Make a bucket list

BY HEIDI teRIELE KARKOSKI

Spring has arrived and the snow on the mountaintops is slipping away. I have put away my snowshoes and am ready for the adventures that warmer weather will bring. I decided in January to make a bucket list of places I wanted to visit this year. Snowy Mountain was one of these places. My winter hike to Snowy was just as beautiful as advertised. My list contains waterfalls, remote ponds, a trailless peak and a backpacking trip. When I can check it off, it will be my first ever backpacking trip. I want to visit this year. Snowy Mountain was one of these places. My winter hike to Snowy was just as beautiful as advertised. My list contains waterfalls, remote ponds, a trailless peak and a backpacking trip. When I can check it off, it will be my first ever backpacking trip.

It’s no secret that the wilderness of the Northeast contains enough adventures to last a lifetime. ADK helps people connect with these opportunities. If you are looking for something different, just check out the list of outings on the following pages. Spring and early summer are the perfect times to explore beyond the High Peaks. Combine hiking with helping by signing up for the trail maintenance workday in late April. Your chapter is also looking for members to do trail work on a section of the Northville-Placid trail near Long Lake. This is a program that needs your assistance in order to continue. Contact Tom Ellis for more information. Additional trail work is planned at Moreau State Park on April 17 conducted by NYS Office of Parks and on National Trails Day regionally June 5.

Don’t forget to make reservations for ADK’s annual fundraiser, the Black Fly Affair, Friday, May 22, at the Fort William Henry Hotel. Get together with new and old friends for a night to remember. And yes, people really do wear their hiking boots (and crusher hats, and fly-fishing vests ...), so join in the fun! Also in Lake George, there’s the annual ADK annual fundraiser, the Black Fly Affair, Friday, May 22, at the Fort William Henry Hotel. Get together with new and old friends for a night to remember. After the publication of our last newsletter we received the following e-mail from a member, Tom, expressing confusion regarding our statement of the time of mud season and encouraging hikers to avoid certain fragile areas even though hikes are being scheduled during those times.

**Tom’s inquiry:** Hi Jack, Just received our latest newsletter and perhaps you can help me understand. After the article about avoiding the High Peaks during the spring mud season we announce a hike up Phelps Mountain during this time. Is staying off the trails really such an important thing or is the voluntary closure just a nice idea for others? Thanks, Tom

**My response:** Hi Tom. Thank you for your e-mail regarding hiking in the High Peaks during mud season. The Glens Falls/Saratoga Chapter tries not to schedule hikes in the more sensitive areas of the High Peaks from mid-April through Memorial Day. There are differing opinions as to adhering to various time frames. As a Chapter, we try to be sensitive to the yearly variations in the conditions, for example, if we have had a heavy snow winter with a longer period of snow melt, we will try to re-schedule a hike to the High Peaks to a different area where our impact will be lesser. I have a hike scheduled to Phelps on 5/30; however, if the conditions warrant, it will be changed to a different peak or postponed to a later date.

We also try to be sensitive to the economic impact on use or non-use of the High Peaks area. There are residents within the Blue Line who are dependent on tourism and use of the area for their livelihood. Admittedly, there is a delicate balance that comes into play here.

Regarding the article on mud season in the Chepontuc, please note that it discussed “voluntary trail closures” and that the time frame “typically runs from May through early to mid-June.” There are no hard and fast rules. That said, our chapter is working with the DEC and ADK headquarters to design one standard rule regarding a time frame for mud season; however, this is proving rather difficult given the variable conditions.

Thanks again for your e-mail — we always appreciate input from our membership.

Welcome! New Outings Leaders

JODY ROTHMEYER
I work for the Golub Corp. in Rotterdam and with my wife, Barbette, we have three beautiful daughters and a granddaughter. I have been with the ADK for one year but have joined the Trails Committee as well as gone on the JBL work weekend last year on the Big Slide trail. I have adopted part of the Northville/Lake Placid trail as well as look forward to adopting a lean-to.

I grew up in a small town in Wisconsin where I was involved with the Explorer Scouts (post 444, search and rescue). I learned my early skills of first aid, CPR and wilderness survival, which I took with me when I joined the Wis. National Guard in December of 1982, where I became a Combat Medic. While I was with the Guard (two years), I learned several skills including, but not limited to: map reading, compass courses, medical first aid/CPR, leadership courses, and cold weather survival. In 1985, I joined the U.S. Army as a Food Inspector and while serving in the Army, I was exposed to more wilderness survival courses, among other courses as well.

