James Bruchac is an award-winning author, storyteller, tracking expert, wilderness instructor, and guide. Raised in the Adirondack foothills town of Greenfield Center, Bruchac is the eldest son of world-renowned Abenaki Indian storyteller and author Joseph Bruchac III. Of Abenaki and Slovak descent, Bruchac grew up immersed in the outdoors and the art of storytelling. Due to their combined efforts to educate others about the natural world, Bruchac and his father were awarded a Conservation Achievement Award from the National Wildlife Federation in March of 2005.

As a storyteller, Bruchac has spoken at storytelling festivals around the United States, including the Smithsonian Discovery Theater in Washington DC, the Corn Island Storytelling Festival in Kentucky, the Noble Tales Festival in Indiana, and at both the Indian Summer and Riverbend Festivals in Wisconsin. Additionally, he has spoken at the John F. Kennedy Library and Museum in Boston, the Connor Prairie Museum in Indiana and The Adirondack Museum in Blue Mountain Lake. Along with having published a number of picture books of traditional Native stories including the classic How Chipmunk Got His Stripes and The Girl Who Helped Thunder, Bruchac has been featured on the PBS special Adirondack Storytellers (WMHT/PBS). As the Director of The Ndakinna Education Center and the Northeast Mammal Trackers Training Center in Greenfield Center, Bruchac educates and trains people of all ages and levels of expertise about native culture, myths and stories; tracking; survival skills; and wonder for our natural world.

The Change of Seasons!

By Laura Fiske, Chapter Chair

It is hard to believe fall is right around the corner. Even though summer is waning, that does not mean there is not a lot to take advantage of in the great outdoors. We continue to have plenty of trips for all interests. Hopefully the fall colors will be spectacular!

In addition to our chapter activities, ADK will once again be participating in the Ragnar Relay as the official 2014 charity. This is an overnight running race that takes place from Saratoga Springs to Lake Placid. The course begins in Saratoga Springs, goes along the Hudson River, passes through Lake George, the southern side of Lake Champlain and finishes in Lake Placid. The relay is September 26th and 27th. Ragnar will pay the ADK $100 for each volunteer we provide, which will be split 50/50 with the ADK chapters that provide volunteers. This is a win-win for the club and the chapter. If you would like to participate please contact the main club to sign up. Additional information is available on Ragnar relay website and by contacting the main club.

Please be sure to send in your registration form for the annual dinner on October 24th at the Wishing Well restaurant. In addition to a plated dinner, we will elect officers for 2015 (we still have openings), vote on by-law amendments and enjoy a program by storyteller Jim Bruchac. Please review the slate of officers and by-law amendments in this newsletter.

In closing, I remind everyone that we could use some help on the standing committees that are listed on this page of the newsletter. Many of the committee chairs operate with only one person and some committees have no members. Please consider volunteering. We need your help to continue to be a vibrant and growing chapter. I hope to see many of you at the annual dinner in October. As always, if you have any questions, concerns or ideas please let me know.

Vote for Chapter Officers at Annual Dinner on October 24, 2014!

Chapter members will vote at the Wishing Well Restaurant in Wilton, Friday, October 24, 2014 for the following slate of 2014 officers as presented by the nominating committee:

Chapter Chair: Laura Fiske (re-election)
Secretary: John Caffry (re-election)
Treasurer: Steve Mackey (re-election)

Please note we have vacancies for chair positions (2) and directors (3). If you are interested please contact Kerri Healy to learn more about the duties and responsibilities for these positions.

Please see the chapter website for biographies for these nominees. Additional nominations, in writing, may be submitted by any member entitled to vote to the chair of the Nominating Committee, Kerri Healy, by close of business, Friday, October 10, 2014. Such nominations must be signed by no fewer than twelve voting members. In the event that there is more than one candidate for any given office, at the annual meeting the Secretary shall furnish a ballot containing the names of all nominees, arranged in alphabetical order, as candidates for each office. This ballot shall be the exclusive means of voting for officers and Directors. The successful candidate for each position shall be determined by a simple majority of the votes cast.

For chapter members that are unable to attend the annual meeting in person, an absentee ballot will be furnished to voting members upon written request to the Secretary and shall be counted if received by the Chapter Secretary prior to the annual meeting.

