by John Schneider, Dan D'Angelico, or the Mackey's. Join us to see the highlights of some impressive National Parks & Forests including Red Rocks, Death Valley, Sequoia, Yosemite, John Muir and more. Plus, other landmarks along the way.

See next page for information on the February Program

2016 marked the 50th anniversary of the National Historic Preservation Act. This program is a general introduction to understanding the importance of preserving our nation's built environment. Using illustrations from all over the eastern seaboard and from the Adirondack region, it explores the many reasons that individuals, businesses, non-profit organizations

and governments are increasingly involved in promoting historic preservation, because preserving architecture adds beauty to our lives, connect us to our past, fosters community and national identity, contributes to community revitalization, helps to conserve energy, and is part of how we manage change and growth in an increasingly chaotic world. Irresistible, right?

7,000 Miles to a Wilderness Ethic: A Transformation After One Year on the Pacific Crest Trail, Te Araroa, and the Appalachian Trail

Presented by Tyler Socash

Wednesday, Feb. 21, 2018 at 7 p.m. Saratoga Springs Public Library

Bob Marshall once wrote, "It's a great thing these days to leave civilization for a while and return to nature." A native Adirondacker and current Outdoor Skills Coordinator for the Adirondack Mountain Club, Tyler Socash, fully embodied Bob's sentiments.

After 28 years of outdoor recreation inside the Adirondack Park, Socash went beyond the Blue Line to complete a yearlong trek across the Pacific Crest Trail, New Zealand's Te Araroa, and the heralded Appalachian Trail. It's a lively tale, 7,000 miles in the making, of mountaintop euphoria, unexpected trail magic, encounters with long-distance legends, heartbreak and renewal. This grand adventure into the wilderness inspired Socash to help defend the wildest remaining places in New York's Forest Preserve, namely, the newly purchased Boreas Ponds Tract. If you've ever imagined completing a thru-hike someday, this is the presentation to attend! The intricacies of thru-hiking will be discussed, but be forewarned that the photographs and the entertaining retelling of the quest may spark your

own wanderlust sooner than expected.

Tyler Socash grew up in Old Forge, NY. Annual family camping trips on Alger Island and numerous hikes up Bald Mountain helped him develop an everlasting connection with the Adirondack Park. After high school he completed both his bachelor's degree and master's degree at the University of Rochester. He currently resides in Keene, NY, returning to work in outdoor education with the Adirondack Mountain Club.

NY VOTING RESULTS ON PROPOSITIONS

<u>Proposition 1 – Constitutional Convention</u> - A big win for ADK and many other organizations. On November 7th, voters rejected the constitutional convention proposition. The ADK opposed the proposition stating it would weaken or detrimentally modify the "Forever Wild" protection under Article XIV of the NY Constitution. The next vote on the constitutional convention is due in 2037.

<u>Proposition 3 – Forest Preserve Land Bank Amendment</u> – Approved by voters and ADK, this proposition creates a forest preserve land bank of 250 acres for qualifying local projects in the Adirondack Park. Municipalities can use the land bank when there is no viable alternative to use forest preserve land for roads, wells, or other amenities. The proposal also allows bike paths, trails, and certain public utilities within the width of highways cutting across forest preserve.

PRIMITIVE TENT SITES IN ADIRONDACK PARK

The Adirondack Park Agency and New York State Department of Environmental Conservation are jointly seeking public comments for the proposed *Draft Best Management Practices for Design and Layout of Primitive Tent Sites in the Adirondack Forest Preserve*. The guidance pertains to primitive tent sites, defined as no more than three tents with a pit privy and fire ring, outside of NYSDEC campgrounds. The guidance would provide standards for constructing, operating, and maintaining primitive tent sites. The public comment period will end on January 22, 2018. Please contact ADK or visit their website (www.adk.org) for the club's position on the proposed guidance. More information can be found on NYSDEC's website http://www.dec.ny.gov/lands/111867.html

Education News ~ by Linda Ranado

Deadline for Summer campership applications for DEC's Camp Colby and Pack Forest and ADK's Teen Trails has been <u>extended to January 6^{th} </u>!

We are looking for campers interested in:

The Lake Colby Environmental Education Camp, for youth aged 11 to 13, is located on the western shore of Lake Colby, just outside the Village of Saranac Lake.

Pack Forest, just north of Warrensburg, offers camp sessions for both teens 14 to 17 years old and youth in the 11 to 13 age range.

