Chepontuc — “Hard place to cross,” Iroquois reference to Glens Falls
Now that the nice weather is on our doorstep, be sure to take a look at the outings in the back of the newsletter and get out and experience the great offerings in our area. In order to keep providing you with the wide range of outings you have come to expect, we need someone to volunteer to lead the outings committee. This involves reviewing the outings provided by the outings leaders to make sure there is nothing outside of the ADK guidelines, being the point of contact for outings questions and attending the monthly Executive Committee meetings.

Another spring ritual is the annual ADK fundraiser. This year the Black Fly Affair has a 60’s theme and is being held on May 18th aboard the Lac du Saint Sacrement on Lake George. Please consider attending this annual event and help support ADK in its efforts to prevent the further spread of aquatic invasive species. You will have the chance to bid on several unique items as part of the auction including a basket donated by your chapter.

We still have Executive Committee vacancies in addition to the outing committee mentioned above. There is a vacancy for the annual dinner committee as well as the first and second vice chair positions. We could also use some new individuals to serve as alternative directors. The alternate director and vice chair positions are a great way to get involved in the club’s leadership and learn the ropes. If you are not ready to commit to a leadership position you can join one of the standing committees. The current committee listing is on the right side of this page. The committee chairs welcome your help. Please contact me or any of the other Executive Committee members if you have questions. You can also visit the chapter website and take a look at the chapter by-laws for additional details about the organization and management of the chapter. Shortly, we will be working on the slate of officers (chair positions, treasurer, secretary and director) for the 2014 calendar year, so now is a great time to get your name on the list!
Spring mud season alert: Stay below 3,000 feet

During spring mud season, trails are particularly vulnerable to erosion. The spring thaw creates mud that penetrates much deeper into the soil than the surface mud created by summer rains, and trails are thus more easily damaged by hikers’ boots. Alpine vegetation, which is fragile and endangered to begin with, is also particularly vulnerable at this time. It is therefore best to stay off higher elevation trails during early spring.

The New York State Department of Environmental Conservation institutes a voluntary trail closure in the Eastern High Peaks during this time of year that asks hikers to refrain from traveling above 3,000 feet. This protects alpine vegetation and prevents trail erosion. More information on trail conditions in the Adirondacks can be found on the DEC Web site or by contacting the DEC Forest Rangers at 518-897-1200.

Closure typically runs from May through early to mid-June. If you are planning a trip to the High Peaks during this period, please call the ADK High Peaks Information Center at 518-523-3441 or the DEC to learn about trail conditions and whether the voluntary closure is in effect.

Well, thankfully, there was a delay in the DEC getting their new e-registration in place. As a result, it gave us time to use up all our allotted funds for the 2013 sponsored camperships. As mentioned before, we are already sponsoring Aaron Keegan of Scotia for the ADK Teen Trails program. We now can add seven more sponsored candidates who will be participating in the DEC summer camp program. Heading to Pack Forest are Samantha Kerr of Schenectady and Jonathan Klompas of Clifton Park. Pascal Gervasio of Niskayuna, Connor Hicks and Ryan and Benjamin Bittig, all of West Sand Lake, will each be enjoying a week at Camp Colby. We are also able to send Claire Holloway of Mill Point thanks to DEC's addition of its "buy six, get one free" program.

As usual, Spring is keeping us busy. We will once again be guiding educational walks - combination scavenger, hiking tips, Leave No Trace - walks in the Coles Woods area as part of the Glens Falls' YMCA's Healthy Kids Day 2013. That will be on Saturday, April 27th from 1:00 to 3:00 p.m. On May 23rd we will be presenting hiking/outdoor tips at the 2013 Conservation Field Day at Moreau State Park throughout the day. Hope to see you there!

HAVE YOU HEARD ABOUT THE ADK and LAKE GEORGE LAND CONSERVANCY ROUND THE LAKE CHALLENGE?

The Round the Lake Challenge from June 3 to August 21 will feature guided hikes, tours, and paddles. More information can be viewed at www.lglc.org and www.roundthelake.org.
Minutes from February 6, 2013

Treasurer John Schneider presented the January Treasurer’s Report. The Club paid the Chapter’s dues share up to date in December, but is now behind again. Three new pairs of lop- pers were purchased for the Trails Committee, at a total cost of $100.83. A pair was passed around the table for inspection. The $1,200 in annual chapter memberships and donations has been paid. The asset balance is down $1,461, to $6,859.

John Caffry made a motion to appoint Laura Fiske to fill the vacancy in the Chapter Chair position for the remainder of 2013. He said that under the by-laws, this would not count towards term limits. Laura agreed to accept the appointment. This leaves vacancies in both vice-chair positions, as well as the Annual Dinner Chair.

Trails Chair Tom Ellis reported that he has re-signed for the Tongue Mountain trail, and that the work day there will be in April.

Wilderness Chair Jim Schneider reported that he has submitted his annual report to the Club. He and Jack Freeman will do a presentation on firetowers to the North Hudson – Schroon Lake Historical Society in April. His latest Pharaoh Lake Wilderness Area Report can be found at http://localhost/newsdriver2.php?item=054

Alison Darbee and Maddy Patterson, Outings Co-chairs, announced that they are resigning because they no longer have time to do the job, and they have not been leading hikes themselves lately. They will stay on until a new chair is found. They will poll the current outings leaders and see if any of them are interested in the position.

Conservation Chair Jacki Bave reported that the Club Conservation Committee meeting is coming up. The proposed Remsen to Lake Placid rail trail will be discussed.

Pharaoh Lake Wilderness Area News:

Have you hiked in the Pharaoh Wilderness Area? If you haven’t what you will find are beautiful lakes and ponds, quiet solitude, great backpacking, easy walking, and delightful swimming. And when you come back, let us know what you found. We are particularly interested in flowers, animals, trail and lean-to conditions, and just about anything notable either good or bad. Your Glens Falls-Saratoga ADK Chapter has adopted the entire Pharaoh Lake Wilderness Area.

EXECUTIVE COMMITTEE MEETING - CARL RS
Wed, May 1, 2013, 7:00 pm, Rating: NR
Leader: Laura Fiske - 884-0345, chapterchair@adk-gfs.org
- Meeting at Carl Rs in Glens Falls, Northway Exit 18

YMG - CASTLE ROCK & CHIMNEY MT. - [ Hike ]
Sat, May 4, 2013, 7:00 am, Rating: B
Leader: Jonathan Lane - 744-4594, saratogahiker@infogorp.com
Coleyad: Rachel Luch
- Castle Rock offers amazing views of Blue Mt. Lake and is approximately
four miles round-trip. Chimney Mountain is about two miles round-trip and
has, along with great views of the surrounding region, some interesting
geological features worth exploring.