Proposed Chapter By-Law Changes
Amendment to Glens Falls-Saratoga Chapter of the Adirondack Mountain Club Constitution & By-Laws

The following sentence shall be added at the end of the second paragraph of Article III, Meetings (Page 4) - Meetings of the Executive Committee may be conducted by conference call or other electronic means which allow all of the participants to hear and speak to each other at the same time.

Page 4 - Article IV – Committees. Delete “Annual Dinner”

The following sentence shall be added as the second sentence of Article V – Quorum and Voting (Page 5) - Vacant positions shall not be counted in determining the necessary number of persons required to be present for a quorum.

The following paragraph shall be added to Article V – Quorum and Voting (Page 5) - The Executive Committee may also take action on urgent matters, which in the judgment of the Chapter Chair should be acted on before the next meeting, by a vote conducted by e-mail or other such electronic means. The Chapter Chair shall initiate such a vote by sending to all members of the Executive Committee an e-mail or other such electronic message which contains the proposed resolution. The resolution will be deemed approved if two-thirds of all of the members of the Executive Committee respond affirmatively. The results of the vote shall be set forth in the minutes of the next meeting.
The spring and early summer has seen the list of FTC finishers grow by six. The new members are Dan Monroe (Winter Rocker), Mike Broomberg, Eva Freeman, Gail Tremblay, Rick Molongoski and Venus Webb. Hopefully this is a good sign that more people are getting and completing the Challenge. We have noticed an increase in the amount of finishers who state they have mentioned how much they enjoyed doing the Challenge to friends and colleagues. Word of mouth is the best advertisement and the word is getting around. Enjoy the rest of summer!

New Chapter Policy Regarding Dogs on Chapter Outings

Some members have inquired about having dogs on chapter outings. The chapter executive committee has discussed this issue over the last several months and has approved a chapter policy regarding dogs on outings. The executive committee feels this policy codifies current practice and the intent of previous discussions. The policy is effective immediately and is intended to ensure that every chapter member can enjoy chapter outings.

Adirondack Mountain Club, Glens Falls – Saratoga Chapter

Policy for Bringing Dogs on Chapter Outings

Participants in Chapter outings will be allowed to bring their dogs on outings in the following circumstances:

- Any participant may bring a dog on an outing that has been designated by the outing leader as a “dog outing” and which has been publicized as such.

- An outing leader may bring the leader’s dog on an outing led by that leader, that has not been designated as a “dog outing,” if the notice of the outing discloses that the leader will be doing so.

All dogs on Chapter outings will be kept on a leash at all times.

Revised by the Executive Committee on June 18, 2014

EXECUTIVE COMMITTEE MONTHLY MEETING - [ Other ]
Wed, Sep 3, 2014, 7:00 pm, Rating: NR
Laura Fiske - 888-888-8888, lleacox@nycaprr.com
- Board Meeting: Carl R's Exit 18

REDFIELD AND CLIFF - [ Hike ]
Sat, Sep 6, 2014, 5:30 am, Rating: A+
Wayne Richter - 518-893-7895, wrichter@nycaprr.com
Colead: Chris Greco - insaratoga@gmail.com
- It's been a while since we've had a chapter hike to Redfield and Cliff. Redfield is a greatly under-rated peak with an enjoyable climb along the stream and a great summit view. Cliff is, well, Cliff, especially if you like a challenging climb. We'll start at Heart Lake and go over the Lake Arnold pass before heading up the herd path. If time and energy allow, we may return via Avalanche Pass.

MT. COLDEN - [ Hike ]
Sat, Sep 13, 2014, 6:30 am, Rating: A+
Bill Morse - 518-585-9153, fishermanpike@yahoo.com
- We will hike from The ADK Lodge and return the same way.
Round trip is 12.6 miles. Pace will be moderate to fast. Leader may bring dog on this hike. No other dogs allowed. Meeting at 6:30 AM at Exit 29. Those that want to meet at Panera can do that and I will try to get people connected.

OK SLIP FALLS AND BLUE LEDGE OVERLOOK - [ Hike ]
Sat, Sep 13, 2014, 7:00 am, Rating: B
Nick Ringelberg - 518-522-6863, nickringelberg@yahoo.com
- We'll do a loop hike to OK Slip Falls and Blue Ledge Overlook with stops at Carter's Landing on the Hudson River (where the disappearing stream, Carter Brook, goes underground for 1/4 mile then bubbles back up near the Hudson River) and Tippecanoe Landing on the Hudson River (below the Blue Ledge). About 1/3 trail and 2/3 bushwhack to this newly opened Hudson River remote and seldom explored area. Eleven miles and 1,500 feet elevation gain.