ADK's Teen Trail five day projects are geared towards high school students 14 to 17.

Application forms for all of these sponsorships may be downloaded from http://adk-gfs.org/education.php

When completed, send to: Linda Ranado: 18 Pine Ridge Road, Hadley, NY 12835

ANNUAL NEW YEARS DAY HIKE

Mon, Jan 1, 2018, 9:00 am, Rating: B

Reg Prouty - 518-747-9736, <u>reginaldprouty@gmail.com</u> Colead: Bob Aspholm - 518-683-4970 or <u>pine4422@yahoo.com</u>

- Destination and exact description will be announced later but will probably be somewhere in the Lake George area. So call Reg or Bob in December and help us ring in the new year the healthy way with good mountain club friends. Bob and I have decided we will do Hadley Mountain for New Year 2018, a B hike about 4 miles round trip with 1526 feet of elevation change to the 2675 foot summit.

TUESDAY OUTING - [Walk/Ski/Snowshoe]

Tue, Jan 2, 2018, time TBD, Rating: NR

Maureen Coutant - 518-745-7834, mojim@roadrunner.com

- This outing will all depend on the conditions. We'll ski, snowshoe, or walk in the Wilton Wildlife Preserve depending on how much snow we have.

EXECUTIVE COMMITEE MEETING

Wed, Jan 3, 2018, 7:00 pm, Rating: NR John Caffrey - chapterchair @adk-gfs.org

- Location - Crandall Library

CLIFF AND REDFIELD - [Hike/Snowshoe]

Sat, Jan 6, 2018, 5:00 am, Rating: A+

Wayne Richter - 518-893-7895, wrichter@nycap.rr.com

Colead: Mike Fuller - 802-254-3314

or farmallboy55@hotmail.com

- Our primary goal will be Cliff, with Redfield added if time and conditions allow. If Flowed Lands is frozen, we'll go in from Upper Works and make the spectacular crossing over the ice. If not, we'll go from Adirondack Loj via Lake Arnold. We'll determine the route shortly before the hike, depending on conditions. All contacts and sign ups to Wayne.

MONTHLY MONDAY GEOCACHE

Mon, Jan 8, 2018, time TBD, Rating: NR

Sarah King - 518-798-0615, <u>scubakings@roadrunner.com</u> Colead: Mo Coutant - 518-745-7834 or <u>mojim@roadrunner.com</u>

- During the school year, we go out every month for a walk or hike with the purpose of finding geocaches that have been hidden lately. You don't have to know anything about geocaching to come. It's just another excuse to get out in the woods. Call or email a few days before to find out the plan!

TUESDAY OUTING - [Walk/Hike/Ski]

Tue, Jan 9, 2018, time TBD, Rating: NR

Maureen Coutant - 518-745-7834, mojim@roadrunner.com

- See Tuesday Jan 30th

TR MOUNTAIN - [Bushwack]

Sat, Jan 13, 2018, 6:00 am, Rating: A+

Nick Ringelberg - 518-522-6863, <u>nickringelberg @yahoo.com</u> Colead: Jayne Bouder

- Named for Teddy Roosevelt, this is a short winter hike to a #61 of the Adirondack 100 Highest. Morrissey suggests climbing it in the winter to get a better view, so that's what we will do! 4 miles and 1600 feet of elevation gain on the trail towards Marcy, then take a right and bushwhack 1/4 mile with another 400 feet of gain. Views of Colden. About 6 hours and we will be out in the daylight!

SKI PACK FOREST

Sat, Jan 13, 2018, 8:00 am, Rating: B

Bill Schwarz - 518-307-6091, bschwarz@nycap.rr.com

- Let's hope for some early-season snowfall, or we'll be hiking - it's happened before. These are not groomed trails - we may be the

ones breaking trail - so no beginners! We'll ski 6 or so miles, maybe going around the lake. Bring lunch and water. This a a SUNY demonstration forest just north of Warrensburg with some climbs and descents on the routes.

TUESDAY OUTING - FTC - [Hike/Snowshoe]

Tue, Jan 16, 2018, time TBD, Rating: NR

Maureen Coutant - 518-745-7834, mojim@roadrunner.com

 This will be a Fire Tower Challenge hike either in the Adirondacks or Catskills. Call or email the weekend before for details.