HURRICANE MT. FROM KEENE - [ Hike ]
Sat, May 4, 2013, 8:00 am, Rating: C+
Leader: Bill Morse - 518-585-9153, fishermanpike@yahoo.com
- We will meet at 8AM at Exit 29, the old Frontier Town parking area.
From there we go to Keene and begin our hike from Crow clearing. The
hike is three to the top with an elevation gain of 1,600 feet. The top
features excellent views along with a fire tower. This is the easiest ap-
proach to Hurricane. Bring a camera.

ADK LAKE GEORGE PROP WORKDAY - [ Other ]
Sat, May 4, 2013, 9:00 am, Rating: NR
Leader: Maureen Coutant - 745-7834, mojim@roadrunner.com
- Come join us to spruce up the ADK headquarters. Some stain here,
paint there, gravel and pine cones off the lawn, and some flowers in the
planters. Those are some of the jobs on the list! Stop by when you can
and pitch in. Every little bit helps. We'll provide food and a chance to meet
other ADKers!

WEST MOUNTAIN, SOUTH BAY DIAMETER - [ Paddle/Camp/Hike ]
Sat, May 4, 2013, 7:00 am, Rating: A
Leader: Jaynay Cheng - 518-3770, jaynay@verizon.net
- This West Mountain lives on the South Shore of South Bay, near White-
hall. We'll paddle and camp on South Bay, and explore trail blazed Con-
servancy Land, at least from Devil's Den to North Saddle. There's lots of
interesting terrain, a nice waterfall, and overlooks with views of the Di-
ameter Cliff across South Bay. We'll be paddling past there if the water is
high enough. Expect about nine miles of paddling, and four-seven miles of
hiking, with maybe 1,500 ft. of ascent. And, I have a 16 ft canoe to lend or
share.

SPRING BIRD WALK - WILTON WILDLIFE PRESERVE & PARK
Sat, May 4, 2013, time TBD, Rating: C
Leader: Rich Speidel - 623-2587
- May is the best month to hear and see migratory birds in our area. This
will be a leisurely, easy going walk along the trails and varied habitats of
Camp Saratoga. Depending on bird activity, we will stop often and keep
track of the species identified. Please bring binoculars. Group size is lim-
ited, so please call ahead to register. The rain date is Sunday, May 5.

BIKE RIDE UP PROSPECT MT.
Sun, May 5, 2013, 9:00 am, Rating: B
Leader: Steve Mackey - 793-6484, smackey33@verizon.net
- We will meet at the beginning of the bike trail on Country Club Road
(near Sprinkles Ice Cream) ride the bike trail to Lake George, ride up
Prospect, and then ride back. We'll get a snack at the Stewart's Shop in
Lake George. Round trip distance is around 20 miles. You will probably
want a jacket for the top and the ride down.

WAKELY MOUNTAIN FIRE TOWER HIKE
Sun, May 5, 2013, 8:00 am, Rating: B+
Leader: Bill Carpenter - 518-793-5506
- For years I have led the 'getting ready for the high peaks' series, doing
Black Mountain Loop. We will be doing something new this year- The
Hamilton County Adirondack Fire Towers Nature Challenge (www.adronadackexperience.com) It includes five fire towers, and a new
patch at the end. This hike, Wakely Fire Tower, gives us great views (I
could see three other fire towers from the tower,) It's an easy start, ap-
proximately 1.9 miles then up for approximately one mile. The total hike
round trip is six miles. Bad weather will cancel.

HENNING PRESERVE *FAMILY HIKE - [ Walk/Hike ]
Sun, May 5, 2013, 9:30 am, Rating: C
Leader: Jessica Gottung - 944-9225, jgottung001@nyccap_rr.com
- Located in the town of Providence, this a Saratoga P.L.A.N. preserve.
Expect a series of loops in a small area that is mostly flat with a couple of
overlooks along the way. Geared toward families with small children, we
will go at their pace and stop for a snack. Be sure to have water and their
favorite trail treats!

MONDAY GEOCACHE
Mon, May 6, 2013, 9:00 am, Rating: NR
Leader: Sarah King - 798-0615, scubakings@roadrunner.com
Coleyad: Mo Coutant - 745-7834 or mojim@roadrunner.com
- For May and June I will be mixing up the trips between walks and short
hikes within an hour of Glens Falls. We’ll visit wildflower hot spots and try
to avoid the black flies! Email me if you have a suggested trip. We will
also be doing paddle trips and a few will be in the evening. Check the
calendar carefully! Call or email the Sunday before to find out what adven-
ture I have in mind! I also try to mix up the trips geographically between
the Saratoga and Glens Falls/Lake George areas.

YMG - STRATTON MOUNTAIN FIRE TOWER - [ Hike ]
Sat, May 11, 2013, 6:00 am, Rating: B+
Leader: Jen Shepherd - 518-312-0133, jshepherd501@gmail.com
- With mud season under way in the High Peaks region, I'm looking for a
change of scenery ... and some new fire towers! Let's take a nice spring
scenic drive into Vermont and hike the Stratton fire tower. This hike is
about eight miles round-trip with 1,910ft of elevation gain. If we've had a
rainy early spring, come prepared for lots of mud and possible streams in
the trail. Group will meet in the Dick's Sporting Goods parking lot at the
Wilton Mall at 6am. Since we're headed to the Green Mountains, let's be
creative and wear something Vermont themed! That's totally optional of
course. Depending on how we're doing for time after the hike and how the
group feels, we may stop off for food on the way home. Not to worry, we'll
all be home in time for Mother's Day on Sunday. Contact hike leader to
sign up. Email is fastest, please include your full name, a phone number,
and a brief hiking background. No phone calls after 8pm. Rain may can-
cel.

BULLHEAD MT. CRASH SITE, BUSHWHACK/TRAIL HIKE
Sat, May 11, 2013, 8:30 am, Rating: B
Leader: Rich Crammond - 584-2380
- This hike is to an old airplane crash site well below the summit. Eleva-
tion change will be around 600ft. and about eight miles of hiking round
trip with 1,910ft of elevation gain. If we've had a
rainy early spring, come prepared for lots of mud and possible streams in
the trail. Group will meet in the Dick's Sporting Goods parking lot at the
Wilton Mall at 6am. Since we're headed to the Green Mountains, let's be
creative and wear something Vermont themed! That's totally optional of
course. Depending on how we're doing for time after the hike and how the
group feels, we may stop off for food on the way home. Not to worry, we'll
all be home in time for Mother's Day on Sunday. Contact hike leader to

PILOT KNOB PRESERVE AND WATERFALL - [ Hike ]
Sat, May 11, 2013, 8:30 am, Rating: C
Leader: Lorraine MacKenzie - 791-9794, otczone@aol.com
- This three mile hike consists of a scenic view of Lake George plus a
waterfall - a short distance to enjoy two beautiful sites! The first 3/4 mile is
quite steep but the gazebo at the top provides for a nice place to catch
your breath. Pace will be moderate. Rain cancels.