My duty sites were (in order):

- Fitzsimmons Army Medical Center in Aurora, CO., Ft. Sam Houston in San Antonio, TX., Sasebo Naval Base in Sasebo, Japan, and finally Fort Leavenworth, KS. While in Colorado, I was able to do some hiking in the Rocky Mountains. That was my first exposure to mountains. When I went to Japan, I had become an Asst. Boyscout Leader with the troop in Sasebo, and as a troop, we hiked up Mt. Fuji.
- When I left the Army in 1993, I moved to Billings, Montana, where again I was reunited with the Rocky Mountains. In 1995, I moved down state for a year before moving back to Montana in 1996. In 1998, I moved back to New York (Amsterdam) where I met my wife, Barbette, and moved to Gloversville. Last year, besides climbing Big Slide mountain (and Yard mountain) on the JBL work weekend, I also climbed Mount Marcy on Sept. 9. This year I have signed up for the Trail Steward training as well as for the JBL work weekend.
- For the past few years, I have been exploring more of the southern Adirondacks and have found a lot of new and exciting places within. I would like to share with others the locations and experiences that I have found.

ELLEN DUBOIS
My husband and I have lived in Glens Falls for 28 years. We moved to the area because of the mountains and our love of hiking. We fell in love with the Keene/Keene Valley area and hope to semi-retire to our home in Keene fairly soon.

Climbing the 46 High Peaks two times has allowed me to become well acquainted with the High Peaks Region. One of my favorite hikes is the Great Range Traverse. In addition to hiking on trailed and well-traveled herd paths, my husband and I spend many weekends bushwhacking looking for cliffs and finding not only cliffs, but spectacular areas.

I also love to trail run, bike, ski, rock and ice climb and hope to hike-canoe when I’m semi-retired. During the ski season, I’m a volunteer ski patroller at Gore Mountain and I’m currently an active NYS EMT. I work near the Vermont border as a Physical Therapist Assistant.

I’m looking forward to sharing my hiking experiences with others who enjoy hiking in the Adirondacks.

Spring is here and with it the final confirmation of our camp sponsorships as we’ve had a few changes since the last newsletter. We are pleased to announce that Blah Hsae of Albany will be heading to Camp Colby at the end of June. All of our other DEC sponsorships will be participating in the diverse environmental activities offered at Pack Forest. These include Sierra Monroe of Gansevoort, Blake Vaisey of Warrensburg, Macy Frederickson of Ballston Spa and Hsemo Eh of Albany. At present, we will be sending Shepard Urbahn of Saratoga Springs to participate in the Teen Trails program. Another candidate from Schuylerville is pending as I write this.

Nancy Buckley and I had a fun morning at the beginning of March visiting with Mrs. Zostautas’ sixth grade Reading class at Lynch Literacy Academy in Amsterdam. Students took notes as we shared our passion for hiking through a PowerPoint presentation of “Creatures and Features” and personal stories and they came up with some very insightful questions and observations. I want to personally thank them for being so attentive … and for spoiling me with such a lovely bouquet of flowers!

Next stop will be the Queensbury third graders on their Adirondack Day come May 27. We’re always amazed at their knowledge and alacrity.

Unfortunately, Discovery Day at Crandall Park has been cancelled. Hopefully, it will be back on again next year. And we can go on another scavenger hunt through Cole’s Woods.

That’s it for now. As always, I’ll end with an invitation to anyone who would like to join our committee and/or offer suggestions for new directions we might pursue to keep our youth attuned to nature. You can always contact me at lranado@hotmail.com or at 696-7265.

