Annual Dinner set for October 23

Featuring Adirondack Singer, Songwriter and Storyteller Chris Shaw

Mark your calendars! Please join your fellow ADKers on Friday, October 23, for our annual Chapter Dinner.

After years trekking to Glens Falls for dinner, our Saratoga County members will be closer to home this year. The newly redone Holiday Inn on South Broadway in Saratoga Springs has off-street parking, reasonable prices and friendly, hometown service.

We are honored to welcome the wonderful, funny, charismatic Christopher Shaw. Chris is the real deal. In a musical age where surface often replaces talent, and sincerity is an endangered species, an evening with Chris’ music and stories feeds the spirit like none other. He’s a darn fine guitar player, too.

Christopher Shaw was raised in the Adirondack Mountains of upstate New York. He was born the son, of the son, of a commercial steamboat pilot on Lake George. Chris worked the big boats and grew up listening to the songs and stories passed down in those mountains from generation to generation, never suspecting he would bring those same songs and stories to audiences all over the world.

For over ten years Chris toured for Taylor Guitars as a clinician demonstrating American Folk and country style guitar from Anchorage to Berlin. In addition to his trips for Taylor, he has appeared at such highly respected venues as the Kennedy Center for the Performing Arts, two appearances for the Smithsonian Institute, the Philadelphia Folk Festival, the Old Songs Folk Festival, and the Chautauqua Institute, as well as music halls, festivals, and coffee houses across the US and Europe. He has produced a number of TV soundtracks for Public Television. Chris wrote the soundtrack and was “the voice of Seneca Ray” on the television special “Seneca Ray Stoddard: An American Original” seen coast to coast on PBS. Most recently, a live concert special called “Chris Shaw: Live in Concert” is showing on PBS stations across the country.

Shaw has nine recordings under his belt with another to be released this spring. His 1988 debut, “Adirondack,” has been inducted into the Library of Congress Folk Archives. Performers who have contributed to Chris’ recordings include such acoustic innovators as Artie Traum, John Sebastian, Garth Hudson (The Band), Vassar Clements, Cindy Cashdollar (Asleep at the Wheel), Tony Trischka, Jay Ungar, and Steve Riley.

He is married to singer/songwriter Bridget Ball, and together they have presented the highly acclaimed Christmas show “Mountain Snow and Mistletoe” at the Troy Savings Bank Music Hall for the last 13 years. The couple has two boys, Christopher (Tink) Shaw, and Silas Shaw. Both, whenever possible, accompany their Dad on tour, and always accompany him on fly fishing treks into the Adirondack wilderness.

New members — this is a great chance to meet and socialize with your fellow ADKers who “clean up real good.” Until then, Happy Trails!
It’s a green thing

BY HEIDI teRIELE KARKOSKI

I read recently that the most over-used phrase of 2008 was “going green.” While we may be hearing it everywhere we turn, it’s good to know that it has become part of the greater social consciousness. Reusable shopping bags, carpooling, low wattage light bulbs and hybrid vehicles are things I see people using every day. I asked my 15-year-old stepson what he thinks going green means. His answer: using alternative energy sources like solar panels and wind power. I hope his generation can think back and say remember when… like we can think about those aluminum pull tabs on beverage cans.

I was introduced to recycling when I was in grade school in the 1970s. My dad worked at my school where he made a simple lever device that we used to crush aluminum cans bound for reuse. It was amazing how fast we could fill a large plastic bag. New York’s first bottle bill was passed in 1982, requiring a five cent deposit on carbonated beverage containers. Since that time, more than 90 billion bottles have been kept out of landfills. I applaud New York’s “Bigger, Better Bottle Bill” that aims to rescue an additional 2.6 billion water and drink bottles per year when it goes into effect later this year. We can help even more by filling a reusable container at home instead of buying disposable bottles, which are carbon expensive.

As lovers of nature and champions of the environment, ADK members are inherently green. The open wild spaces that we cherish and fight to preserve contain their own alternative energy — the kind that can’t be bottled or sold. You can keep up to date on conservation issues by signing up for e-mail alerts via the website www.adk.org/conservation. Spread the word about ADK by asking a friend to join or give a gift of membership.

You can do something green that benefits the Club by taking part in the gear swap sponsored by the Schenectady Chapter, July 18. All proceeds support ADK’s conservation mission. Check it out!

So how many times did I use the ‘G’ word?