PILOT KNOB MOUNTAIN - [ Hike ]
Sat, May 11, 2013, 9:00 am, Rating: B
Leader: Neal Van Dorsten - 518-644-9453, nealvan@aol.com
- This is likely one of the most beautiful hikes that overlooks Lake George.
It has views in many directions and wonderful overlooks on the way up as
well as along a lengthy ridge line. We will make a loop and come back
along a pretty brook. Total distance is about six miles with some steep
sections. We will meet at Cafe Vero in Lake George Village.
SPRING BIRD WALK - PACK FOREST, WARRENSBURG
Sat, May 11, 2013, time TBD, Rating: C-
Leader: Rich Speidel - 623-2587
- We'll have a leisurely morning walk through the woods and along the waters of Pack Forest. There will be plenty of stops to observe the migratory and native birds crossing our path. We will check for birds around Pack Forest Lake and the Grandmother's Tree, a towering 175 foot white pine some 320 years old. Please bring binoculars. The rain date is Sunday, May 12.

TUESDAY TREK - [ Paddle ]
Tue, May 14, 2013, 9:00 am, Rating: NR
Leader: Maureen Coutant - 745-7834, mojim@roadrunner.com
- This week we will be doing a paddle on a lake within one hour of Glens Falls looking for an eagle and nest. Note: this trip is in the morning!

BLUE RIDGE EAST VIA STEPHENS POND - [ Bushwack ]
Sat, May 18, 2013, 7:00 am, Rating: A
Leader: Mike McLean - 315-262-2564, mpmclean@twcnr.org
- This is one of the ADK Hundred Highest. We will head in on the NP Trail from Lake Durant to arrive at Stephens Pond. From there we will bushwhack approximately two miles to the wooded summit of Blue Ridge East. This was relatively open woods on my prior two trips, but do come prepared for tough/thick bushwhacking. The bushwack is 12 miles round trip.

PANTHER GORGE LEAN-TO CHECK - [ Hike ]
Sat, May 18, 2013, 5:30 am, Rating: A
Leader: Mike Fuller - 802-254-3314, Farmallboy55@hotmail.com
- Twice a year I hike to Panther Gorge as a lean-to check and clean up. It's about 18 miles and 2,300 ft. of vertical, about eight hours of hiking time, not counting breaks and clean up. To me, the most beautiful part of hike is Marcy Swamp old split log hardening. We'll hike in from Elk Lake. Meet at Panera Bread Queensbury and we’ll leave at 5:45. Elk Lake has a small parking lot, so we'll car pool.

MOREAU LAKE STATE PARK - [ Hike ]
Sat, May 18, 2013, 8:00 am, Rating: B
Leader: Reg Prouty - 518-747-9736
- A traverse of the Western Ridge Trail from East to West will be an all day hike of about five-six miles with some rolling terrain with some climbing without being too steep. We will spot cars at the spring and start near the old hotel foundation. With mud and bug season in full swing in the Adirondacks, this will be a good warm-up for longer and harder hikes later in the spring and summer.

NEW SNOWY MOUNTAIN FIRE TOWER - [ Hike ]
Sun, May 19, 2013, 8:00 am, Rating: B+
Leader: Bill Carpenter - 518-793-5506
- This hike is the second of the five Hamilton County Fire Towers on my ‘getting ready for the High Peaks’ series. On a clear day it gives you wonderful views of the central Adirondacks and the High Peaks to the Northeast. The trail starts out fairly easy, then a steep section, then more gradual to approximately two miles as the trail again steepens. There is a good lookout toward the East at approximately three miles, and then extremely steep to the summit. The total round trip is approximately 7.8 miles. Contact hike leader for more information or to sign up. Bad weather will cancel.

WOODS HOLLOW NATURE PRESERVE, MILTON - [ Hike ]
Sun, May 19, 2013, 9:00 am, Rating: C
Leader: Jill Gruban - newsletter@adk-gts.org
- Join us on a family friendly walk through a beautiful wooded area in northern Ballston Spa. We’ll walk as far as the littelest legs desire (probably a mile or two). Please bring plenty of water and a snack.

HENDERSON LAKE - [ Paddle/Camp ]
Sat, May 25, 2013, 9:00 am, Rating: A
Leader: Jayne Bouder - 793-3770, bouden@verizon.net
- May 25-6. This is a beautiful, deep, lake, with sandy shores, interesting swamps and inlets, and great views of Indian Pass and High Peaks. We'll explore 6-7 miles worth of bays and inlets at an moderate, unhurried pace. The leader will help with the 1/4 mile carry, has wheels, and also has boats to lend. From Upper Works.

SPRING BIRD WALK & CLIMB - PACK FOREST, WARRENSBURG
Sat, May 25, 2013, time TBD, Rating: C
Leader: Rich Speidel - 623-2587
- A morning to afternoon bird walk along Pack Forest Lake, and a gradual 400 foot climb to a scenic overlook atop Ben Wood Mountain. We will cover a round trip distance of about five miles at an easy pace, and record the species identified. Please bring binoculars. The rain date is Sunday, May 26.

OREGON PLAINS ROAD - [ Bike ]
Sat, Jun 1, 2013, 8:00 am, Rating: A
Leader: Steve Mackey - 793-6484, smackey33@verizon.net
- I picked up a newspaper from the High Peaks Rest Stop called Embark, and they had this bike trip written up. It is relatively flat, 40 miles, up around Saranac Lake - Paul Smith's area. 'It starts in Saranac Lake and heads north on Forest Home Road to Lake Clear. It passes many ponds and lakes and if it is warm enough you can go for a swim.' Sounds like an interesting, scenic, and fairly traffic-free route.

NEW CASCADE AND/OR PORTER MOUNTAINS - [ Hike ]
Sun, Jun 2, 2013, 8:00 am, Rating: A
Leader: Bill Carpenter - 518-793-5506
- Well, we have had our warm up hikes doing the 'getting ready for the High Peaks' series, so let's go! Cascade is a great introduction to the High Peaks, as it is the easiest High Peak and has a trail. If you just want to get out for the day and enjoy a hike, you don't have to do both mountains. You can wait for us on Cascade, enjoying the views. For those who need, or want to do Porter Mountain, we will take a short detour at the junction. Total round trip for both mountains is 6.38 miles. Just Cascade? The total is 4.8 miles. Contact hike leader for more information or to sign up. Bad weather will cancel.

Sat, Jun 8, 2013, 7:00 am, Rating: B+
Leader: Jen Shepherd - 745-802-0133, jshepherd501@gmail.com
- To get myself warmed up for the more strenuous High Peak trips I need this summer, I thought Gore would be a good trip for early June. It's one of only two Adirondack Fire Towers I don't already have, I've been patiently waiting for winter to end so I can grab it! We'll meet at Panera Bread off exit 19 at 7am and carpool from there. The hike is nine miles round trip with 2,533 ft. of elevation change. Pace will be a steady moderate with a few rest breaks. Be prepared to keep up. Bring plenty of food/ fluids and wear layers. We'll have lunch on the summit and head back down. Contact hike leader to sign up no later than 7pm Thursday before the hike. Email is faster and preferred, no phone calls after 7pm please. Please

**MOXHAM MOUNTAIN HIKE**
Sat, Jun 8, 2013, 9:00 am, Rating: B
Leader: Rich Crammond - 584-2380
- We will meet at the small trailhead 2.4 miles up 14th Road off of Rt.28N, Minerva. This hike will be 5.4 miles round trip with around 900 ft. of elevation change. There are some ups and downs along the way but on a clear day, we'll have a reward of views. (Remember, it's Black Fly Season! Eek!) Please contact the leader to sign up. See you there!