### Conservation News

**Spruce Mountain Fire Tower Update** — The Spruce Mountain Fire Tower, located on top of a 203-foot mountain in Corinth, is on the chapter’s Fire Tower Challenge and a popular local hiking destination. Recent developments will help to ensure that hikers will have legal access to the 73-foot tower, and allow the Friends of Spruce Mountain to begin efforts at restoration. In late February, Saratoga County settled a sewage permit violation fine by transferring ownership of 2.5 acres of land on the top of Spruce Mountain, including the fire tower, to New York State. On March 5, the Adirondack Park Agency approved the Spruce Mountain subdivision application, and efforts are underway to work out a recreational easement agreement with Lyme Timber, owner of some sections of the planned route up the mountain. The Friends group and Saratoga PLAN have faced many challenges in their attempts to establish legal public access and to restore the tower, but the land deal and other progress that has been made means that trail work and tower restoration could begin this summer. If you are interested in helping with this work, please contact Andy Fyfe, Stewardship and Education Coordinator at Saratoga PLAN (andy@saratogaplan.org).

**Moreau Lake State Park Trail Work** — Many of our chapter members helped establish the trail network on the Palmertown Range, and enjoy the local hiking opportunities and great views of Moreau Lake and the Hudson River. In an effort to improve and maintain the trails, a work project has been planned for National Trails Day on June 5, from 8:30 a.m. to 1:00 p.m. If you are interested in helping, please contact Ben Snyder at 793-0511 (Ben.Snyder@oprhp.state.ny.us).

**Make a Difference on Issues Important to You** — Many of us feel strongly on issues such as recently proposed state park closures, but don’t know what action to take to try to prevent these proposals from becoming reality. ADK’s Action Alerts let you know how you can make a difference on issues important to ADK and its members. The alerts supply you with facts, background and contact information. It is often as easy as sending a short e-mail or making a phone call. To sign up to receive ADK’s free Action Alerts, e-mail adkadvocacy@nycap.rr.com, or check the Main Club Links on our chapter’s website.
PLEASE NOTE: Designated hikes (family, new member, etc.) are geared for a special purpose, but are not exclusive. If you would like to attend any outing, please call the trip leader. Also, please be sure to refer to the outing instructions at the back of the newsletter to be prepared for the outing.

HUDSON RIVER GORGE WHITWATER RAFTING TRIP
Sunday, May 23
Time: 8:30 a.m.
Rating: B
Leader: John Schroeder — 518-798-4734
Coleader: Wild Waters Outdoor Center — 800-867-2335
The Hudson River Gorge offers 16 miles of spectacular whitewater and beautiful scenery. This full day, class III-IV whitewater trip, should provide our group with plenty of adventure. Wild Waters has offered our group a very enticing rate of $60 per person. This price includes all safety equipment, wetsuits, booties, lunch on the river, transportation, and a New York State licensed guide on each raft. An optional dinner can be added to the trip for an additional $7.50, which I would recommend, as it offers a nice chance to mingle after the trip. The date of our trip should provide us with the best of both worlds; early enough in the season for good water levels, but not so early that the cold weather and cold water make it difficult to stay warm. Minimum age is 12 years old. Please call Wild Waters directly at 1-800-867-2335 to book your trip, and be sure to mention that you are with John Schroeder’s ADK group rafting on Sunday, May 23.

One group hikes to the top of Black, then down the front to Black Mountain Pond, Lapland Pond, Millmen Pond, Fishbrook, Bumps, up to Sleeping Beauty and out to Dacy clearing. Rating: C+
Leader: Jody Rothmeyer — 224-1576 or rojol2547@yahoo.com
We will leave Walmart parking lot at 9 a.m. to travel the approximate 23 miles (35 minutes) to the trailhead on Creek Road, just north of Northville. From the trailhead, we will hike the 1.5 miles (approximately 500’ elevation) to Bennett Lake, arriving around noon. We will leave approximately 1.5-2 hours later arriving back at the vehicles by 4 pm or sooner. Also, it is wise to bring raingear, just in case of rain. Remember, what looks nice in Albany/Schenectady may be different conditions in the Adirondacks, so bring extra clothing. If not needed, you could always leave them in your vehicle. Optional items: Camera, fishing pole (must have license), binoculars, books (i.e. for reading there or identifying trees or animals). LAKE GEORGE CANOE & CAMP
Saturday, June 19
Time: 2:00 p.m.
Rating: A
Leader: Jayne Bouder — 793-3770
This is the best time of year to beat the rush for nice island campsites in the narrows. And the late meeting time gives some of Saturday to catch up on odd jobs. Kayaks are recommended. Put in from Shelving Rock Road (1/8-mile carry) or Huletts Landing (parking and launch fee), most sites can be reached within a few miles. After setting up camp, we’ll have Saturday evening and half of Sunday to take a leisurely look around. Points of interest could include Montcalm Point, Paradise Bay, French Point, Black Mountain Point, and Deer Leap. Twelve miles or less of travel. Call leader for details.