A WHIRLWIND TOUR OF A FEW NTL PARKS AND LAND-

MARKS - [Program]

Wed, Jan 17, 2018, 7:00 pm, Rating: NR

Sarah King - 518-798-0615, scubakings@roadrunner.com

- This program will be at Crandall Library in Glens Falls. Come join us on a whirlwind tour of a few National Parks including Red Rocks, Sequoia, and Yosemite as well a few smaller parks and other landmarks we could fit in during 2 weeks.

PRYAMID & GOTHICS - [Walk/Ski/Snowshoe]

Sat, Jan 20, 2018, 6:30 am, Rating: A+

Steve Mackey - 518-793-6484, smackey33@verizon.net

- I've led this several of the past few winters. It is my favorite winter hike. We will ski down the Ausable Road and then switch to snowshoes for the climb. The ski in is gently uphill, so the real fun is on the way out. The upper part of Pyramid is very steep. It is not scary, but it is hard. Last year we used those little plastic sleds on the steep descent, and had a wild ride. The winter views from both Pyramid and Gothics are spectacular. Every year I get a few people that want to go, and they don't ski. You are welcome to come; we will wait for you on the way out.

TUESDAY OUTING - [Walk/Ski/Snowshoe]

Tue, Jan 23, 2018, time TBD, Rating: NR

Maureen Coutant - 518-745-7834, mojim@roadrunner.com

- If the conditions allow, we'll cross country ski along the Ausable Club Road or into Camp Santanoni. Call or email for info as it gets closer.

HUDSON CROSSING / NEW YEAR OUTING - [Hike/

Snowshoe]

Sat, Jan 27, 2018, 9:00 am, Rating: C

Rich Crammond - 518-584-2380

- Just a nice little outing by the Hudson River. Around two miles of hiking or snowshoeing up to Eagle Point and back to the Schuylerville Lock 5 area. Bring your field glasses and warm clothes. If there's eagles in the area, old Eagle Eye Rich will spot them!

Meeting place: Hudson Crossing parking lot (Lock 5), Schuylerville.

TUESDAY OUTING - [Walk/Ski/Snowshoe]

Tue, Jan 30, 2018, time TBD, Rating: NR

Maureen Coutant - 518-745-7834, mojim@roadrunner.com

 This outing will depend on the conditions. We'll ski, snowshoe, or walk within an hour of Glens Falls depending on how much snow we have.

SKI WILTON PRESERVE--NOT THE SCOUT CAMP

Sat, Feb 3, 2018, 8:00 am, Rating: B

Bill Schwarz - 518-307-6091, bschwarz@nycap.rr.com

- Wilton Preserve consists of 4 properties, and we'll visit two others besides the best-known scout camp area. Fox Tract and the Edie Road trails are excellent for ungroomed skiing--but that means no beginners! We'll ski about 4 hours, so bring water and snacks. Lack of snow may cancel, or make this a hike (it's happened before).

PINE POND TRAIL - [Ski]

Sun, Feb 4, 2018, 7:00 am, Rating: A-

Steve Mackey - 518-793-6484, smackey33@verizon.net

- I was thinking of leading something different, so I got out some Adirondack Explorers to see what sounded interesting. In the Nov/ Dec 2015 issue they wrote about "The old road to Oseetah." It is a little south of Lake Placid and Saranac Lake. It involves spotting a car, but it looks like it wouldn't involve too much extra driving. The trail is around 9 miles and fairly gentle. The article said, "This can be a reasonable outing even for a novice skier in good shape. The terrain is mellow, and most people will find the downhills fun rather than scary. As a bonus, there is much more downhill than uphill." So far, every winter I have planned this, when the day rolls around the conditions are not conducive. If we have bad skiing this year, we will snowshoe Scarface instead.

TUESDAY OUTING - [Walk]

Tue, Feb 6, 2018, time TBD, Rating: C

Maureen Coutant - 518-745-7834, mojim@roadrunner.com

- This will be a short and easy trip since there is a geocache trip on Monday that I hope to go on. Depending on the conditions, we'll walk or snowshoe something without too much elevation.

HOFFMAN MOUNTAIN - [Bushwack]

Sat, Feb 10, 2018, 6:00 am, Rating: A

Jayne Bouder - 518-636-3352, jaynebouder@gmail.com

- From Big Pond we'll head north up a hardwooded ridge (with views east) toward Hoffman's thick, viewless summit. But, a few minutes farther on is a peek through the trees at Elk Lake and the High Peaks. 11 miles (8 trail-less), 2,500 foot ascent, at a steady pace.