**DIAL AND NOONMARK MTNS. - [ Hike ]**
Sun, Jun 9, 2013, 6:00 am, Rating: A
Leader: Ron Lester - 518-899-4187, muleskinner46er@hotmail.com
- After enjoying the quite under-rated summit of Dial, we will leave the trail on the return trip and bushwhack about .75 miles over to Noonmark and it's panoramic views. I did this many years ago and recall the final climb up Noonmark was a bit of a scramble, but not too difficult. We will descend via the trail down Noonmark. Should be fun ... with a twist or two!

**MOREAU STATE PARK * FAMILY HIKE - [ Walk/Hike ]**
Sun, Jun 9, 2013, 9:30 am, Rating: C
Leader: Jessica Gottung - 944-9225, jgottung001@nycaprr.com
- Geared toward little legs, we will opt for a few shorter trails. There is a charge for parking ($8 per car), but we will try to get our money's worth by enjoying an early lunch and playing on the beach before we head home. Please wear appropriate fully enclosed shoes for the hike and don't forget the bug spray or sunscreen!

Sat, Jun 15, 2013, 5:00 am, Rating: A+
Leader: Mike Fuller - 802-254-3314, farmallboy55@hotmail.com
- Working on your 46? Then come along for a great day of feeding the bugs. About 16 miles and a lot of up and down. Bring three or four liters of water, bug dope (or a pint of your own blood), and lots of fun. This is a big day so know your limits. Meet at Panera Bread Queensbury 5:00am. No phone calls after 7:00pm night before the hike or morning of the hike.

**PHPELS MT. VIA KLONDIKE NOTCH AND HERD PATH - [ Hike ]**
Sat, Jun 15, 2013, 7:30 am, Rating: B+
Leader: Bill Morse - 518-585-9133, fishermanpike@yahoo.com
- We will meet at 7:30AM at Exit 29, the old Frontier Town parking lot. From there we drive south to the Klondike Notch Trail. We will hike 2.6 miles to the Klondike lean-to and take the herd path up Phelps. Round trip is 9-10 miles with an elevation gain of about 2,000 feet. This is not a steep hike and would be a good first High Peak hike.

**NEW PILSBURY MOUNTAIN FIRE TOWER - [ Hike ]**
Sat, Jun 15, 2013, 8:00 am, Rating: B+
Leader: Bill Carpenter - 518-793-5505
- This hike is strenuous, over a moderate distance. The views: Lake Pleasant and Sagadaga Lakes can be seen to the South; Snowy Mountain Fire Tower and the High Peaks toward the North; Indian Lake to the East and Cedar River flow to the West, plus more. The hike is approximately 3.2 miles, but a car with low-clearance may encourage you to hike from Sled Harbor, which will add approximately two miles. Contact hike leader for arrangements, more information, or to sign up. Bad weather will cancel.

Sat, Jun 22, 2013, 9:00 am, Rating: C+
Leader: Neal Van Dorsten - 518-644-9453, nealvan@aol.com
- On this unique hike, we will visit two waterfalls. Mossy Cascade Brook Falls, a curtain like falls over a dark wall of rock roughly 40' high. And we will visit Deer Brook Falls which is over 80' high. Each hike covers about a mile. Be prepared for some uneven terrain and steep traverses. Let's hope for a sunny warm day. Meet at Exit 24 parking area off the Northway.

**COLDEN AND MARCY BACKPACK BICKNELL THRUSH - [ Hike ]**
Sat, Jun 22, 2013, 10:00 am, Rating: A
Leader: Jean Holcomb - 583-0658, holcomb5@nycaprr.com
- A couple of summer's ago I did this backpack to prepare for the John Muir Trail hike and discovered by accident some singing Bicknell's Thrush. I was so delighted to see and hear this rare bird that I decided to repeat the backpack. You could join me for only the first day if you don't mind coming out in the dark or you could return the next day without climbing Marcy, but my plan at the moment is to backpack from Heart Lake (ADK lodge) to Lake Arnold, which is a serious backpack of over four miles and at least 700 ft. elevation gain. We set up camp and then climb Colden, having dinner on top, which is fun because you have the summit to yourself. Then we go down a ways between the two peaks to look for the Bicknell's Thrush which hopefully will be singing. Then we return to Lake Arnold for a backpack to Heart Lake the following day: great exercise, good company and accomplishing a goal, especially if you are working on your 46 High Peaks. However, if you are just out for a great, casual day you may choose to do only one mountain, always waiting for us at the junction, communing with nature or reading a good book, in a wonderful place. But, the look-outs going up Giant are so pleasing to the heart and mind. Total hike is approximately 7.7 miles. Contact hike leader for information or to sign up. Bad weather cancels.

**NOONMARK - [ Hike ]**
Sun, Jun 23, 2013, 8:00 am, Rating: B
Leader: Lorraine MacKenzie - 791-9794, otzone@aol.com
- Noonmark is a short trek for a large payoff. We will enjoy spectacular views of Lower Wolf Jaw, Upper Wolf Jaw, Armstrong, Gothics, Saddleback, Basin, Haystack, and Marcy Giant and Dix Mountain. The round trip is about five miles with an elevation gain of 2,500 ft. with plenty of 'Kodak moments.' Rain cancels.

**GIANT: FOURTH OF FIVE WAYS VIA THE MOSSY CASCADE TRAIL - [ Hike ]**
Sat, Jun 29, 2013, 6:00 am, Rating: A
Leader: Wayne Richter - 893-7895, devnull42@nycaprr.com
- Giant is perhaps unique among the High Peaks as it has five distinctly different routes to its summit. This route was my fourth of the five. We'll leave most cars at the base of the Ridge Trail, then head up the Mossy Cascade Trail. We'll pass by the lovely Mossy Cascade Brook, and perhaps get a look at the cascade. We'll take a quick detour to Hopkins Mountain, a real treat with its view up the Ausable Valley. We'll then walk along the side of Green Mountain before making the steep ascent to Giant, where we are likely to see others for the first time on the hike. Finally, we'll descend the spectacular Ridge Trail with its open ledges. The hike is 9.4 miles with about 4,000 feet of elevation change. Bad weather will cancel.

and The Flow without having to rush. The paddle is about 12 miles, at a moderate to leisurely pace. The leader has boats to lend.