Leader: Pat Desbiens — 899-9688 or pdesbiens@nycap.rr.com

The trailhead for this hike is off Route 9N about 5.5 miles from the junction of Route 9N and Route 73 between Keene Valley and Keene and is part of the long approach to Giant Mountain. We will have a spectacular view of Giant Mountain from the Lookout. The trail is easy to moderate to the top of the ridge (2.5 miles from the trailhead) and then it is 0.1 mile up to the Lookout. Beginners are welcome on this hike — the pace will be slow to enjoy the beautiful woods around us. Round trip distance is 5.2 miles. A possible option for those who want a little longer hike, would be to go with the trip co-leader another 1.6 miles out to High Banks ("a remarkable bank of glacial gravel with only a few birches growing on it") from which there are more views. Alternate phone number to call if there is no answer at the first number is 316-1244.

**A PADDLE ON THE KUNJAMUK**  
Sunday, June 27  
Time: 8:45 a.m.  
Rating: B  
Leader: Ray Bouchard — 893-7314  
The Kunjamuk is a slow meandering Adirondack stream located just south of Speculator along routes 8 and 30. We will launch at Kunjamuk Bay and paddle upstream about 3.5 mile north to Elm Lake then reverse direction, paddling back with the current. Typically one has to negotiate 10-12 beaver dams along the way so be prepared for wet feet. If we're lucky we'll be able to slide over most of them but there are no guarantees. The ideal vessel for negotiating beaver dams is a canoe; my second choice would be a kayak with a large cockpit. In short, you need to be able to get into and out of your craft easily. The round trip distance is about 7 miles. The pace will be leisurely so slow paddlers are more than welcome. I plan on stopping for a short hike to Kunjamuk Cave as we make our way upstream to Elm Lake. Black flies are a real possibility this late in the season so be prepared. Finally, I would like everyone to wear a PFD during the paddle.

TREADWAY MOUNTAIN HIKE
Saturday, July 17
Time: 8:00 a.m.
Rating: B+
Leader: Reg Prouty — 518-747-9736
This 2,240 feet mountain is described by Barbara McMartin as “the most entrancing of any peak in the Pharaoh Lake Wilderness Area.” Ascent from Putnam Pond is only 830 feet and round trip distance is only 8 miles. Hopefully this will be a good blueberry year as we will go at a relaxed pace scouting for blueberries near the trail. Views on the summit are excellent in all directions. Call early by Thursday, as this is a popular hike and a possible change in meeting place.

Rating: B
Leader: Ellen DuBois — 798-4531 or etdubois@netzero.net
This is a beautiful loop hike that begins at the O’Toole clearing/
parking area in Keene, about ten minutes from our meeting place.
We’ll begin with a moderate to moderately-steep hike most of the
way up Big Crow on a marked trail. The ridge hike turns onto a
very clear herd path that leads to a series of scenic open ledges and
some dramatic cliffs. The final climb is up to the summit of Weston
Mountain which has excellent views of Lost Pond. Then we’ll go
steeply down the other side of Weston Mountain and pick up the
marked trail again at the Biesemeyer lean-to. We’ll follow the trail
past the West side of Lost Pond, out past Gulf Brook lean-to and
back to the O’Toole clearing. Round trip is approximately 5 miles.

LINSEY MARSH HIKE
Saturday, July 24

Rating: C+
Leader: Rich Crammond — 584-2380
The trailhead for Linsey Marsh is .5 mile north of Aiden Lairs old
lodge on 28N heading to Newcomb. This hike will be a cool one
because there are thick woods to keep the hot summer sun off
our backs, excluding rain. Five miles round trip with little elevation
change. See you there.

RAQUETTE LAKE CANOE AND CAMP
Saturday-Sunday, July 24-25
Time: 1:00 p.m.