KINGS FLOW, HUMPHREY MT. TRAIL (UNMAINTAINED) - [ Hike ]
Sat, Sep 13, 2014, 8:00 am, Rating: B
Rich Crammond - 518-584-2380
Colead: Jayne Boudier - 518-793-3770 or boudier@verizon.net
- Approximately 8.6 miles round trip, about 1,184 feet of elevation change, and around 0.5 miles of bushwhacking to the summit if we go that far. We'll have an old lumber camp area and garnet mine tailings along the way. We will car pool from the Tops supermarket, North Creek village, Main Street meeting place. Please dress for fall weather and think adventure. See you there!

HURRICANE MOUNTAIN - [ Hike ]
Sun, Sep 14, 2014, 8:00 am, Rating: B
Jack Whitney - 518-793-9210, jack1758@roadrunner.com
- We will be hiking Hurricane from the East. It is a 2.7 mile hike to the summit with 1,700 ft. of elevation gain. Starting off, we will be walking on the old road leading to the site of the former Observer's cabin. Once past this site, the real climbing begins to the summit and the firetower and spectacular views all around.

TUESDAY PADDLE - Tue, Sep 2, 2014, time TBD, Rating: NR
Mo Coutant - 745-7834, mojim@roadrunner.com
- The paddle trips will usually be in the evening, but every now and again I might switch it up to a day paddle if the weather forecast is better or if I want to do something a little longer. Send an email or call on Sunday or Monday to find out the where and when! We will usually be on flat water somewhere within a half hour of Glens Falls, but not always!

BLACK BEAR MT. - [ Hike ]
Sun, Sep 7, 2014, 7:15 am, Rating: B-
Jack Whitney - 793-9210, jack1758@roadrunner.com
- This mountain is located in the Moose River Plains wild forest area. This is about a 5 mile round trip with only 532 ft of elevation gain but affords great views from the summit. Call or e-mail leader for details.

MONTHLY MONDAY GEOCACHE - [ Hike ]
Mon, Sep 8, 2014, time TBD, Rating: NR
Sarah King - 744-9348, scubakings@roadrunner.com
Colead: Mo Coutant
- During the school year, we go out every month for a walk or hike with the purpose of finding geocaches that have been hidden lately. If they aren't too recent, then Sarah has probably already found them! So we leave it up to Sarah to plan where we go each month. You don't have to know anything about geocaching to come. It's just another excuse to get out in the woods. Call or email a few days before to find out the plan!

PITCHOFF MTN - [ Hike ]
Tue, Sep 9, 2014, 8:00 am, Rating: B
Maureen Coutant - 745-7834, mojim@roadrunner.com
- This is a ridge hike with views down to the Cascade Lakes and over to the High Peaks. Just across Rt 73 from Cascade and Porter. It's been ages since I've done this hike. We'll visit the balanced rocks at 1.6 miles and the summit at 2 miles then continue along the ridge and return to RT 73 where we will have left some cars. Approx 5 mile RT, Ascent 1,440.

HAWKES - [ Program ]

GIAN OF THE VALLEY MTN FROM THE NORTH - [ Hike ]
Sat, Sep 20, 2014, 7:00 am, Rating: A+
Reg Prouty - 518-747-9736
- This lesser used trail to Giant affords a stop at Owl Head Lookout as it approaches Giant at a more gradual approach than some of the other trails. Round trip is 14.4 miles with an ascent of 3324 ft. If enough sign up we may do a return via the Hopkins trail by spotting...
a couple of cars on route 73. The foliage should be near peak by then. So let's turn out for a beautiful fall bug-free hike. Pace will not be as fast as some High Peak hikes.

**HAYSTACK MT (SARANAC 6)** - [Hike]
Sun, Sep 21, 2014, 7:00 am, Rating: B+
- Lorraine MacKenzie - 518-791-9794, otczqe@aol.com
- This Haystack Mt is not to be confused with Mount Haystack, the 3rd highest peak in NY. This Haystack has an elevation of 2,864 ft with the total ascent being 1,302 ft. The distance is 6.6 miles round trip. We will enjoy 180 degree views of Whiteface, the High Peaks, and the Saranac Lake chain at the summit. Rain cancels.