MARCY, GRAY AND SKYLIGHT - [ Hike ]
Sun, Jun 30, 2013, 5:30 am, Rating: A++
Leader: Cole Hicklax - 518-359-9330, colenhicklax@yahoo.com
- This should be after the worst of the black flies and a good chance to get to three High Peaks. Rain will cancel because we want to be able to enjoy the views on Marcy and Skylight. This could be a long day; we will go slow and steady so don't feel like you have to be ready to keep a fast pace. But, you need to be ready for a lot of miles and a lot of climbing. Bring plenty of water and snacks.

SEYMOUR PEAK - [ Hike ]
Sat, Jul 6, 2013, 5:00 am, Rating: A+
Leader: Mike Fuller - 802-254-3314, farmallboy55@hotmail.com
- Working on your 46? Then come along for a one peak day. About 14 miles and 2,370 ft. of ascent. Bring three or four liters of water, bug dope and lots of fun. I've never climbed this peak without snow [4/5ft] so I hope someone knows the way. I'll bring a water filter if anyone needs it. It's pretty flat to Ward Brook Lean-To then up to the herd path. No phone calls after 7:00pm the night before the hike or on the morning of hike. Meet at Panera Bread 5:00am Queensbury. No phone calls after 7:00pm the night before the hike or the morning of the hike.

TUESDAY EVENING PADDLE
Tue, Jul 9, 2013, 5:30 pm, Rating: NR
Leader: Maureen Coutant - 745-7834, mojim@roadrunner.com
- Join us on flat water or gentle streams within an hour of Glens Falls. We don't go very far or fast, but have a great time getting out in the evening and exploring the waters just before dusk. It's a beautiful time to be out. Call or email Sunday or Monday to find out where we'll be going. Thunderstorms in the forecast will postpone the trip.

TREADWAY MOUNTAIN - [ Hike ]
Sat, Jul 13, 2013, 8:30 am, Rating: B
Leader: Reg Prouty - 518-747-9736
- This is a pleasant hike in mid-summer when hopefully there will be large ample blueberries this July. The roundtrip distance up this mountain near Ticonderoga is about eight miles with mildly steep sections and only 900 feet of ascent. It will be an all day hike with plenty of time to enjoy the fine view of the Pharaoh Lake Wilderness Area.

MONTMCAL POINT HIKE & SWIM
Sun, Jul 14, 2013, 9:00 am, Rating: C+
Leader: Neal Van Dorsten - 518-644-9453, nealvan@aol.com
- We will take a hike along the beautiful shore of Lake George from Clay Meadow to Montmcal Point. This 6+ mile hike has some up and down, but mostly easy hiking. We will then take a swim at the point and enjoy boat transport on our return. Space is limited. Will meet in Bolton Landing at the public parking lot next to Cafe Verro.

TENANT CREEK FALLS - [ Walk/Hike ]
Sun, Jul 14, 2013, 8:30 am, Rating: C
Leader: Jessica Gottung - 944-9225, gottung001@nycap.rr.com
- Located in the town of Hope, we will walk to the 1st of three falls on this hike to keep things safe for the little ones. Pack a pair of water shoes or sandals for the kids. As there are no opportunities to splash in the rocky creek! We will break for a snack by the waterfall. Please wear appropriately enclosed shoes and don’t forget the bug spray!

BRANT LAKE BIKE RIDE
Tue, Jul 16, 2013, 9:00 am, Rating: B
Leader: Neal Van Dorsten - 518-644-9453, nealvan@aol.com
- This bike trip meanders along Schroon River and circumvents Lake Brant. There are some small hills, but mostly level. Total distance is 28 miles at an easy pace. No one will be left behind. Meet at the parking area at Exit 24 Northway.

Treadway - Pharaoh Wilderness Sat, Feb 2, 2013, Bill Morse
- This was an excellent day for a hike up Treadway! There was enough ice to cross Putnam Pond to the Treadway trail. The trail was frozen snow with some ice patches, but nothing we could not walk around. Great views at the top, but with a little breeze blowing we didn't want to hang around too long. In the woods was no breeze and it was very comfortable, especially on the return trip.

A great group to hike with.

Participants: Susan Keely, Joanne Walczak, Kathy Ryan, Cheryl Agnis, Colleen Downing, Karen Burka, Erik Kimmelman, Bruce Cushing, Bill Morse, and Abby the dog. Abby especially enjoyed meeting everyone.

Tuesday Trek Tue, Feb 5, 2013, Maureen Coutant
- Ok, if you could have come on this one and didn't - kick yourself! It was that incredible. Laurie emailed me to say that the ice on Moreau Lake was skateable with smooth black ice! Those conditions don't last long, so I made that our midweek outing. It was amazing to see through the layers. We saw all kinds of cool ice or snow bubbles frozen between layers. You could see down to the bottom and see a tree resting there. We saw a couple of dead fish and plants suspended in the ice. We skated around the lake checking it out and felt like kids again! We skated a Figure 8 and then decided to write a message to be seen by any planes. So we etched a C and an L on either side of the 8 to spell out 'cool,' which it was! So cool that I came back with my daughter and husband and Laurie and her son after school that same day! Who knows when those conditions will return... it only lasted until that Friday when it was covered with snow. See pictures in the gallery.

Participants: Mo Coutant, Licia and Steve Mackey, Joy Munro, and (special thanks to) Laurie Williams.

Pyramid & Gedics Sat, Feb 9, 2013, Steve Mackey
- We moved the trip from Saturday to Sunday because of all the media reports of the blizzard going to be obviously over. Eight inches or more! We could have gone, but our change in plans brought a glorious sunny day. Usually, on this hike, we don't see any other groups doing the same mountains, but on this trip, we had two other groups and a lone hiker, (that broke trail all the way up), that we ran into. We were able to hang out a bit, on both Pyramid and Gedics, which is a rare treat this time of year. Most of the group wanted to also climb Sawtooth, so while they bagged another peak, I skied the road an extra time.

Monday Geocache Mon, Feb 11, 2013, Sarah King and Maureen Coutant
- This month we looked for geocaches along the canoe carry near the horse-shoe dam not far from Moreau State Park. We've paddled just upstream of the dam and once got out and walked along the carry to overlook the dam, so it was interesting to find a way in from a road. We found all but one of the caches, but we also found some cool tracks. One of them we're pretty sure was a river otter with a pretty distinctive stride. The others, we're not sure.

Participants: Mo Coutant, Sarah King, and Licia Mackey.

Tuesday Trek Tue, Feb 12, 2013, Maureen Coutant
- This week we were going to do a snowshoe along the Red Ridge trail in Moreau State Park, but once we got there we decided we only needed our grippers. Those turned out to be fine, although some of the downhills were a little difficult. Not too bad though. We finished with snacks or lunch in the warm-house. We walked along the stream, past the spouter, and through SPAC. When the snow was getting soft. Wow, winter on Allen with just your base layer, leading. It was "Team Saddleback!"

Participants: Mo Coutant, Licia and Steve Golub, Nancy Kielland, Licia Mackey, Paul Messina, Bill Schwarz, Joanne Zott, and Judith Thomas.