Bill Schwarz - 518-307-6091, bschwarz@nycap.rr.com

- Since the Botheration Loop lost its bridge, that trail is problematic--so we'll ski the Old Farm road as far as we like, and maybe check out some of the side trails too. We may be breaking trail-this is ungroomed--so no beginners! Bring water and lunch. Distance: 6 to 8 relatively flat miles with some water crossings. Poor snow conditions may mean going to nearby Garnet Hill ski center, which charges a fee.

TYLER SOCASH - [Program]

Wed, Feb 21, 2018, 7:00 pm, Rating: NR

Sarah King - 518-798-0615, scubakings@roadrunner.com

- Program to be held at Saratoga Springs Public Library. After 28 years of outdoor recreation inside the Adirondack Park, Socash went beyond the Blue Line to complete a yearlong trek across the Pacific Crest Trail, New Zealand's Te Araroa, and the heralded Appalachian Trail. It's a lively tale, 7,000 miles in the making, of mountaintop euphoria, unexpected trail magic, encounters with long-distance legends, heartbreak and renewal. This grand adventure into the wilderness inspired Socash to help defend the wildest remaining places in New York's Forest Preserve, namely, the newly purchased Boreas Ponds Tract. If you've ever imagined completing a thru-hike someday, this is the presentation to attend! The intricacies of thru-hiking will be discussed, but be forewarned that the photographs and the entertaining retelling of the quest may spark your own wanderlust sooner than expected...

Steve Mackey - 518-793-6484, smackey33@verizon.net

- I planned this trip last winter, and the conditions weren't good so I canceled. We will try it again and keep our fingers crossed. If the conditions aren't good for skiing I might try to bike in, with my fat bike. The road in is fairly gentle. It does have some hills, but they shouldn't be difficult. I'm not sure how far they will plow, so this is either a 6-7 mile round trip, or a 12-13 mile round trip. If the inner parking area is open, we might need four wheel or all wheel drive vehicles to get there safely. We also might have to break trail, but I'm guessing this will be a popular destination, and it will already be broken. We should be able to ski around the lakes a bit, if the ice is safe, so that will be a nice bonus. The views of the Great Range from the ponds are outstanding.

- 2016 marked the 50th anniversary of the National Historic Preservation Act. This program is a general introduction to understanding the importance of preserving our nation's built environment. Using illustrations from all over the eastern seaboard and from the Adirondack region, it explores the many reasons that individuals, businesses, non-profit organizations and governments are increasingly involved in promoting historic preservation, because preserving architecture adds beauty to our lives, connect us to our past, fosters community and national identity, contributes to community revitalization, helps to conserve energy, and is part of how we manage change and growth in an increasingly chaotic world. Irresistible, right?

Monday Monthly Geocache Mon, Oct 2, 2017, Sarah King and Mo Coutant

- We had a beautiful day for what I term our "Planes, Trains and Automobiles" geocaching tour. Although our main goal was to hit Belfry Mountain and Crown Point State Park to find the geocaches there, geocaching brings you to unique and interesting spots you might not otherwise visit. Among our stops this day was a local air field used by local flying clubs (planes), a 1946 caboose (trains), a local cemetery where we saw Johnny Podres's gravestone, the famous Champ Sightings sign in Port Henry, Foot's Diner, also in Port Henry (not for eating but to find the cache outside), "Mineville", the site of a mining operation by the Witherbee-Sherman Co., and of course the great history and scenic beauty of Crown Point. We also had fun identifying fossils at one cache sign and giant puff balls at another. We lunched at the picnic tables, used the bathrooms and generally had a great time finding 16 caches as we toured the area. Participants: Sarah King, Mo Coutant, Llcia Mackey, Todd Earl, Dorean Page.

North River Mountain Sat, Oct 7, 2017, Nick Ringelberg and Jayne Bouder

- Bikes saved us 6 miles of walking - to the "No Bicycles" sign, and back. Fall foliage brightened the overcast - the trek up muddy logging roads, brooks, and past ancient trees was beautiful! The 6/10 mile from COL was thick! Blowdown taller than us, new growth growing through it, a desolate area that looked like it had been bombed... Kept going. Climbed into a down cloud and out the other side. The summit was there - abrupt, tiny, and steep - and we are very happy to be here! Even got a few pictures. Wacked down an easier way, walked woods, crossed brooks, followed old roads, and got to the bikes at dusk. Not everyone gets to visit North River Mountain! Great Group! Great Day! Participants: Jayne Bouder, Joe Babcock, John Hallock, Tim Huneck, Liz Rovers, and Nick Ringelberg.