**GIANT / ROCKY PEAK RIDGE TRAVERSE** - [Hike]
Sat, Sep 27, 2014, 6:00 am, Rating: A+
- Mike Fuller - 802-254-3314, farmallboy55@hotmail.com
- This is my fall classic. We'll spot cars at New Russia Trailhead and start at Chapel Pond. Let's hope for a clear day and good color. It's around 12 miles and some great vertical. Meet at Panera Bread at 6:00 or trailhead at 7:30.

**CEDARLANDS PADDLE/HIKE**
Sun, Sep 28, 2014, 7:00 am, Rating: A
- Jayne Bouder - 793-3770, boulder@verizon.net
- Phil Brown says Cedarlands is best left for late summer-early fall (because he got bug-eaten alive in early July). He went on to say they'd discovered one of the best short paddle/hike excursions in the Adirondacks! Most of this 5,500 acre Boy Scout Reservation has been open to the public for 10 months of the year, for several years, but hasn't made it to the guidebooks yet. Start with a 7/10 mile carry to Mud Pond on a good road - and add another couple of tenths to get to McRorie Lake. The hike up Mud Pond Mountain is a mile round trip, with 700 ft ascent, and gives a 180 degree view of where you've been. So expect 9/10 miles of carrying, one mile of hiking, and 7-8 miles of paddling. I've got canoe wheels, and a 12 ft canoe, to lend. See http://blog.timesunion.com/explore/outdoors-fall-is-the-best-time-to-paddle-and-hike-this-adirondack-gem/970/

**TUESDAY PADDLE**
Tue, Sep 30, 2014, time TBD, Rating: NR
- Mo Coutant - 745-7834, mojim@roadrunner.com
- The paddle trips will usually be in the evening, but every now and again I might switch it up to a day paddle if the weather forecast is better or if I want to do something a little longer. Send an email or call on Sunday or Monday to find out the where and when! We will usually be on flat water somewhere within a half hour of Glens Falls, but not always!

- This was such a great hike last October that we'll do it again, this time early enough in the season for fall foliage. We'll hike about 2.7 miles to the ridge of the Jay Range with its stunning views of many of our favorite High Peaks once we get above the trees. We then follow up and down the mostly open ridge for about 1.5 miles with abundant views all around. Then it's back the way we came. About 2,500 feet of elevation change and eight miles in and out. The ridge is exposed so be prepared with proper clothing for wind and weather.

If they aren't too recent, then Sarah has probably already found them! So we leave it up to Sarah to plan where we go each month. You don't have to know anything about geocaching to come. It's just another excuse to get out in the woods. Call or email a few days before to find out the plan:

- Starting at Shelving Rock, we’ll zig zag our way up the ridge toward Erebus. There are nice views along the way, a short, steep bushwack to the Erebus ridge, and a great view of the Narrows from the top (when I can find it). The trip is 8 miles, with 2,200 ft ascent. The A rating means an ‘all day hike’, at a moderate to leisurely pace.

The relay is September 26-27th and starts at the Saratoga Spa State Park, skirts along the Hudson River, passes through the Lake George region, up the southern side of Lake Champlain and ends in Lake Placid. GREAT NEWS ~ ADK has been selected as the “Charity of Choice!” Organizers estimate 100 volunteers are needed. RUGAR will pay ADK $100 for every volunteer we provide, which will be split 50/50 with the ADK Chapter who provides the volunteers. Main challenge was how to get around a big pine that was blocking our way. Moving too fast and it was too shallow to really dig in. But our main challenge was how to get around a big pine that was blocking the stream. You could just barely get under and between a few branches if you did the limbo in your boat. Some boats were more accommodating than others and the resulting attempts were quite humorous. I still can't believe George made it and that Charlotte didn't fall in the water! Amazingly none of us went swimming here! Thanks go out to Joy who pulled out a wire saw and managed to cut off one of the branches hanging in the water to make a wider opening which was helpful for the wider boats. Not our ordinary flat water trip, but lots of fun, and we did make it to 2nd Lake!