YMG - Big Slide - High Peak Sat, Feb 16, 2013, Jonathan Lane
- We were blessed with an incredible day in the woods. The views of the Great Range while hiking over the Brothers is spectacular! And butt-sliding down from the summit was a ton of fun! Participants: Jonathan Lane, Rachel Luch, Denise McQuade, and Majde Takeddinn.

Tuesday Trek Tue, Feb 19, 2013, Maureen Coutant
- This week we walked along the Hudson Falls to Ft. Edward section of the Feeder Canal Trail. The trail was mostly free of snow, but there were icy patches that made grippers helpful. Most of us walked around them though since you didn't need the grippers most of the time. We saw a piledu woodpecker, but not too many other birds. A nice skating rink on the canal though in Hudson Falls. If only we had our skates!

Participants: Mo Coutant, Bill Glendenning, Louise and Steve Golub, Licia and Steve Mackey, Joy Munro, Nick Ringelberg, and Bill Schwarz.

Bassin/Saddleback Peaks Sat, Feb 23, 2013, Mike Fuller and Steve Mackey
- The first thing that I'd like to mention in this trip review is my "mistake" with my e-mail address. As if you didn't know! It was 55/65/bob@&.com. We had a great turn out and a lot of people showing up for the hike whose e-mails I did not receive. I'm glad you came. We carpooled to the Garden, it's a good thing. At 7am the lot was almost full. We booted it to Slant-Rock where we switched to snowshoes. A light snow was falling and Steve, who was leading, said the trail was already broken open; I was sweeping. We went up over Shoney Shortcut, a few from the group were blast by wind and snow, but the rest had no problem. Up to Basin, where we were blasted by wind and snow. The back side of Basin had a dangerous butt slide, thanks to our blockers who kept us from going over into the abyss. When we got to Saddleback it was real teamwork. I was most worried about Denise but thanks to a great group we worked together and got everyone up. Congrats to Cole who finished his Winter 40! Thanks to Rob for giving him the (velcroed) winter rocker off his pack. Off to One Bed Trail where we grabbed some pictures and eats. The hike out couldn't have been better with light falling snow and a group picture at the ranger cabin, thanks to Jen, our trip photographer. We managed to get out without lapsms. Thanks to Steve for co-leading. It was "Team Saddleback!"

Participants: Rob Beiman, David Charles, Hugh Davis, Cole Hiblock, Nancy Kass, Holly Lee, Rachel Luch, Steve Mackey, Denise McQuade, Wayne Richter, Jen Shepherd, and Mike Fuller.

Tuesday Trek Tue, Feb 26, 2013, Maureen Coutant
- This week we walked along the trails in Saratoga State Park. There wasn't much snow, but we needed our grippers for some of the icy parts of the trails. We walked along a stream, past the spouter, and through SPAC. When the sun came out, it almost felt spring-like but not quite! Heather Mackey joined us in between field projects in exotic locations; it was good to catch up! Participants: Mo Coutant, Licia and Steve Golub, Ginger and Joe Kelterborn, Sarah King, Eric Krantz, Heather, Licia and Steve Mackey, Joy Munro, Joanne Zott, and Laurie Williams.

The Wolfjaw Peaks Sat, Mar 2, 2013, Ron Lester and Melody Hoffmann
- Once again, the weather forecast was way off. All day snow showers, with moderate winds and chill factors of zero were called. But there turned out to be not a flake of snow, barely a breath of wind, and two totally comfy summits, albeit stuck in the clouds with no views. There were a lot of new slides in the area from Irene. We had a good day out in the mountains and encountered a variety of hikers, including those looking for a lost dog, as well as a couple skiing up the trail with their infant son. Awesome trail brownies Wayne. They may be better than Mr. Fuller's. The moral of the story is stop granting the weathermen unconditional credibility! Get out there and enjoy the outdoors. Cheers!

Santanoni Great Camp Sat, Mar 2, 2013, Steve Mackey
- We had a good turnout and good skiing. Newcomb had four foot high show banks along side the road, so it was a little bit of a different world compared to Glens Falls. We got a bit spread out, due to equipment issues, and different skiing abilities, so during most of the day there was at least a person or two along each mile of the five mile distance. I never did quite make it all the way in, but I got to see Bill's pictures and it looks like most of the group got a good overview of the old great camp. Participants: Old Ray Bouchard, Jim Dickson, Bill Schwarz, Scott and Kathy Ryan, Joanne Armstrong, Peter, Daniela and Luc Belikis, Holly Rippon-Butler, Mimi Zucker, Dave Paddock, Eberhard Burkowski, Mary Ann Moran, Steve and Licia Mackay.

Tuesday Trek Tue, Mar 5, 2013, Maureen Coutant
- This week we headed up to the Warren County trails on and next to Cronin's Golf Course in Warrensburg. It was a 'make your own adventure' trip. Most of the group chose XC skiing on the golf course while a few of us walked through the woods. Afterwards, we headed into Warrensburg for a nice lunch.

Participants: Joanne Armstrong, Mo Coutant, Louise and Steve Golub, Nancy Kimball, Eric Krantz, and Licia Mackay.

Allen Peak Sat, Mar 9, 2013, Mike Fuller
- Allen Peak didn’t live up to ‘The Big Nasty’ it was more like the big easy. We started out with blue sky and 12 degrees. We crossed the Hudson with garbage bags and we were on our way to Allen on a hard packed trail. Once we reached Skylight Brook, it was snowshoes to the top. Temps had climbed and the snow was getting soft. Wow, winter on Allen with just your base-layer, some views, eats, pictures and we were on way back. We got out just after 6:00 with sleeves rolled up and the last of the sunshine. Participants: Glen Cabby, David Charles, Denise McQuade, John Kwansowski and Mike Fuller.

Woodhull Fire Tower with a St. Patty’s Theme Sun, Mar 10, 2013, Jen Shepherd
- Woodhill in winter ... over 15+ miles round trip of seemingly easy, flat terrain for more than the first half of the trip. In non-winter months, the only difficulty about this hike is it’s length. Add a little snow and it becomes one tough monster. Once our little group got settled with parking, we’d be walking 0.6 miles in to the actual trailhead. The road is not maintained in winter, aside from snowmobile use. Most people elected to wear snowshoes in while one person bare bootied and another was in micro-spikes. It wouldn't be long before they put

snowshoes. We had a nice crunchy layer of snow for the first portion of the hike. It was, however, very uneven making even walking in snowshoes difficult. It eventually turned in to soft snow that made for a great deal of sliding around.