Jean Holcomb Goes South

As many of you know, Steve Mackey, hike leader and long time member of GF/Saratoga ADK is forging his way speedily north on the Appalachian Trail. By this reading he should be through Virginia. I had planned to start a little later and mosey along behind him getting possibly as far as New York and in essence “walking home”. A rotator cuff injury followed by frozen shoulder in January put me on the shelf. After much weeping and gnashing of teeth I decided to shoot for a southbound start in early June. After two months of aggressive, often brutal, physical therapy the broken wing is flapping again if a little less effectively than its opposite. As this piece goes to the publisher I am scheduled to begin by climbing Katahdin on June 5. If for some reason the mountain is not open, I may skip it and start at the bottom. In any case I am finally off. I will be sending out e-mails when I can to Heidi, Pat Desbiens and Jayne Boudier (my house sitter) so news of me will be filtering in. I hope to meet Steve on the trail sometime. At this rate it will probably be in Vermont but be that as it may I’m on an adventure not a race. I don’t know my final destination. Only my body and the weather will let me know when to stop. Hope to have a program put together by next winter/spring to share my adventures!

Wish me luck and dry conditions in Maine. We can’t wait to avoid the black flies so I will just have to learn to tolerate them. My trail name is Calamity Jean!

Steve Mackey along the Appalachian Trail, May 29, 2009

Well I’m finally in civilization again. I was in Pearisburg, Virginia, on Memorial Day, but the library was obviously closed. I’m in Daleville, Virginia, which is around 714 miles from Springer. I’ve done 214 miles in ten days since Heather and Licia left. I’m going to head out tomorrow, but I’m going to do a short day and relax as much as I can. I’ve lost track of all my buddies. Damion had to get his feet checked out by a doctor because of numbness in the tops of his feet, and Wes and Dave are hiking with Wes’s father about 150 miles back. I saw the Dragon’s Tooth and Mcafee’s Knob today. I’ve gotten rained on all four of the last four days. Luckily I had just checked into the motel when another thunderstorm came. I saw a bear the other day. It was on a ridgeline and ran away over the side. It was kind of small. My body has been holding up pretty well, but hiking in soaking wet shoes wasn’t too great. Yesterday when the storm came, I put on my pack cover and rain hat and just got wet. By late afternoon I pretty much had dried out. I appreciate sunshine, food, and being dry.

2010 Chapter Winter Weekend at Heart Lake

The Chapter will hold its 2010 Winter Weekend at the Wiezel Trails Cabin at Heart Lake from Friday, February 5, to Monday, February 8, 2010.

From the cabin, we will be able to cross-country ski and snowshoe to many area High Peaks. This is a good opportunity for those of you working toward your Winter 46. Algonquin, Iroquois, Wright, Phelps, Tabletop, Marcy and many more High Peaks await your snowshoes. A ski or snowshoe trip into Avalanche Lake and Lake Colden could also beckon. Indian Pass would be a nice trip. Perhaps sunrise or sunset from Mt. Jo might be all you want to do. The Heart Lake property also has excellent ski trails. We never rule out possible shopping in Lake Placid. Breakfasts and dinners are included in the price. The Wiezel Trails Cabin, with electricity, a kitchen, bathrooms and showers, sleeps 16 persons in four four-person bunkrooms.

The rate for the weekend should be no more than $120 per person, if we fill all 16 spaces.

To reserve your spot, send your deposit of $120 per person as soon as possible to John Schneider, 6 Nonchalant Drive, Saratoga Springs, New York 12866, Call 518-584-8527 for more details. Reservations are on a first-come, first-serve basis. If we fill all 16 spots, we will maintain a short waiting list. The past three years, some persons have dropped out and wait-listed persons have enjoyed their weekend with us.

If we do not get an appropriate minimum number of attendees, we will need to cancel our reservations 60 days (November 5) before our arrival date. Do not wait until the last minute to make your reservations. Last year we had a number of persons who thought they were registering early enough, only to find out that the reservations were full, and they were wait-listed or closed out of their trip.

Enjoy your summer, but think of Chapter Winter Weekend 2010.

the longest rail-trail in the East. This slide presentation of the western Pennsylvania rail-trail covers their ride from Connellsville (south of Pittsburgh to Meyersdale, crossing rivers and valleys on trestles and going through mountains and tunnels. The trail follows the Youghiogheny River through Ohiopyle State Park and on to Confluence. Nearby are Fallingwater and Kentucky Knob, two homes designed by the noted American architect, Frank Lloyd Wright. Continuing South, the western Maryland steam railroad takes us from Frostburg to Cumberland where the C&O Canal Towpath begins.

Supreme Court Associate Justice William O. Douglas was preeminent in preserving this 184-mile recreational trail along the Potomac River. The C&O Canal Towpath crosses through the 3,100 foot Paw Paw tunnel, close to the West Virginia border. The towpath is near Antietam National Battlefield and is adjacent to Harper’s Ferry, Virginia. This is a must-do trip for anyone interested in Civil War History, architecture, natural beauty, and, of course, biking!