Tuesday Trek  Tue, Jun 17, 2014, Mo Coutant
- We hadn't done a hike in awhile, so we headed to a favorite - Sleeping Beauty on the east side of Lake George. We were able to drive into the Dacy Clearing parking lot, which saved us a few miles and hiking time. We did the loop trail heading straight to the peak and then down to Bumps Pond and back the other side of the mountain. The trail wasn't very muddy, the bugs weren't bad, and the temperature was perfect with a slight breeze on top to keep us comfortable. We saw some frogs, toads, red efts, and a few pink lady slippers on top. Great hike and company as usual. We got back in time for a lunch at Panera before going our separate ways.

Saranac Lakes Canoe  Sat, Jun 21, 2014, Jayne Boudier
- This day trip was cancelled and replaced with a Lake George paddle/camp at the last minute. Bill and Mark were game to launch from Hueletts Landing with me and chipped in for a prime site on Duran Island, with a cove and a view of the Black Mountain fire-tower. We explored the Mother Bunch Islands, enjoyed distant fire-works on the year's shortest night, and went swimming and sunning after a half mile hike up the Five Mile Point trail. Blue sky, white clouds towering over tall mountains, light winds whipping up the surf, and the sound of waveslets all night long- the place was our pleasure for the whole 28 hours! Wished it could have been 48.

Tuesday PADDLE  Tue, Jun 24, 2014, Mo Coutant
- This week we returned to Round Lake after avoiding the lake for many years due to a lack of parking. But this spring a new parking area along Rt. 9 was completed that allowed us to launch and park. The heron rookery has been abandoned, but we saw plenty of herons so they must not have moved too far away. We also saw plenty of milkfoils or a milkfoil look-a-like. It was 20-30 yards from the shore in places. Be sure to clean off your boat if you paddle here. We were able to paddle further along the Anthony Kill than we usually can due to the beaver dam being removed earlier in the season. Afterwards, most of us had dinner or snacks outside at the Mill. It was a gorgeous night to sit outside! We paddled further along the Anthony Kill than we usually can due to the beaver dam being removed earlier in the season. Afterwards, most of us had dinner or snacks outside at the Mill. It was a gorgeous night to sit outside!
Landing and went off in different directions to change before enjoying a swim in the clear waters of Lake Placid and a sunning on the dock. Congratulations to Rose on her first High Peak. 4 Participants: Nicole Durocher Beauline, Rosemarie Pilon and Wayne Richter.

Scarfase Mt.  Sun, Jun 29, 2014, Lorraine MacKenzie
- Our path led us to an interesting wooden bridge built over the multiple beaver dams of Ray Brook. A short distance further, we encountered railroad tracks equipped with well maintained railroad crossing signs. Next we literally almost stumbled upon a Luna Moth taking a nap right in the middle of the path. After relocating it to safety, we continued our journey to the summit and found the views to be indeed limited. We retreated to a large rock outcropping that afforded beautiful southwesterly views of the Seward Range. As always, it was a great day out in the woods! 8 Participants: Bill Carpenter, April Fiacco, Laura Fiske, Margie Litwin, Klaus Sommalatte, Sharon Zaccarri, Cindy Zicker and Lorraine MacKenzie.

Cranberry Lake  Fri, Jul 4, 2014, Jack Whitney
- On the way north we ran into rain showers, so we stopped in Tupper Lake for a huge breakfast before striking out on our overnight camping trip. Starting at Burntbridge Pond trailhead, we traveled the Burntbridge to Dog Pond loop, following the trail along the edge of Cranberry Lake and then the trail headed east and we were without views of the lake for a couple of hours. Hiking past Curtis and Dog Ponds then hitting the junction, we were traveling on an old road. We stopped just before Cranberry Lake on the Otter Brook Trail to pump some of the best tasting water I’ve had out of a small stream. There were already several campers at Chair Rock Flow, so we traveled on further to the next campsite which was about a half mile to the lake, so we decided to take the 1.1 miles to Olmstead Pond to spend the night at the lean to which made about 20 miles for our first day. Rising early, with fog coming off Olmstead Pond, we ate breakfast and then hit the trail at 7:00 a.m., and hiked the Six Mile Creek Trail to Cowhorn Junction and Pond. Hiked the Cowhorn Junction Trail which for the three of us was the completion of the Cranberry Lake 50 challenge. We still had about 3.5 miles left to go to get back to our cars and stories of our journey to tell for years. 3 Participants: Rich Holm, Dan Monroe, and Jack Whitney.