Crane Mountain Loop Sat, Oct 7, 2017, Reg Prouty

- The hike up the mountain was enjoyable, as was the descent to the pond. The descent out from the pond to return was more steep and slippery, so we had to be very careful. I think this is one that might have better rated as a B+ due to the steep second half of the loop. It might actually be easier on snowshoes. A good day was had by the 10 hikers, though. Reg Prouty, Justina Danison, Joanne Walczak, Ann Bentzen, Wendy Hayner, Laura Fiske, James Jordan, Julie Pratt, and Mary Jordan.

Tuesday paddle Tue, Oct 10, 2017, Maureen Coutant

- This week we paddled a section of the Schroon River just above the dam before the river empties into the Hudson and up to the rapids in Warrensburg. It's a pretty section of the river with a few backwaters to explore. An eagle flew over just after we got in our boats, which was a nice start to the trip. Anne grabbed the wrong paddle and wound up with two "male" sides, so she used 1/2 her kayak paddle like she was in a canoe. We all took turns doing this and it turned out not to be too bad. Afterwards we headed to the fish hatchery along the Hudson for lunch and checked out the variety of fish getting ready to be stocked next spring. Participants: Annemarie Carberry, Mo Coutant, James Jordan, Mary Knutson, Joy Muller-McCoola, Rich Myette, Anne Paolano.

Boreas Mountain Bushwhack Sat, Oct 14, 2017, Rich Crammond and Jayne Bouder

- What more could us ADKers ask for! No rain, no bugs, no views from the summit, and a tough bushwhack in some spots. Maybe a little more level ground. Highlights of this outing were: Dan in the front of the group, leading all of the time. (The leaders got bushwhacked!) Thanks again Dan. Also seeing a shed moose antler along the route was neat stuff for sure. Thanks to all for sharing this outing in the 'Dacks. Participants: Dan NicPonski, Patrick Reilly, Rich Elton, Jayne Bouder, Rich Crammond.

Folded Rock Trail, Cambridge Sat, Oct 14, 2017, Bill Schwarz

- This is a surprising 800-foot climb in 2.6 miles to a view over the Battenkill valley northeast of Cambridge. Seven climbers made it to the overlook in good time, including several who were testing their uphill stamina. Small stones (scree) made for an interesting descent, but everyone completed the tour. Cathy remembered that she worked on the trail ten years ago! Participants: Cathy Fleming, Carolyn Jaskot, Lucy Manning, Gerri Sherry, Mary Ward, Tim Ward, Bill Schwarz.

Monthly Fire Tower Challenge hike Tue, Oct 17, 2017, Maureen Coutant

- This month we took a long drive up to the Tupper Lake area to do a short hike up Mt. Arab for my monthly Fire Tower Challenge hike. The colors weren't as brilliant as prior years in October, but it was still a beautiful drive. This hike is just over 2 miles round trip and less than 1000 feet of elevation gain, so it's an easy hike. The cabin on top was closed up but you could tell the Friends group has done a wonderful job maintaining it and the tower. There's a triad challenge up there to hike 2 other mountains and get a patch, but we couldn't take the time to add those into our day. So, maybe we'll be back another time to finish up that challenge! Participants: Mo Coutant, Leo Demers, Sarah King, Mary Knutson, Barb Tomko.

Indian Pass Summit Rock & Scramble Sat, Oct 21, 2017, Jayne Bouder

- Hadn't been here in a while, and forgotten how knock down beautiful it is. From Summit Rock, Wallface took up the whole view, with rock climbers shouting back and forth for entertainment. We stayed there for 1 1/2 hours. Great day, great group! Participants: Jayne Bouder, Donna Jeffrey, Eric Sabatella, Klaus Sommerlatte.

MONDAY Paddle Mon, Oct 23, 2017, Maureen Coutant

- We squeezed in one last trip on Lake George before the rain moved in the next day. The wind had already moved in a little bit which stirred up some waves, but not big enough to come into the boats. It did cause us to adjust our route, though. We headed up to Green Harbor before turning around and paddling into the wind. This gave us a good workout as we paddled down and around Elizabeth Island and then it was an easy trip back riding the waves. Afterwards, we had lunch on Eric's deck overlooking the lake! Great way to end the paddling season. Thanks Eric and everyone who joined me on a trip this summer. Participants: Mo Coutant, Carmelita DeCicco, Paul Dietershagen, Shelly Ingram, Mark Janey, Eric Krantz, Joy Muller-McCoola, Anne Paolano, Laurie Williams.