Nancy and Marilyn are avid rails-to-trails bike ride enthusiasts and enjoy volksmarching, non-competitive leisurely walking through a scenic or historic area along a marked trail.

Do you have gear you’re not using? Just swap it!

Do you have outdoor equipment that is still in good shape, but which you are no longer using? Do you need outdoor gear, but don’t want to pay the price of new equipment? If so, you can reduce your clutter and turn your unused gear into funds for ADK or get a deal purchasing used goods at the “Gear Swap,” sponsored by the Schenectady Chapter.

The proceeds from the Gear Swap will go to support ADK’s conservation work. Any unsold gear will be donated to local youth groups with outdoor programs.

Volunteers are needed, so if you can spare a couple of hours for this worthy event, please let us know.

The Gear Swap will take place on Saturday, July 18, from 10:00 am to 1:00 pm, at ADK Headquarters, 814 Goggins Rd., Lake George, NY (just off Northway Exit 21). If you wish to donate used, but still useful, outdoor equipment to the Gear Swap, or for further information, please contact Norm Kuchar at nkuchar@nycap.rr.com or by phone at 399-6243 by July 11.

Springtime has found the Education Department busy with community affairs. On Saturday, May 16, Pat Desbiens, Tricia Lockwood, Mo Coutant and I represented ADK at Crandall Park’s Discovery 2009 Day.

Pat and Tricia took turns manning an information table in the exhibit area, while Mo and I spent the day leading six to eight year olds (with Moms, Dads, Grandparents, Aunts and friends) on nature scavenger hunts in the Cole’s Woods area. Participants were faced with a double task. Task one awakened them to the sensory appeals of nature where they sought out animal homes and aspects of nature that are soft, hard, rough, beautiful and the like. Participants also received a handout that contained sixteen color photos of various plants … leaves, fern, berries, flowers … to discover along the way, checking them off as they were found. Added “treats” found their way into each walk, whether it be a baby snake crossing the path, blue butterflies by the bridge or a duck landing and swimming about in the stream … or to the delight of a chirping bird and all!). After being asked to help her out, students were quick to point out her bad habits, such as not signing the trail register, picking flowers, littering, throwing slimy salamanders and the like.

Volunteers then helped pack a backpack with essential items and, and once properly dressed, another volunteer showed us all how to hike the mountain the “correct way.” A good time was had as usual. We want to especially thank the third graders for their enthusiasm and to applaud them for their knowledge of and apparent sensitivity toward nature and the “Leave No Trace” philosophy.

Don’t forget June 11th (adults) and June 13th (children age 6 and up) … Mo Coutant will be offering Hike & Learn Sessions on Geocaching! For further information call Maureen Coutant at 745-7834. As always, if you have ideas for our committee and/or would like to join in, you can contact me, Linda Ranado, at lrano@hotmail.com or call 696-7265.
Chapter members will be asked to vote at our annual meeting/dinner, Friday, October 23, 2009 at the Saratoga Springs Holiday Inn, on the Chapter Officers for 2010. The nominating committee has presented the slate of officers for 2010:

I am a life-long resident of Ticonderoga, where I reside with my husband Matt. I joined ADK to learn more about the Adirondacks and to participate in the outings offered by the club. I was introduced to winter hiking by trip leaders from our chapter and have enjoyed the adventures of becoming a 46er and a winter 46er. My other interests include running, aerobic dance, gardening, and spending time with my family. As Curator of Landscape at Fort Ticonderoga, I manage the King’s Garden, a public garden offering tours and family programs for visitors. I appreciate all facets of ADK’s work: sharing information and experiences, and protecting valuable recreational resources.

**Maureen Coutant**
I have been a member of ADK for more than 15 years. During that time I have been very involved with the Chapter. In the 1990s, I served as the Chairperson and Chair of the Nominating Committee. I’ve served on the Board of Directors. My husband and I have led many hikes in the past and more recently I’ve been leading walks while our daughter is in school. We also try to lead as many paddling trips as we can from spring through the fall. On the Club level, I have been on the committee for ADK’s annual fundraiser and am the Chairperson for ADK’s Lake George Property “headquarters” at Exit 21. I’ve stayed involved with ADK to support all the great things that the organization does locally and statewide. We educate the public and young people about preserving the outdoors and respecting nature, we maintain trails and provide hiking opportunities and we advocate for the Adirondacks and locally.

**Tricia Lockwood**
I have enjoyed the first few months of 2009 serving on the executive committee as the 2nd Vice Chair. I have been a member of ADK for 3 years and am currently working on completing the high peaks and the fire tower challenge. In addition to hiking I also enjoy snowshoeing and biking among other activities. I live in Kingsbury and enjoy tending to my vegetable and flower gardens when I have the chance. I look forward to being able to continue on the committee for another year.