We made great time to the junction and making the summit in great time was looking promising. As the miles ticked by the boring flat sections of trail passed on, the day was looking much more grim. The near 50°'s forecast was short lived. It seemed as soon as the sun came out, it was replaced by an overcast sky and a chilly wind. An omen of the mountain. I had two hikers well ahead of the group, Nick and Jon. They broke out the trail and made it to the summit. I passed them coming down on my way up. I was a mere half mile away and faced with the choice of turning back or pushing on. Push on I did. Rachel caught up and went to the summit with me. The rest of the group would be taking a break at the bridge and turning back after some relayed messages were passed. I finished my winter fire tower challenge and booked it back to the rest of the group. We had a very long and grueling day with many miles left to go until we’d see the cars. Upbeat chatter helped pass the time. We finished the hike a few hours later than I had planned, some of us with strains, sprains and everyone suffering from exhaustion. For an easy hike, this was by far tougher than any of the toughest High Peaks I’ve experienced thus far in winter. Just a gentle reminder of what the Adirondacks can dish out.

I had summit celebration plans and wanted such a nice day for all. Even though things didn’t turn out the way I’d planned, we all persevered. Everyone held their own and powered through. I had a great group of troopers and I’m glad to have had each one of you with me despite the dismal experience of the day. Never again Woodhull, never again! 7 Participants: Nick Lanzillo, Jonathan Owens, Jen Shepherd, Rachel Luch, Erica Halbrook, Bill Barton, and Gary Wilcox.

MacNaughton Mt Sun, Mar 10, 2013, Jean Holcomb and EJ Holcomb - Sometimes the mountain is cruel and sometimes planets align. We had a beautiful day for an early season climb over our attention. As most of you know this is a pure bushwack so anything is possible. There is still blowdown from Hurricane Floyd on the west side. I had not planned to attack from that side but an email changed my mind. Sean Green had summited by himself on Saturday and left a snowshoe trail from Preston Ponds. That was enough to convince me and ultimately led to 11 hikers summiting in five hours (9- round trip). Sean’s approach was masterful. He had gone straight up the brook and so was able to go under most of the blowdown. While I can’t say we had an easy time, it was certainly doable and 11 snowshoes pack down a pretty good trail so we didn’t have too much trouble when the snow got soft mid-day. Only the bigger John had a mishap and fell in the brook but he soldiered on and I didn’t hear about it until the ride home. Jayne Bouder did a great job at sweep, pushing gently from behind to get us all up the mountain. The views up top were superb with the leaves off the trees. To save time and energy, we came out on Henderson Lake, although some of us, including me, were pretty scared. It did save a mile and got us out fitch. It was a really great group. Everyone had a good attitude. I really did have my “village.” 12 Participants: Cole Hickland, Dan Stec, Ed Dandarow, John Stuebcki, Bob Niedbalski, Dave Sene-cal, John Maxwell, Jean Holcomb, Jayne Bouder, Terje, Kuusk, Helena Neva-rez.

Monday Geocache Mon, Mar 11, 2013, Sarah King and Maureen Coutant - This month we walked along a snowmobile (or sled) trail up Bald Mountain just outside of Corinth. When we left the trail we sunk into the snow in spots, but in other places you could see the bare ground. We couldn’t figure out why it was named ‘Bald’ since we didn’t get to a spot that had a view, but maybe we just didn’t go to the right spot. We found lots of caches though and I think I caught a glimpse of a fisher crossing the trail as we headed down the trail. We found fresh tracks and they looked to our untrained eyes as possibly from a fisher. The next day it rained all day, so we were glad to get out and see all the tracks in the snow before they got washed away. 3 Participants: Mo Coutant, Sarah King, and Licia Mackey.

Tuesday Trek Tue, Mar 12, 2013, Maureen Coutant - This week we walked along the Harry Betar Trail which has an upper and lower section in South Glens Falls. Along the trail are the remnants of old plants used by the area over the past 150 years. You walk along the river and there are some interesting features to get a great view of the river and any wildlife and birds. We’ve seen beaver, river otters, and many varieties of birds on other trips. This time, just Canadian Geese. 10 Participants: Joanne Armstrong, Ken Corsetti, Mo Coutant, Anita Dingman, Licia Mackey, Joy Munro, George and Irene Sammons, Bill Schwarz, and Deb Wood.

YMG - Mt. Marcy Sat, Mar 16, 2013, Jen Shepherd - It was a small group for this big Mt. Marcy adventure. The day started a bit overcast with hints of blue skies in the distance. We had a beautifully packed trail the entire way. We kept a great pace, made excellent time to Marcy Dam where we met the frozen water. Snow therapy, I tried to my moose out by running full steam into a fallen birch over the trail. I blamed my fogged up glasses but really I was watching my feet and not the trail! As the miles ticked by we were treated to sunshine peeking through the trees onto the trail. Every so often we’d get to sneak a view with a gorgeous blue sky background. The closer we got to Marcy though, the more overcast it got. With 1.2 miles left to the summit we were passed by the Albany Chapter while finishing up our lunch. We pushed the miles later as we were refueled and ready to summit. The last half mile became a friendly passing game between the chapters as we each made our way to the top. It was nice to see some familiar faces and friends from another chapter! The summit provided little by way of views but was very pleasant for a short visit. There was hardly any wind and the temps were comfortable enough to allow everyone time for snacks and photos. Due to cancellations and the agreement of my remaining hikers, we had a special guest hiker for the day. Bandy was the star running circles up and down the trail. I’m pretty sure she ate more trail food than anyone in my hiking party all day, she even got some of the Albany Chapter to fall for her cuteness and share a bite or two! Our trip back down was quick with stops at Indian Falls and Marcy Dam. It was an excellent day with some great company. Stay tuned to the chapter website for photos. Total hike time was 8 hours. 4.5 Participants: Jen Shepherd, Leighann Nelson, Nur Atalay, Joe Durma and his lovely companion Bandy. Thanks to all for the awesome day!

Seward Range Sat, Mar 16, 2013, Steve Mackey - I originally had about eight people signed up for this hike, and then we learned that the authorities had closed the gate going into the summer trail head. It was going to add about six miles to the round trip distance and the road was going to be muddy (poor skiing). Almost everybody canceled. We then tried to decide what peaks the remaining hikers needed for their Winter 46. The decision was to hike Dix and possibly Hough. On the way up to the High Peaks on Friday night, Licia and I got caught in a sudden white out, and ended up careening off of a pickup truck, that was careening off another car, that had jammed on their brakes. We didn’t make it back up to the High Peaks until the next morning in a different car. Meanwhile Mike Fuller came to the rescue and led the hike up Dix. I don’t know any details other than it was a sunny day, and that they had a good hike. 3 Participants: Mike Fuller, Denise McCuaide, and Nancy Kass.

Tuesday Trek Tue, Mar 19, 2013, Maureen Coutant - This week we used what was left of the snow. We headed to Cran dall Park (Cole’s Woods) and decided the coverage probably wouldn’t be the best for skiing, so we went out in snowshoes and grippers. Steve had old skis and decided to give it a go. We crossed paths with him a few times as we wandered around the trails in the woods. There weren’t too many bare spots and we got a better workout than we expected. It was probably the last time out on snow for this season, but you never know around here! We’ve had the best snow in March this year! Maybe an April storm will get us out again, but I’m hoping for April flowers! 5 Participants: Joanne Armstrong, Mo Coutant, Caro lyn Curren, Anita Dingman, Sarah King, Licia Mackey, Joy Munro, Joanna Szot, Laurie Williams, and Jean Williamson.