Tuesday Paddle  Tue, Jul 8, 2014, Mo Coutant
- The forecast was for evening storms and my daughter was at a friend’s camp during the day, so we did this trip in the morning. Since we had extra time, we headed to Lake Abanakee which has been on our wish list for quite awhile. The trip was perfect: great company, good weather (we heard a rumble of thunder just as we were packing up), and a beautiful location. We saw a couple of loons and some osprey nests. Afterwards, some of us headed into North Creek for a pizza. Great morning out! 15 Participants: Mo Coutant, Tina Crook, Carolyn Curren, Charlie and Linda Czech, Dee Demetriou, Bill Glendenning, Mark Janey, Sharon Kendall, Stuart Leinoff, Licia Mackey, JimRalston, Gwennie Rippon, George Sammons, and Charlotte Smith.

Santanonii, Couch, and Panther  Sat, Jul 12, 2014, Mike Fuller
- Ahh! The rugged Santanonii and a beautiful summer day. Our enthusiastic group started out as I told stories about the first time I led this hike three years ago. The trail was surprisingly dry considering all the rain we’ve had. We made the turn for Bradley Pond, then came the up. Before we knew it we were at Panther trailhead. We dropped our packs and soon were on the summit. Everyone was taking pictures and taking in the view. I pointed out Couch to first timers. “We have to go way down there?” “Yes!” The hike to Couch was good, just a little mud at the Swamp. Lunch at the summit then back to Times Square where we fueled for Santanonii. The usual mud but still good going. Soon we heard cheers: Jesse Cole had finished his 46er quest on Santanoni. I gave him his 46er patch, stickers and button, then the champagne toast and pictures.

We took the old new trail back out and we were out by 8. A great day with a great group and a 46er finish! 15 Participants: JP Martin, David Acquavella, Judy Beers, Erica Holbrook, Jesse Cole, Wayne Ritcher, Colleen Downing, Patrick Reilly, Maryanne MacKenzie, Ramsu Preda, Joe Babcock, Thomas Cole, Joan Scibetta, Elizabeth McLanahan and Mike Fuller.

Cat and Thomas Mountains  Sat, Jul 12, 2014, Reg Prouty
- We started on the trailhead at Valley Woods Road and followed the blue trail to Thomas for a short break and then on to Cat for the best views and lunch. Weather was great for seeing Lake George, Tongue Mountain, Trout Lake and Edgecomb Pond below. A mini-concert was provided by Reg during lunch. Dropping down to the gravel road we returned to the trailhead happy that it was such a rewarding day. 7 Participants: Reg Prouty, Robert Garabedian, Mary Shami, Fahima Abdul Hammed, Kendra Pratt, Rich Crandall, and Marianne Hines.

Mother Bunch Islands  Sat, Jul 12, 2014, Jayne Boudier
- This place is gorgeous- only have to be careful of the wind. We were well armed with two battle-axe Grummans and a sit on top, unsinkable kayak. Got the last campsite available, and 4 adjoining sites emptied in the face of the second storm forecast that week. The first must have been unnerving- lots of trees came down, but we were lucky for just an hour of soaking rain at bedtime. Tim and Mary’s boat led our morning excursion to Black Mountain Ponds Outlet in the teeth of an increasing, tiring wind. But it gentled down in time to give us an easy ride back to the town beach at Hulett’s for a late lunch. Beautiful Place! 8 Participants: Jayne Boudier, Nate June, and Charlotte Smith, and Tim and Mary Ward.

Buck Mountain  Sun, Jul 20, 2014, Lorraine MacKenzie
- This week Buck Mountain is always invigorating and the diverse terrain keeps the route interesting. This day was unusually cool for July but with some humidity. Everyone managed to reach the summit in a short period of time. We were expecting the blueberry plants to be bursting with berries. Unfortunately, only a few bushes had ripened fruit- enough to get a taste. As always, it was a great day out in the woods! 8 Participants: Shelly Burke, Carol Conolly, John Good, Susan Howard, Susan Keely, Klaus Sommalatte, Sandy Yellen and Lorraine MacKenzie.