**John Caffry**
I have been an ADK member since 1985. Since that time, I have served ADK in many capacities, such as: Member of Chapter Executive Committee since 1987; former Chapter Publicity Committee Chair and Second Vice Chair; Chapter Secretary since 2006; former member of ADK Board of Governors and Executive Committee; former chair of ADK Headquarters Committee; current member (since 1988), and former chair, of ADK Conservation Committee. I have participated in the Adopt a Lean-to program since 2003.

I am a native of Glens Falls, currently living there with my wife, Ellen, and our two daughters. I am a member of the Caffry & Flower law firm in Glens Falls. Occasionally, I can find time for hiking, paddling and all varieties of skiing.

**John Schneider**
For more than twenty years I served the chapter in many, if not all, capacities, including: hike leader, executive committee member (seems like forever), newsletter editor, chapter representative on the ADK Board of Directors (currently representing our chapter). At the club level, I have been active on the Trails Committee and organizer of ADK’s Adopt a Lean-to program in partnership with New York State Department of Environmental Conservation. I also organize our chapter annual “winter camp” at Heart Lake.

Pat Desbiens 899-9688 or pdesbien@nycap.rr.com
This is a mountain on the East side of Lake George with wonderful views of the lake. It is about 1.5 miles to the summit from Daisy Clearing with many switchbacks making this a moderate walk. We will plan to make it a loop trip of about 5 miles in length by returning via Bumps Pond. The pace will be slow with time spent on the summit to enjoy the views. Rain will cancel.

LOON LAKE MOUNTAIN FIRE TOWER HIKE

Why wait for the state to cut a public trail to the top, when we can bushwack there. And beat the crowds. Nine miles (three trailless) includes a side trip to Skiff Pond. Great views of the northern Adirondacks — the High Peaks, Lyon, Debar, and Azure Mountains Northeast of Paul Smiths.

A great slide climb up Macomb with a short walk over to South Dix, and then over to East Dix. We will retrace our steps back to South Dix and then over to our final mountain of the day, Hough by the way of Pough. We will be on herd paths all day — a long but rewarding day.

CASCADE AND PORTER FROM MARCY AIRFIELD HIKE
Saturday, September 26
Time: 8:00 a.m.
Rating: A
Bill Morse 518-585-9153 or fishermanpike@yahoo.com
I have done this route once before. It is a longer route to Porter than Cascade, 11 miles roundtrip, and more of an elevation gain, almost 3,300 feet, to the top of Porter: This is a trail that does not seem to get a lot of use. Bring your lunch. We will meet at 8 a.m. at Exit 29. Carpooling arrangements for those from the south will be made at sign-up.

Fish Hawk Cliffs, Indian Head, Rainbow Falls, and Beaver Meadow Falls. Wow, this is going to be an awesome hike! Each an incredible destination by itself, but together should make for quite a memorable day. Approximately 10 miles round trip at a comfortable pace, with just enough elevation gain to get your blood pumping. Rain will cancel.

Outings
Moreau Lake State Park, Saturday, April 4, Reg Prouty, 3 participants
• Three friendly ADK members followed the described planned route on a beautiful early Spring Day, reaching the Spier Falls overlook just in time for a leisurely lunch behind a large boulder field so we could be out of a biting wind. We took the easy and shorter way back, descending on the Orange trail, exiting at the old hotel foundation where we started. It was a great way to get a Spring warm up. Participants: Reg Prouty, Carolyn Cyr, Christine Bourgeois.

GF Area Walk/Hike, Tuesday, April 7, Maureen Coutant, 9 participants
• Due to forecasted snow flurries on Tuesday our trip was moved to Thursday and were we ever glad! It was a beautiful day and much warmer than earlier in the week. We hiked this week to the Pilot Knob Lookout and then up to the waterfall. The last time we were there was in the fall, there was hardly a trickle of water... it pays to come in the spring! It was a beautiful sight. Everyone enjoyed the hike, sights and beautiful day. No spring flowers on this day, but I’ve heard they are coming out as of mid-April. The ticks were out even then though ... so be sure to check yourself! See gallery for photos from the hike. Participants: Ray Bouchard, Maureen Coutant, Ely Fuller, Liz Gee, Licia Mackey, Bob Powell, Gary Rodd, Sandi Sullivan, Rudy Tomasik

Saratoga National Historical Park, Saturday, April 11, Rich Crummond, 4 participants
• This was a great day in the park, with cool air but nice for hiking. The pines had a nice smell. We saw garter snakes, skunk cabbage, blue birds and lots of deer. Hiking with three teachers was also a learning experience. I was impressed by their interest in the landscape. Every ADK outing is a learning time and a way to be closer to nature. Thanks to three rugged ladies for hiking along on this spring day. Participants: Carolyn Cyr, Madeline Kowalik, Chris Bourgeois, Rich Crummond