Leader: Jayne Bouder — 793-3770
We could camp at Big Island, or Tioga Point, and explore the Marion
River to the carry, or the Needles, or South Inlet to the falls (maybe
even hike to the old Sagamore powerhouse) I’m open to sugges-
tions. But later on, Sunday we’re paddling over to St. Williams on
Long Point for their annual chicken barbeque, for sure! Paddle of
8-10 miles, at a moderate, unrushed pace. Anyone who wants only
the barbeque may join us between 1-4 p.m. on Sunday. There is a
free ferry from Raquette Lake village.

Sunday, July 25
Time: 7:00 a.m.
Rating: B
Leader: Steve Mackey — 793-6484 or smackey33@verizon.net
I thought I’d revisit the AT, and go basically east so we wouldn’t
waste a lot of time driving. I also don’t want to go near Rutland or
Manchester because I’m hoping to see a few through-hikers and do
a little trail magic. We can hand out some sodas and cookies; it’s a
lot like feeding the bears at the zoo. They really appreciate it. We’ll
head south about five miles and then turn around and hike back.

Round trip distance from the road is only 4.8 miles with a total ascent of 1,940 feet.

**Mo-Rodd Midweek Adventure, February 3, Maureen Coutant and Gary Rodd, 13 participants**  
- This was another one in our series of coffee walks. In trying to avoid the ice we headed to the streets of Lake George Village and we actually had to walk in the streets in many places to avoid the ice on the sidewalk! It was another beautiful day with gorgeous views and great company. We walked around the village for an hour or so and then wound up in the Bank Cafe for coffee and over to the LGA courthouse gallery to take in the exhibit. Still hoping for more snow! Participants: Maureen Coutant, Mike George, Ginger and Joe Kelterborn, Penny and Ray LoPresti, Licia Mackey, Becky Meath, Kathy Miller, Hal Rose, George and Irene Sammons, Edna VanDorsten.

**LOJ — Upper Works, February 6, Steve Mackey**  
- I only got one confirmed call, and we also ended up going to Winter Camp, so the trip got canceled. However, I skied from the LOJ up to the Phelps turn off and conditions were really good. We also did a ski-snowshoe trip in January and skied into Flowed Lands and I was surprised how much uphill there was from Upper Works. If I schedule it again next winter, make sure you sign up for the southbound group.

**Mo-Rodd Midweek Adventure, February 10, Maureen Coutant and Gary Rodd, 10 participants**  
- This week we decided to try to walk along the trail around Moreau Lake. The trail was icy and gave the stabilicers and yak traks a work out. It was actually easier walking on the lake and Mud Pond. We spotted a possible eagle ... or other large bird of prey. Also a very large squirrel nest (maybe) off in the distance. We vowed to come back again and examine it a bit closer up. Participants: Maureen Coutant, Liz Gee, Mike George, Ginny and Joe Kelterbon, Sarah King, Penny and Ray LoPresti, Licia Mackey, Gary Rodd.

**Mo-Rodd Midweek Adventure, February 17, Maureen Coutant and Gary Rodd, 6 participants**  
- This outing in Crandall Park presented many variables. Trail conditions had fresh, wet snow over a hard, icy base which resulted in the participants using varied techniques: nordic skis, snowshoes, micro-spikes, and yak traks. All participants remained in a relatively tight knit group on a morning that saw sun, clouds, and snow flurries. Participants: Chris Bourgeois, Kathy Miller, Licia Mackey, Liz Gee, Mike George, Gary Rodd.

**Mo-Rodd Midweek Adventure, February 24, Maureen Coutant and Gary Rodd, 4 participants**  
- With iffy weather forecasts, we took advantage of an indoor option for exercise ... the free adult skate at the Glens Falls Recreation Center. Gary had to clean a mouse house out of his skate and dust them off. But Gary and Mike got their skating legs and balance back after a few spins around the rink. Participants: Maureen Coutant, Mike George, Licia Mackey, Gary Rodd.

**Sawyer Mountain, February 27, Rich Myette, 5 participants**  
- A new snow had blanketed the mountain and snowshoeing was great. There was a light snow in the air. Even though no distant sights were available the beauty of the snow-covered trees and Trip Reviews continued on next page
rocks was satisfying. One of our group was on her first mountain snowshoe. Participants: Liz and Allen Gee, Marsha Noble, Scott Cooper, Rich Myette.

Mo-Rodd Midweek Adventure, March 3, Maureen Coutant and Gary Rodd
• This week we did something really different and went to Steve Mackey’s Appalachian Trail Program as our outing! It was great to see and hopefully got us motivated for more outings to come! Participants: Too many to count!