Shelving Rock Mountain and Falls Loop Sat, Oct 28, 2017, Reg Prouty

- It was a beautiful fall day for our Shelving Rock Mountain ascent. We enjoyed the excellent views from the mountain and then headed down the road for the visit to Shelving Rock Falls for lunch and pictures. We completed the south to north loop, coming out just north of our parking spot. 10 hikers: Reg Prouty, Karen Darfler, Laura Fiske, Wayne Atwell, Sharon Atwell, Linda Davern, Christina Bombard, Ted Lerd, Jim Brown, and Nathan June.

Tuesday Outing Tue, Nov 7, 2017, Maureen Coutant

- We started out with an easy 4 mile walk around Lake George for our first Tuesday outing of the season. I usually avoid the village in the summer, so it was a great time to go exlore. We shared our group knowledge of the area and I think everyone learned something. We started at Ushers Park on the east side of the lake just north of \$1M beach, which was a new spot for some. Then we saw the new layout at Million \$ beach and continued along the walkway on the south end of the beach. Along there, I pointed out the remains of the Ticonderoga, which is now the fireworks barge. The Ti was the largest boat on the Lake before the Lac du Saint Sacrement replaced it. Then we got to the new canoe sculpture (covered for winter) and a rock with a commemorative plague to honor Gwenne's mom for being the first person to swim the length of the lake. We also stopped at the "echo spot" and the beginning of the Prospect trail/walkway over the Northway, and walked along the new parks near the Charles Woods festival space. We saw some historical buildings along the way and wound up at Caffe Vero for drinks and food. Great first outing! Hope you can join us for one this winter! Participants: Rich Bennett, Jim Brown, Nancy Burke, Mo Coutant, Dee Demetriou, John Devine, Steve Gray, Mary Knutson, Eric Krantz, Lee & Mary Loose, Wayne MacFarran, Licia Mackey, Gwenne Rippon, Bill Schwarz.

Goodnow The Great! Sat, Nov 11, 2017, Joe Babcock

- We started out around 10 degrees, the coldest start for this season. The cold temps were a good thing, as we found out when we came to a part of the lower trail to Goodnow that would have been muddy if it had not been frozen. Most of us were warming up nicely by the time we were half way up to the sum-

mit. The views were great along the trail and from the fire tower. We enjoyed pointing out the high peaks. We quickly snapped pictures since the breeze was cold up in the tower. Had a nice hike back to the parking lot and headed to the Interpretive Center for a break. We were lucky to catch a group heading out from the center when we arrived. I was not aware that the center is closed for November and December. We then headed out to Great Camp Santanoni. It had warmed up to the teens, and with the sun shining most of the time, it was a good day to be out in the park. The walk into the Camp was easy and everyone enjoyed exploring the farm that is 1 mile in. From there we made our way down the road, enjoying the wooded landscape, with bridges and streams. As we approached the camp we could make out what turned out to be Santanoni Peak off to our left. When we arrived to the views of Newcomb Lake, I knew we would be at the Great Camp soon. Everyone enjoyed exploring the camp, both the buildings and the lake shore. The ice was just starting to build up along the shore of the lake and made for some great photo ops. We had lunch on the porch, and then explored the boat house before we made our way back to the parking lot. We spent time checking out the Gate Lodge and then headed home. Great Day out with six hikers: Sharon Charbonneau, Wayne Richter, Mark Seymour, David White, Jim Zwynenberg and Joe Babcock.

ADK Headquarters Fall workday Sat, Nov 11, 2017, Maureen Coutant

- Thank you, thank you, thank you! We got a ton done quickly due to everyone showing up on this chilly Saturday! Can't thank you enough! Participants: Peter Benoit, Jayne Bouder, Jim & Mo Coutant, Brian Coville, Paul Gregg, Mark Janey & Shelly, Bruce Katz, Mary Knutson, Lee Loose, Licia & Steve Mackey, Stan Stoklosa, Barb Tomko & Bill Wasilauski, plus Sarah at ADK for taking care of us!