Snowy Mountain, Sunday, April 12, Bill Carpenter, 6 participants
Snowy Mountain lived up to its name with lots of snow up top. Thankfully, it was a great sunny day for sliding around in the snow! Good times for all. Participants: William Milar, Laura Milar, Ben Milar, Billy Milar, Alison Darby, Bill Carpenter

Glens Falls Area Hike, Tuesday, April 21, Maureen Coutant, 5 participants
• We waited for the best day of the week and wound up doing this hike on Friday. We hiked to the cabin on Thomas and then to Cat. We had thoughts of hiking the ridge trail between Thomas and Cat, but with a time factor and not being sure where the trail started from the Thomas side, we decided to save that for another day. This left us more time to enjoy the views and even catch some rays on Cat! See photo gallery for pictures. Participants:

Stephens Pond/Rock Lake, Saturday, April 25, Rich Crummond, 4 participants
• What a nice day to be on an ADK outing. We saw a BIG loon with an EVEN BIGGER fish — had to be two feet long. Lunchtime for the loon so we had our lunch as we watched. Stevens Pond was worth hiking — it is a cool-looking place. Rock Lake was nice but had a short muddy trail. The Adirondacks is always a super place to be any time of the year. Thanks to three rugged ADKers for being there on this outing. Participants: Reg Prouty, Mary Ann Moran, Rich Myette, Rich Crummond

Glens Falls area walk, Tuesday, April 28, Maureen Coutant, 6 participants
• This was a new area for the group and very handy for those who live in the Queensbury area. We parked down the road and walked to the Preserve due to the small parking area and to get a little more exercise. The total mileage was only about 3 miles, but the Preserve hike had enough ascent to get our hearts pumping. The bugs weren’t bad yet and we could see a little bit of snow on the top of West Mountain. We also found a couple of geocaches. Participants: Ray Bouchard, Maureen Coutant, Bob Powell, George Sammons, Victoria Warren, Nancy Weber

Bullhead Mountain/ Hour Pond Hike, Saturday, May 2, Rich Crummond and Jayne Bouder, 5 participants
• This was by far a most rugged outing this year but a rewarding one also. We found the crash site and the summit of Bullhead Mountain. There were signs of moose on the way down. This was a real good, mixed-up under-growth-crash-and-bash bushwack to the top ... well, maybe not so good. Hour Pond will have to wait, not enough time on this hike. Everyone did well and we all arrived safely back at the trailhead. What a rugged group! Thanks to all for coming along. Participants: Annie Clary, Bob Reepmeyer, Mark Janey, Jayne Bouder, Rich Crummond

Deer Leap, Saturday, May 2, Lorraine MacKenzie, 8 participants
• FIRE! Yes, FIRE! The flames had subsided but there were embers crackling in the wind, smoke rising from the charred ground and the smell of smoke surrounding us. Three shovel-toting forest rangers told us everything was under control and it was safe to continue. It started with a lightning strike three weeks prior, it had been contained for a few days and they were just making the rounds. Right next to the scene there was a pond and ground that was wet from the rain the night before. This reinforced the safety of the location. We continued on to Deer Leap, marveled in the beauty of Lake George and the surrounding landscape, with the strong sense of reality of how all can be lost in just a flash! Participants: Sandra Sangallo, Sally Olsen, Ralph English, Sharon Zaccari, Holly Groos, Tom Groos, Mary Ann Moran, Lorraine MacKenzie

Spring Bird Walk, Peebles Island State Park, Saturday, May 2, Rich Speidel, 7 participants
• One of the neat things about birds in the springtime is that our year-round residents (e.g., mallards, chickadees, blue jays) mix and mingle with migratory species (e.g., sandpipers, swallows, orioles) arriving from points hundreds or thousands of miles to the south. We met these birds and many more while circling Peebles Island, where the Hudson River and two branches of the Mohawk help to bring them in. Despite mostly cloudy skies and a chilly breeze at times, we identified 48 species of birds ... a fine variety of feathered friends! Participants: Audrey Benson, Gail Epstein, Liz Gee, Alan Gee, Sharon Monast, Jim Ries, Rich Speidel

Waterfall Hike, Beaver Meadow Falls/Rainbow Falls Sunday, May 3, Pat Desbiens and *Sandy Yellen, 19 participants
• We had a good turnout for this one, seasoned as well as new hikers. We started out on the Ausable Club Road (a good move because of muddy conditions) to Beaver Meadow Falls. Because of the snowmelt, it was spectacular! Then onto Rainbow Falls via the trail. The sun peaked out momentarily for another great view. Those who chose to return with Pat after the first waterfall were rewarded with the sighting of two deer. All in all, a great hike. Participants: Joe Paszko, Kristen Ross, Joanne Fritz, Melissa Ross, Ana Ross, Fran Balch, Licia MacKey, Laura Fiske, Terry Peek, Sandra Sangaayo, Steve Buttner, Steve and Susan O’Neil, John Synakowski, Jim Brown, Lynn Mayack, Pat Desbiens, Jack Whitney, Sandy Yellen.