Monday Geocache hike/walk, March 8, Maureen Coutant and Sarah King, 3 participants
• This was a great outing. It was a beautiful day with temps in the 40s, bright sunshine, and snow in places. We found four geocaches in the Stewarts Ledge area at the bottom of Pilot Knob. We taught Don a lot about geocaching and now he can get out their and enjoy his Christmas gift more! We also saw Frankenpine and had to do some bushwhacking after inadvertently following the road that was cut to get it set up! Participants: Maureen Coutant, Sarah King, Don Thorn.

Mo-Rodd Midweek Adventure, March 10, Maureen Coutant and Gary Rodd, 6 participants
• A brisk sunny day made our walk along the Harry Betar Walkway very enjoyable. Walkway conditions were mostly clear and wildlife sightings included one cardinal and a large number of migrating Canada geese resting along the riverbank. Participants: Virginia Carluccio, Mike George, Ginny and Joe Kelterborn, Becky Meath, Gary Rodd.

YMG — Fire Towers — Belfry and Poke-O-Moonshine, March 14, Jonathan Lane
• Canceled due to poor weather predictions.

Mo-Rodd Midweek Adventure, March 17, Maureen Coutant and Gary Rodd, 7 participants
• Ahh ... what a perfect St. Patrick’s Day! To be out for a hike with the temps near 60 in the middle of March was wonderful! We hiked to the lookout on French Mountain, with landowner permission, and had a great time. We started with scones in the parking area and had a snack on top sitting in t-shirts, enjoying the view. There was a bit of snow and ice on the bike trail and at the very bottom of the trail, but after that, it was all gone. Participants: Maureen Coutant, Mike George, Sarah King, Liecia Mackey, Bob Powell, Gary and Shar Rodd.

Merckk Forest and Farmland Center hike/snowshoe, March 20, Ray Bouchard, 17 participants
• As it turned out snowshoes came in handy by the time we reached 2,200’ elevation where we encountered about 8” of packed snow that softened as the day warmed up. After climbing up Antone Mountain we dropped down to a fairly new cabin called Ned’s Place, for lunch. To finish up our 6-mile hike we dropped down to Beebe and Birch ponds before we headed back to the barns to visit the animals. The two Suffolk work horses were an instant hit as they loved the carrots that people brought along. A short walk up the hill to the lambing pen wasn’t quite as rewarding. Only one sheep had given birth recently to a cute, cuddly, black lamb but a glance at the others in the upper field suggested that more were due any day. Participants: Carolyn Cyr, John Synakowski, Rich Crammond, Margie Litwin, Reg Prouty, Susan Keely, Pam Fetcher, Jack Whitney, Sandy Yellen, Joanne Walczak, Therese Bosse, Shelly Burke, Erica Halbrook, John Whitney, Marsha Noble, Jim Dickson, Ray Bouchard.

Whiteface, March 20, Steve Mackey, 4 participants
• It was really hard to predict what kind of conditions we would find, the road was bare pavement right up to the ticket gate and then about two feet of mushy snow all the way to the summit. We wore snowshoes hoping to pack down a trail, but temperatures were mild and the sleds would move along slowly and then sink completely into the snow. We took the two slides as short-cuts to the top and Maria had to put on crampons on the really steep stuff. Good trip, but sledding was no thriller! Participants: Steve and Liai Mackey, Mike Fuller, Maria Rawson.

Winter High Peak, March 21, Jack Whitney, 5 participants
• A 50% chance of rain was forecast but five of us ventured forth to do the last winter peak of the season. We chose Cascade. It was snowing up, which changed to a light rain. There were views from the first overlook to the surrounding High Peak area. We arrived at the junction, and there was still enough snow that someone had dug the sign out. When we arrived at the summit, we encountered snow and sleet and limited views. We decided to leave Porter for another day and headed back to our cars. Participants: Jayne Boudier, Erica Halbrook, Bob Buckley, Nancy Buckley, Jack Whitney.