Tuesday Paddle  Tue, Jul 22, 2014, Mo Coutant
- This week we paddled the South Glens Falls dam to Feeder Canal section of the Hudson River. It was a warm evening, so some of the group took a quick dip before getting into their boats. At first we headed upstream against the current and wind! At the power pole near the Feeder Canal we saw the osprey nest and the osprey hanging out. We headed back and saw a Great Blue Heron and many geese! Once we got back, some of the group headed over to the park and heard the last part of Bobby Dick and Suzie Q’s show. Nice night out as usual! 11 Participants: Joanne Armstrong, Stewart Brown, Mo Coutant, Tina Crook, Anne Hunt, Mark Janey, Licia Mackey, George Sammons, Charlotte Smith, Donna and Mitch Zimmer.

Skylight and Marcy  Sat, Jul 26, 2014, Wayne Richter
- An early start saw us on the trail out of Heart Lake just after 7:30. We made a short stop for the views at Marcy dam, then continued on to Lake Arnold for a longer break. Detouring just a bit off our route to the lake shore, we were treated to a solid patch of sunshine in what had been a largely cloudy morning. It was so pretty and pleasant that it was hard to get going again, but we soon cleared the divide and headed down to cross the gorgeous swamp just before Feldspar Brook. The long climb to Lake Tear of the Clouds went well and we saw the osprey nest and many geese! Once we got back, some of the group headed over to the park and heard the last part of Bobby Dick and Suzie Q’s show. Nice night out as usual! 11 Participants: Joanne Armstrong, Stewart Brown, Mo Coutant, Tina Crook, Anne Hunt, Mark Janey, Licia Mackey, George Sammons, Charlotte Smith, Donna and Mitch Zimmer.

Executive Committee Meeting Minutes

Minutes from May 7, 2014

Treasurer Report presented by Mo Coutant was for the months of January to April 2014, referencing that dues were received from the club with a balance of $9,716. During the time-frame that Treasurer Steve Mackey is away hiking the Pacific Crest Trail, Mo will cover for him in his absence.

Chapter Chair Laura Fiske reported that she participated in a conference call with ADK Club President John Gilewicz and other chapter chairs. Gilewicz discussed his goals, which include uniting the main Club and the chapters, increasing membership numbers, diversity, and increasing membership and participation among young people.

Annual Dinner Chair Anne Paolano reported that the Annual Dinner will be held at the Wishing Well Restaurant in Wilton.

Membership Chair Pat Desbiens reported that the Chapter has 1,356 families and 2,271 total members. She also reported that EMS will no longer allow its stores to allow non-profits to have tables at its Club Days events.

Trails Committee Chair Tom Ellis reported that the trailwork on Tongue Mountain has been done, but that he will have to go back later to finish it. He handed out old trail markers that he had removed from a recently closed trail.

Education Chair Linda Ranado reported that, as authorized at the prior meeting, the Chapter has sponsored an additional camper from DEC’s waiting list. The total for 2014 is 8 campers. She will present at the Moreau Lake State Park Conservation Day in May.

Vice Chair Kerri Healy reported that she will post the new mobile app. for the Chapter Website on the Chapter’s social media pages.

Wilderness Chair Jim Schneider reported that he has submitted his report to the Club for its annual Adopt-a-Wildlands report, which John Caffry has sent to the Ex. Comm. members.

The Firetower Challenge book update is being held up at the Club level due to a lack of staff. He got all of the old completer letters from Jack Freeman and will work on archiving them.

Website Chair George Sammons reported that he has updated the website to make it more mobile-friendly.

Conservation Chair Jacki Bave reported that she went to the Earth Day Lobby Day at the state Capitol with ADK and other groups. The City of Saratoga Springs and local groups have proposed a 24 mile “Saratoga Greenbelt Trail” around the city. It would connect to other trails in the area.
The ADK Winter Mountaineering School is a non-profit group that has been sponsored for 61 years by the Adirondack Mountain Club (ADK). The purpose of the program is to promote enjoyable and successful winter mountaineering and camping through a learn-by-doing approach. Our program is held in the Adirondack Mountains of New York.