Black Mountain, Sunday, May 3, Bill Carpenter and Alison Darbee, 8 participants
• As usual Black Mountain provided a nice hike with a good-humored group. We had lots of pondering about what lake is that? What pond is that? How far is that lean-to? The maps were out a bit to answer these queries all in good fun. Saw plenty of wild flowers too on this hike. Participants: Carolyn Cyr, Kathy McAuley, Ray Boucher, Susan Keely, Gary Rodd, Ned Martone, Bill Carpenter, Alison Darbee

Saratoga Wildflower Hunt, Tuesday, May 5, Maureen Coutant, 6 participants
• We drove through a few sprinkles, but didn’t get wet while hunting the North Woods at Skidmore and then the Orra Phelps Preserve for wild flowers. We saw all kinds of cool flowers and were able to identify most of them thanks to our guide books and collective knowledge! Highlights: White trillium, 2-leaved miterwort, foam flowers, jack-in-the-pulpit, a grove of skunk cabbage and little red efts everywhere! Participants: Fran Balch, Maureen Coutant, Ely Fuller, Albina Ientile, Licia Mackey, Bill Scharz
Hoffman Notch, Saturday, May 9, Bill Morse, 7 participants
• A beautiful day for a hike. A few flies at the trailhead, but very few in the woods. A great point to point hike with lots of wildflowers to see. It was nice to have a couple of people who knew the flowers. (I will now always be able to identify a trout lily.) For the fishermen among us, we saw two nice-looking streams and one nice-looking pond. (Only a 3.8-mile canoe carry for that pond.) We added a couple of stream crossings where removing boots was best. We got out of the woods just ahead of some thunderstorms and hail. A good trip. Participants: Terry Rodrigues, Phyllis Fox, Dan Forbush, Peg Mangano, Kathy Quoi, Yvonne DeMarino, Bill Morse

Spring Bird Walk, Wilton Wildlife Preserve & Park, Saturday, May 9, Rich Speidel, 20 participants
• Our large but quiet group enjoyed a productive walk. We started at a pond and observed green herons and several other birds. Later we heard the tantalizing song of the black-throated blue warbler. This attractive species arrives each spring from the West Indies. Like other warblers, they are small, active, and often difficult to observe (a “needle in a haystack” of woodland vegetation). We spent nearly an hour trying to locate this elusive songster, but it remained hidden or out of range. Our patience was rewarded when a black-throated blue appeared on a high branch in an open tree. We were grateful for this sighting, which was one of 37 species identified during the morning. Participants: Nancy and Dennis Belt, Pat Brennan, Lindsey Duval, Gail Epstein, Nancy Fairbanks, John Foster, Cathy and Keith Hall, Marcia Martin, Peg McCanty, Nancy McPhaul, Jenny Mirling, Linda and Bill Schmidt, Donna and Charles Seymour, Joan and Bob Stevens, Rich Speidel

Wildflower Hike/Fire Tower, Hadley Mountain, Sunday, May 10, Jack Whitney, 10 participants
• We joined Ruth Schottman and group from the Schenectady chapter of the ADK. The group split into two groups with Nancy Slack taking the first and Ruth taking the last up the mountain. Many wild flowers and some trees were identified. Arriving at the top we had great views but it was a bit windy. Dropping down to the cabin site we enjoyed lunch and the great conversation. Many thanks to Ruth Scottman, Nancy Slack and the Schenectady group for this learning experience. Participants: Anne Granger, Michael George, Pat Desbiens, Lisa Mackey, Susan Keely, Nancy Weber, Joseph Synkierski, Sandy Yellen, Neil Van Dorsten, Jack Whitney

Wildflower Hike, Monday, May 11, Maureen Coutant, 14 participants
• We did find a mountain full of wildflowers on Hadley. I especially loved the painted trillium and the trout lilies in bloom ... and the jack in the pulpit. The black flies loved us! We’ve seen worse, but they were annoying! This was Vicky’s last trip with us before heading back over the pond and it was a trip of firsts for her — a firetower hike, picking up a travel bug from the geocache (safely relocated now to England, and eating a piece of a bear claw from Panera Bread. We look forward to seeing her again soon when she comes back to “vacation!” See the photo gallery. Participants: Ray Bouchard, Ray and Sandy Clausur, Maureen Coutant, Ely Fuller, Peter Hansel, Lisa Mackey, Mickey Magee Onofrietto, Bob Powell, Gary Rodd, George Sammons, Gretchen Stark, Sandi Sullivan, Vicky Warren