Mo-Rodd Midweek Adventure, March 24, Maureen Coutant and Gary Rodd, 13 participants
• We had much better than expected weather and the wind died down once we were amongst the trees. Many had never explored the Queensbury XC trails and adjacent Rush Pond area. Everyone enjoyed the trails and the opportunity to be out on a much better than expected Spring Day! Participants: Virginia Carluccio, Maureen Coutant, Margaret Curtis, Mike George, Ginger and Joe Kelterborn, Sarah King, Liecia Mackey, Becky Meath, Sandy Powell, Gary Rodd, George Sammons, Gretchen Stark.

Eleventh Mountain, March 27, Rich Myette, 9 participants
• A bright and sunny day accompanied our hardy group of happy bushwhackers. We steeply ascended the cliffs of Eleventh Mountain to clear views of the interior of the valley of the East Branch of the Sacandaga River and nearby mountains. After lunch at the lookout we ascended farther up Eleventh Mountain to more views. Participants: Jayne Boudier, John Synakowski, Mark Janey, Dianna Eckler, Scott Cooper, Erica Halbrook, Bob Buckley, Nancy Buckley, Rich Myette.
SIGN UP

Contact the Outing Leader at least two days (preferably a week), before the activity so he/she can explain the capabilities required and to determine the number attending. Failure to call may result in not knowing about cancellations, rescheduled departures, etc. Guests are always welcome, but must also register! PLEASE be considerate when signing up for a trip. Advise the leader if you cannot make a trip so as not to impact others’ plans. Trips WILL BE CANCELLED if minimums are not met, thereby affecting all parties. For safety, the MINIMUM number for outings is: 3 people, including the leader (4 in winter) Panera Bread unless otherwise noted in the trip description. Be there and ready to depart at the posted time (directions below).

MEETING PLACE INFORMATION

PANERA BREAD
Northway Plaza, 820 Route 9, Queensbury, NY 12804, 761-6957

- From NORTHWAY (I-87)
  Take Exit 15 and go east on AVIATION/QUAKER Road. Follow .5 mile to ROUTE 9/GLEN STREET. Turn North (LEFT) onto ROUTE 9, then right at the light into the NORTHWAY PLAZA. Then take a left at the four-way stop, and park in front of Panera Bread.

TRAVEL INFORMATION/CAR POOLS

We encourage carpooling to trailheads for both environmental and practical reasons (limited trailhead parking) and may alter meeting locations due to destination or participants. If you are able, it’s helpful to the ‘regulars’ to offer to drive your vehicle. If you are a passenger, consider current fuel prices, travel miles and number of passengers when contributing your fair share to the driver.

PARTICIPATION GUIDELINES

Leaders are responsible to evaluate interested parties’ fitness for that outing, review specific guidelines, and lead the trip. They are not paid guides, but volunteers. Participants are asked to cooperate and respect their authority and decisions.

#Is this the right Outing for you? For those not experienced in strenuous trips, it is best to begin with something easier and work your way up. The Leader will assist in evaluating skill level and suggest alternative outings if more appropriate. For the safety and comfort of all, the Leader has the discretion to deny participation if he/she feels someone is not a good match for that trip. Based on the expectations and skills of the entire group, Leaders may have more flexibility for some trips, so definitely talk with them. DO NOT TRY STRENUEUS OUTINGS UNLESS YOU HAVE DONE THAT ACTIVITY REGULARLY (AND RECENTLY) AND ARE IN GOOD SHAPE AS NECESSARY FOR THAT OUTING.

Hiking Needs/Preparation/Equipment

Bring Trail Food and plenty of Water on ALL hikes! “Clothing made of Polyester blends, polarguard or wool are recommended as they retain warmth even when wet. — NOT 100% Cotton clothing! It is also wise to bring raingear. Other pack essentials: compass and map, headlamp/flashlight, first aid kit, hat, gloves, and extra socks. Adirondack weather can and does change suddenly. Don’t trust the forecast or the sky based on the start of the day. Be prepared!

Special Winter Needs

In addition to the preparation/equipment mentioned above, winter requires some EXTRA planning. Look for special notes in the Outing description and discuss with the Leader. Depending on conditions, participants will can expect to bring Snow Shoes and Crampons. Bring lots of Water. Dehydration comes easier in the winter and we feel its effects later … usually AFTER the fact. Be wise with Emergency Clothing. Bring an extra wool/polypro hat, mittens and socks. “Shell” pants, jackets and mittens are commonly used with warm layers beneath.