Vanderwacker Sun, Nov 12, 2017, Steve Mackey

- I went to guite a bit of trouble to get our pickup truck from work, so we would be able to drive in on the rough road. Unfortunately, when Sunday morning rolled around, the truck didn't want to start (it started right up when I got home). Luckily Neal brought his pickup, and was able to drive all of us in. He graciously volunteered to sit in the back and had a wild ride trying to hold on to the bouncing truck and bouncing dog. There was ice in the trail as we got up high and we all put on microspikes. The sun came out as we got near the top and we had wonderful warm sunshine and beautiful clear views. Since Vanderwacker has a fire tower and you can get above the trees, the view is excellent in every direction. On the way down Colleen caught her microspikes in the mud a couple of times and did some acrobatics. Participants: Laura Fiske, Colleen Downing, Joanne Walczak, Kara Sullivan, Neal Van Dorsten, Karen Burka, Steve Mackey.

Monthly Monday Geocache Mon, Nov 13, 2017, Sarah King and Mo Coutant

- Our destination today was Overlook Mountain, a 4.8 mile round trip up a steep gravel road to a fire tower. In addition, there is the Karma Triyana Dharmachakra Tibetan Buddhist Monastery across from the parking lot, 7 geocaches on the way up, and a cool old abandoned hotel about a half a mile from the summit. We left Queensbury about 8:30 am and made the 2 hour drive south to Overlook. It was an overcast day with temps in the mid 40s. There were patches of ice on the trail but nothing requiring grippers. The first 5 caches were fairly easy finds. Number 6 was located at the old Overlook Mountain Hotel. This

Trip Reviews

is the 3rd group of buildings on this site on Overlook Mountain. The first 2 caught fire, so this one was built of concrete. The structures were never finished and the project was abandoned in 1928. Portions of the resort were still "under construction" in 1939 and the property was eventually sold to New York State in 1940. This cache was a very challenging hide. We even had Todd climbing trees to get a better look into the many crevices around the building. We spent a lot of time looking for the elusive cache, which was "9 feet up in the NE corner." We never

did locate it but had a great time looking around the buildings. We lunched at a picnic table near the fire tower and then climbed it to see the view, which we all agreed wasn't as good as the one from the scenic overlook nearby. The 7th cache we skipped as it involved a very steep descent from the top. We all decided that November was the perfect time for this outing as the rattlesnakes were asleep and the snow had not yet arrived. The road up to the mountain was very steep and probably

wouldn't be fun covered in ice. Another great outing and fire tower crossed off our list! Participants: Sarah King, Mo Coutant, Todd Earl, Laurie Williams.

Tuesday Outing Tue, Nov 14, 2017, Maureen Coutant

- This week we took the unmarked trail up Pilot Knob Mtn and at times lost the trail and bushwhacked around for a while. The trail is a bit hard to follow in the best of conditions. But with the leaves down, a dusting of snow in places, and the barricade of sticks removed that should have blocked the wrong routes, we spent a bit of time using our navigating skills! "Are we still on the trail?" was a frequent thought even after we found the trail again after wondering around for awhile. Luckily, we were an adventurous group and we all enjoyed the amazing views from the clearing and a bit higher at the false summit. It's really one of the best views of the lake. Participants: Jayne Bouder, Mo Coutant, Carolyn Curren, Leo Demers, Barbara Drake, Pamela Fetcho, Bob Glandon, Ralph Keating, Margie Litwin, Rich Myette, Joy Munro, Reg Prouty.

Cheney Cobble Sat, Nov 18, 2017, Nick Ringelberg and Jayne Bouder

- Threatening rainy, icy conditions forced us to reschedule to March 10, 2018.

Tuesday Outing - FTC Tue, Nov 21, 2017, Maureen Coutant

- This week we did a walk along the Rush Pond trail in Queensbury since I was too swamped with Thanksgiving Day preparations to get away for a Fire Tower Hike! It seemed as if it was just the ticket for lots of folks since we had 18 people on the walk. Great to get a little exercise and fresh air before getting back to cleaning and cooking! Nice to see everyone. Participants: Jim & Mo Coutant, John Devine, Barbara Drake, Bob Glandon, Sarah King, Eric Krantz, Leland & Mary Loose, Licia Mackey, Wayne McFarran, Joy Muller-McCoola, Joy & Mark Munro, Bill Schwarz, Joanne Szot, Barb Tomko, Bill Wasilauski.

Turkey Trot #19 Saratoga Battlefield Thu, Nov 23, 2017, Rich Crammond

- Such a nice outing this was. We saw lots of deer and a black squirrel. You can't beat that! Hiking with our own chapter outings man Wayne Richter, one great guy! Thanks for sharing this great day in the park also. It just didn't get no better. Participants: Kim Wood, Bill Schwarz, Kim Kealy, Wayne Richter, Sheri Shevy, James Brown, Molly Bederian, Steve Bederian, Kathy Horn, L. Whalen, Chrissy Bombard, Rich Crammond.