Thursday Evening Paddle, Wednesday, May 13, Maureen Coutant, 10 participants
• A booked schedule and a rainy Thursday forced me to move this wonderful trip back to Wednesday. I hope to do it again for all who couldn’t make it due to the schedule change! We had a great paddle up the inlet and almost made it to 2nd Lake ... I think it was widening out ... we were almost there. It was a good try and great company as always. Check the GPS map and photos under the Trips tab. Participants: Carolyn and Ray Bouchard, Maureen Coutant, Bob Powell, Gary Rodd, George Sammons, John Schneider, John Synakowski, Bill Thomas, Rudy Tomaski

Spring Bird Walk, Pack Forest, Warrensburg, Saturday, May 16, Rich Speidel, 7 participants
• We had partial sunshine for the first hour, and then turned cloudy and breezy the rest of the morning. There was also light rain for a short time. Despite difficult viewing conditions and the elusive nature of the birds we were seeking, our combined “eagle eyes” led to brief sightings of black-throated green, magnolia, parula and yellow-rumped warblers. Other migratory and resident birds were heard or seen throughout the morning. When the final list was tallied, we were pleasantly surprised: 42 species! This was an excellent assortment of birds, especially given the unsettled weather conditions. Participants: Fran Balch, Mary Cambria, Gail Epstein, Bruce Goodale, Mary Ann Moran, Jack Reber, Rich Speidel

Ampersand Mountain, Sunday, May 17, Bill Carpenter, 7 participants
• Ampersand was a good climb with time taken to stop and check out the wild flowers along the way. We had clear views and found a sheltered spot to enjoy the top for a bit out of the wind! Participants: Sandy Yellen, Jackie Kenen, Dan Monroe, Ray Boucher, Jack Whitney, Bill Carpenter, Alison Darbee

GF Wildflower Walk, Wednesday, May 20, Maureen Coutant, 5 participants
• We walked along the 5K ski trail and added a little extra. The bugs weren’t bad and the lupine and columbine was in bloom. We think we even saw a Karner Blue butterfly. Participants: Maureen Coutant, Albina Lentile, George Sammons, Bill Schwarz, Nancy Weber

Thursday Evening Paddle, Thursday, May 21, Maureen Coutant, 12 participants
• We meandered about in the wetland area and got right up next to the Great Escape. No we didn’t pass any swan boats although I was on the lookout. We saw the Glen Lake osprey hunting for dinner though. Our dinner plan for the Docksider was spoiled by the long line on this beautiful Thursday evening — everyone wanted to be on the water I guess! Participants: Jim and Maureen Coutant, Paul Dietershagen, Cheri Green, Andrew and Anne Paolano, Bob and Sandy Powell, George Sammons, Bonnie Whitman, Alison Seville, Bill Thomas
Seward Range Hike, Saturday, May 23, Jack Whitney and Bill Carpenter, 17 participants

With an early meeting time at Panera Bread we decided to go up to Exit 30 and skirt Lake Placid for Coreys Trailhead. We were lucky, for if we had gone through Indian Lake to Tupper Lake we would have never made it to the trailhead. Due to a fire, the traffic on the road had been blocked and several of the hikers never arrived at the trailhead. We started from the trail head at 7:30 and arrived at the junction to Calkins Brook trail in about 45 minutes. Up to Donaldson and taking a short break, hiked over to Emmons and then back to Donaldson. We arrived at Seward at around 2:15. Congratulations to Dan Monroe on his 46th High Peak. Finally back over to Calkins Brook trail head and down to our cars at the trail head. Since our hike up the trail this morning, someone had lengthened the trail on our return journey.

Participants: Joseph Murphy, Chris Brown, Ray O’Conor, Manny Cirenza, Dan Moellman, Dan Monroe, Thersa Blanchard, Madeline Kowalik Bowa, Charlie Czek, Trica Lockwood, Frank Coppa, Matt Melsert, Bill Carpenter, Lucas LaBarre, Walter Bassarb, Eberhard Burkowski, Jack Whitney

Wildflower Hike, Tuesday, May 26, Maureen Coutant, 6 participants

We saw a few wildflowers, but we didn’t see any rattlesnakes! Some were disappointed about that, but Sarah wasn’t in that group! It was a great day to be out. Blue skies, cool temp, and enough of a breeze to keep the bugs away. We hiked out to the end of the Deer Leap trail on Tongue for lunch, found a geocache, and hiked back. We made a quick stop into the CCC pine forest at the Clay Meadow trailhead and made it back to Queensbury by mid-afternoon. Participants: Kayla Chevaller, Maureen Coutant, Mike George, Peter Hansel, Sarah King, George Sammons

Crane Mountain Loop, Sunday, May 31, Sandy Yellen, 12 participants

It started out as a nice day but was cold and windy with sprinkles at the top. But when we got to the pond we had a nice relaxing time, snacking in the sun on a large rock. Rock scrambling, ladders, wildflowers, good views on the way and good people. What a great day! Participants: Terry Peak, Susan Howard, John Synakowski, Bud Bergman, Wayne MacFarran, John Devine, Nancy Weber, Martha Waldman, Jack Whitney, Susan Keely, Marie Lopez, Sandy Yellen.