Hoffman Mountain Sun, Mar 24, 2013, Jayne Bouder - We started early and headed up Hoffman’s north ridge. The going was nice with the usual claw up the Big Bump (worse going down), and brief bought with a thicket of 15-year-old softwoods growing through old blowdown (that we could have avoided to the west). Excellent snow! Deepening powder on top of a hard deepening base covered most of the junk as we ascended. It might have been 3-5 ft deep on top. We got out before dark, without seeming to hurry. Great conditions, beautiful day, awesome group! 5 Participants: Hanna Becker, Jayne Bouder, Scott Cooper, Nick Lanzillo, and Jeff Mans.

The Hadley Fire Tower Committee is seeking someone with the necessary "know-how" - expertise and experience - to lead a trail crew for our annual maintenance day. We would like to do this in conjunction with National Trails Day on June 2nd. We work under the recommendations of our committee's DEC representative Ranger Tony Goetke as well as what we encounter on the given day. This includes cleaning and/or building water bars, removing any fallen trees, limb and/or other debris and also clearing growth around the cabin. We are part of the AANR agreement and do require waiver forms to be signed as is done with similar ADK activities and their scheduled hikes.

We would also like to extend an invitation to anyone interested in joining the committee and its efforts to keep the tower, cabin and trail in good condition and to continue with our summer steward interpretive program.

If you fit the initial description above and are interested in helping us out, or, if you would like to be part of our committee, please contact Linda at liranado@hotmail.com or at 696-7265.
Adirondack Mountain Club is a partner with the Leave No Trace Center for Outdoor Ethics.

Leave No Trace Principles:

1. **Plan Ahead and Prepare**
   - Know the regulations and special considerations for the area you’ll be visiting.
   - Prepare for extreme weather, hazards, and emergencies.
   - Always leave your itinerary with someone at home.

2. **Travel in small groups to minimize impacts.**
   - Travel and Camp on Durable Surfaces
   - Hike in the middle of the trail; walk through (not around) puddles/mud.
   - Stay off of vegetation; walk on rocks where possible.
   - Camp in designated sites where possible.
   - In other areas, don’t camp within 150 feet of water, trail, or a road.

3. **Dispose of Waste Properly**
   - Pack out all trash (including toilet paper), leftover food, and litter.
   - Use existing privies, or dig a 6-8 inch deep cathole at least 150 feet from water.
   - Wash yourself and dishes at least 150 feet from water. If needed, use only small amounts of biodegradable soap.

4. **Leave What You Find**
   - Leave rocks, plants, and other natural objects as you find them.
   - Let photos, drawings, or journals help capture your memories.
   - Do not build structures or furniture or dig trenches.

5. **Minimize Campfire Impacts**
   - Use a portable stove to avoid the lasting impact of a fire.
   - Where fires are permitted, use existing fire rings and collect only downed wood.
   - Burn all fires to ash, put out campfires completely, and hide traces of fire.

6. **Respect Wildlife**
   - Observe wildlife from a distance.
   - Avoid wildlife during mating, nesting, and other sensitive times.
   - Control pets at all times, and clean up after them.

7. **Be Considerate of Other Visitors**
   - Respect other visitors and protect the quality of their experience.
   - Let natural sounds prevail; avoid loud sounds and voices.
   - Be courteous and yield to other users; take breaks to one side of the trail.
Outings Instructions: For more information see “Chapter Handbook” on our website’s Chapter Links

Sign Up
Contact the Outing Leader at least two days (preferably a week), before the activity so he/she can explain the capabilities required and to determine the number attending. Failure to call may result in not knowing about cancellations, rescheduled departures, etc. Guests are always welcome, but must also register! PLEASE be considerate when signing up for a trip. Advise the leader if you cannot make a trip so as not to impact others’ plans. Trips WILL BE CANCELLED if minimums are not met, thereby affecting all parties. For safety, the MINI MUM number for Outings is: 3 people, including the leader (4 in winter). Panera Bread is the meeting spot unless otherwise noted in the trip description. Be there and ready to depart at the posted time (directions below).

Meeting Place Information - Panera Bread
Northway Plaza, 820 Route 9, Queensbury, NY 761-6957/3
- From NORTHWAY (I-87) Take Exit 19 and go east on AVIATION / QUAKER Road. Follow 0.5 miles to ROUTE 9/GLEN STREET. Turn North (LEFT) onto ROUTE 9, then right at the light into the NORTHWAY PLAZA. Then take a left at the four-way stop, and park in front of Panera Bread.

Travel Information/Car Pools
We encourage carpooling to trailheads for both environmental and practical reasons (limited trailhead parking) and may alter meeting locations due to destination or participants. If you are able, it’s helpful to offer to drive your vehicle. If you are a passenger, consider current fuel prices, travel miles and number of passengers when contributing your fair share to the driver.

Participation Guidelines
Leaders are responsible to evaluate interested parties’ fitness for that outing, review specific guidelines, and lead the trip. They are not paid guides, but volunteers. Participants are asked to cooperate and respect their authority and decisions. *Is this the right Outing for you? For those not experienced in strenuous trips, it is best to begin with something easier and work your way up. The Leader will assist in evaluating skill level and suggest alternative outings if more appropriate. For the safety and comfort of all, the Leader has the discretion to deny participation if he/she feels someone is not a good match for that trip. Based on the expectations and skills of the entire group, Leaders may have more flexibility for some trips, so definitely talk with them. DO NOT TRY STRENUIOUS OUTINGS UNLESS YOU HAVE DONE THAT ACTIVITY REGULARLY (and recently and are in good shape as necessary for that outing). *An ADK Liability Waiver must be provided by the Leader and signed by all participants before the trip begins. This is a requirement by ADK HQ. Parents must sign for minors. *No Pets allowed on outings except where designated in the description.

Hiking Needs/Preparation/Equipment
Bring trail food and plenty of water on ALL hikes! *Clothing made of Polyester blends, polarguard or wool are recommended as they retain warmth even when wet. — please do not wear 100% cotton clothing! It is also wise to bring raingear. Other pack essentials: compass and map, headlamp/flashlight, first aid kit, hat, gloves, and extra socks. Adirondack weather can and does change suddenly. Don’t trust the forecast or the sky based on the start of the day. Be prepared!

Ratings

Special Winter Needs
In addition to the preparation/equipment mentioned above, winter requires some EXTRA planning. Look for special notes in the Outing description and discuss with the Leader. Depending on conditions, participants can expect to bring Snow Shoes and Crampons. Bring lots of Water. Dehydration comes easier in the winter and we feel its effects later... usually AFTER the fact. Be wise with Emergency Clothing. Bring an extra wool/polypro hat, mittens and socks. Vented Shell pants, jackets and mittens are commonly used with warm layers beneath.

Rating Effort Level  Elevation Gain (feet)  Miles  Time (hours)