Barton High Cliffs Sun, Nov 26, 2017, Jayne Bouder

Tuesday Outing Tue, Nov 28, 2017, Maureen Coutant

- Although it was a chilly day in the upper 20s or low 30s, that didn't stop many people who apparently wanted to work off the Thanksgiving overeating! We had one of the biggest crowds for any of my trips! Good thing it was on the Bog Meadow Trail in Saratoga that can handle the parade of participants. The group spread out and we all saw each other when the front group reached the end after 2 miles and passed the others as they headed back. We stopped along the bridges to enjoy the views, but not for too long as the breeze made it feel even chillier. Good to see so many out enjoying the fresh air! Participants: Doug Auer, Jim Brown, Nancy Burke, Mo Coutant, Brian Crouth, Leo Demers, John Devine, Paul Gregg, Diane Hurtt, Charles & Sandra Iden, Sarah King, Mary Knutson, Eric Krantz, Lee & Mary Loose, Licia & Steve Mackey, Liz Mulshine, Joy & Mark Munro, Reg Prouty, Kathleen & Kip Rivers, Joanne Szot, Laurie Williams

Northway Plaza, 820 Route 9, Queensbury, NY 761-6957/3 • From NORTHWAY (I-87) Take Exit 19 and go east on AVIATION / QUAKER Road. Follow 0.5 miles to ROUTE 9/GLEN STREET. Turn North (LEFT) onto ROUTE 9, then right at the light into the NORTHWAY PLAZA. Then take a left at the four-way stop, and park in front of Panera Bread.

Travel Information/Car Pools

We encourage carpooling to trailheads for both environmental and practical reasons (limited trailhead parking) and may alter meeting locations due to destination or participants. If you are able, it's helpful to offer to drive your vehicle. If you are a passenger, consider current fuel prices, travel miles and number of passengers when contributing your fair share to the driver.

Participation Guidelines

Leaders are responsible to evaluate interested parties' fitness for that outing, review specific guidelines, and lead the trip. They are not paid guides, but volunteers. Participants are asked to cooperate and respect their authority and decisions. *Is this the right Outing for you? For those not experienced in strenuous trips, it is best to begin with something easier and work your way up. The Leader will assist in evaluating skill level and suggest alternative outings if more appropriate. For the safety and comfort of all, the Leader has the discretion to deny participation if he/she feels someone is not a good match for that trip. Based on the expectations and skills of the entire group, Leaders may have more flexibility for some trips, so definitely talk with them. DO NOT TRY STRENUOUS OUTINGS UNLESS YOU HAVE DONE THAT ACTIVITY REGULARLY (and recently and are in good shape as necessary for that outing.) *An ADK Liability Waiver must be provided by the Leader and signed by all participants before the trip begins. This is a requirement by ADK HQ. Parents must sign for minors. *No Pets allowed on outings except where designated in the description.

Dogs

Participants in Chapter outings will be allowed to bring their dogs on

outings in the following circumstances: (1) the outing has been designated by the outing leader as a "dog outing" and which has been publicized as such; or (2) the outing leader may bring his/her dog, that has not been designated as a "dog outing," if the notice of the outing discloses that the leader will be doing so. All dogs on Chapter outings will be kept on a leash at all times.

Hiking Needs/Preparation/Equipment

Bring trail food and plenty of water on ALL hikes! *Clothing made of Polyester blends, polarguard or wool are recommended as they retain warmth even when wet. - please do not wear 100% cotton clothing! It is also wise to bring raingear. Other pack essentials: compass and map, headlamp/flashlight, first aid kit, hat, gloves, and extra socks. Adirondack weather can and does change suddenly. Don't trust the forecast or the sky based on the start of the day. Be prepared!

Ratings

Special Winter Needs

In addition to the preparation/equipment mentioned above, winter requires some EXTRA planning. Look for special notes in the Outing description and discuss with the Leader. Depending on conditions, participants can expect to bring Snow Shoes and Crampons. Bring lots of Water. Dehydration comes easier in the winter and we feel its effects later ... usually AFTER the fact. Be wise with Emergency Clothing. Bring an extra wool/polypro hat, mittens and socks. Vented Shell pants, jackets and mittens are commonly used with warm layers beneath.

Rating Effort Level	Elevation Gain (feet)	Miles	Time (hours)