GF Area Walk, Tuesday, June 2, Maureen Coutant, 7 participants

We hiked 6.8 miles from the beginning of the Feeder Canal over the bridge to SGF and along the Hudson River on the walkway. After visiting our favorite rainbow trout, we headed back. Also spotted: Great Blue Herons, two sets of Canada Geese with three goslings each, and some ducks. Great hike and company as always.

Participants: Maureen Coutant, Margaret Curtis, Emilie Gould, Peter Hansel, Albina Ientile, George Sammons, Kathy Taylor

OUTING INSTRUCTIONS

SIGN UP
Contact the Outing Leader at least two days (preferably a week), before the activity so he/she can explain the capabilities required and to determine the number attending. Failure to call may result in not knowing about cancellations, rescheduled departures, etc. Guests are always welcome, but must also register! PLEASE be considerate when signing up for a trip. Advise the leader if you cannot make a trip so as not to impact others’ plans. Trips WILL BE CANCELLED if minimums are not met, thereby affecting all parties. For safety, the MINIMUM number for Outings is 3 people, including the leader (4 in winter). Panera Bread unless otherwise noted in the trip description. Be there and ready to depart at the posted time (directions below).

MEETING PLACE INFORMATION

TRAVEL INFORMATION/CAR POOLS

We encourage carpooling to trailheads for both environmental and practical reasons (limited trailhead parking) and may alter meeting locations due to destination or participants. If you are able, it is helpful to the ‘regulars’ to offer to drive your vehicle. If you are a passenger, consider current fuel prices, travel miles and number of passengers when contributing your fair share to the driver.

PARTICIPATION GUIDELINES

Leaders are responsible to evaluate interested parties’ fitness for that outing, review specific guidelines, and lead the trip. They are not paid guides, but volunteers. Participants are asked to cooperate and respect their authority and decisions.

* Is this the right Outing for you? For those not experienced in strenuous trips, it is best to begin with something easier and work your way up. The Leader will assist in evaluating skill level and suggest alternative outings if more appropriate. For the safety and comfort of all, the Leader has the discretion to deny participation if he/she feels someone is not a good match for that trip. Based on the expectations and skills of the entire group, Leaders may have more flexibility in addition to the preparation/equipment mentioned above, winter requires extra planning. Look for special notes in the outing description and ask the outing Leader for details. Offer to Co-Lead to get the experience!

• From Northway (I-87)
  Henry Street., Saratoga Springs, NY 584-7860
• EXit 21 of the Northway. turn WEST onto Route 9N and go to the light into the Northway Plaza. Turn North (LEFT) onto Route 9, then right at the light into the NORTHWAY PLAZA. Then take a left at the four-way stop, and park in front of Panera Bread.

HIKING NEEDS/PREPARATION/EQUIPMENT

Bring Trail Food and plenty of Water on ALL hikes! *Clothing made of Polyester blends, polarguard or wool are recommended as they retain warmth even when wet.— NOT 100% Cotton clothing! It is also wise to bring raingear. Other pack essentials: compass and map, headlamp/flashlight, first aid kit, hat, gloves, and extra socks. Adirondack weather can and does change suddenly. Don’t trust the forecast or the sky based on the start of the day. Be prepared!

SPECIAL WINTER NEEDS

In addition to the preparation/equipment mentioned above, winter requires some EXTRA planning. Look for special notes in the Outing description and discuss with the Leader. Depending on conditions, participants will can expect to bring Snow Shoes and Crampons. Bring lots of Water. Dehydration comes easier in the winter and we feel its effects later ... usually AFTER the fact. Be wise with Emergency Clothing. Bring an extra wool/polypro hat, mittens and socks. Vented “Shell” pants, jackets and mittens are commonly used with warm layers beneath.

BECOME AN OUTINGS LEADER

Ask any Chapter Leader for details. Offer to CO-Lead to get the ‘experience’! We’re always looking for new leaders to help share the fun while “filling in the calendar.” New faces offer more varied outings while sharing their personal favorite destinations. Contact Outings Chair for more information. (Contact info: Pg. 2 of newsletter)