Past participants have included three season hikers and backpackers looking to expand their skills to include winter hiking, backpacking and mountaineering, as well as more experienced skiers, trip leaders and winter mountaineers who are wishing to refine their skills or are looking for some excitement and adventure. Our friendly, experienced, all-volunteer staff; low student-instructor ratio; and pricing make the ADK Winter Mountaineering School the best value in the Northeast for learning winter skills. We offer day trip, weekend backpacking, and weeklong backpacking options.

Weekend and week-long sections will run from January 29 through February 4, 2015.

The following areas are typically covered in our programs. Although we try to cover all topics every year, it is not always possible – much depends on the snow conditions at the time of the program and the interests of our students:

- Winter backpacking skills
- Snowshoe, crampon and ice axe techniques
- Proper clothing and temperature management
- Steep snow and ice travel
- Safe above-treeline travel under winter conditions
- On- and off-trail navigation; map and compass review
- Trip planning
- How to pack a winter backpack
- Group gear review
- Hydration and nutrition
- Constructing snow shelters and a winter backcountry kitchen
- Wilderness first aid
- Avalanche awareness
- Decision making and risk management
- Winter "Leave No Trace" principals

**Outings Instructions:** For more information see “Chapter Handbook” on our website’s Chapter Links

**Sign Up**
Contact the Outing Leader at least two days (preferably a week), before the activity so he/she can explain the capabilities required and to determine the number attending. Failure to call may result in not knowing about cancellations, rescheduled departures, etc. Guests are always welcome, but must also register! PLEASE be considerate when signing up for a trip. Advise the leader if you cannot make a trip so as not to impact others’ plans. TRIPS WILL BE CANCELLED if minimums are not met, thereby affecting all parties. For safety, the MINI MUM number for Outings is: 3 people, including the leader (4 in winter). Panera Bread is the meeting spot unless otherwise noted in the trip description. Be there and ready to depart at the posted time (directions below).

**Meeting Place Information - Panera Bread**
Northway Plaza, 820 Route 9, Queensbury, NY 761-6957/3
*From Northway (I-87) Take Exit 19 and go east on AVIATION / QUAKER Road. Follow 0.5 miles to ROUTE 9/GLEN STREET. Turn North (LEFT) onto ROUTE 9, then right at the light into the NORTHWAY PLAZA. Then take a left at the four-way stop, and park in front of Panera Bread.*

**Travel Information/Car Pools**
We encourage carpooling to trailheads for both environmental and practical reasons (limited trailhead parking) and may alter meeting locations due to destination or participants. If you are able, it’s helpful to offer to drive your vehicle. If you are a passenger, consider current fuel prices, travel miles and number of passengers when contributing your fair share to the driver.

**Participation Guidelines**
Leaders are responsible to evaluate interested parties’ fitness for that outing, review specific guidelines, and lead the trip. They are not paid guides, but volunteers. Participants are asked to cooperate and respect their authority and decisions. *Is this the right Outing for you? For those not experienced in strenuous trips, it is best to begin with something easier and work your way up. The Leader will assist in evaluating skill level and suggest alternative outings if more appropriate. For the safety and comfort of all, the Leader has the discretion to deny participation if he/she feels someone is not a good match for that trip. Based on the expectations and skills of the entire group, Leaders may have more flexibility for some trips, so definitely talk with them. DO NOT TRY STRENUEOUS OUTINGS UNLESS YOU HAVE DONE THAT ACTIVITY REGULARLY (and recently and are in good shape as necessary for that outing).* An ADK Liability Waiver must be provided by the Leader and signed by all participants before the trip begins. This is a requirement by ADK HQ. Parents must sign for minors. *No Pets allowed on outings except where designated in the description.*

**Dogs**
Participants in Chapter outings will be allowed to bring their dogs on outings in the following circumstances: (1) the outing has been designated by the outing leader as a “dog outing” and which has been publicized as such; or (2) the outing leader may bring his/her dog, that has not been designated as a “dog outing,” if the notice of the outing discloses that the leader will be doing so. All dogs on Chapter outings will be kept on a leash at all times.

**Hiking Needs/Preparation/Equipment**
Bring trail food and plenty of water on ALL hikes! *Clothing made of Polyester blends, polarguard or wool are recommended as they retain warmth even when wet. — please do not wear 100% cotton clothing! It is also wise to bring raingear. Other pack essentials: compass and map, headlamp/flashlight, first aid kit, hat, gloves, and extra socks. Adirondack weather can and does change suddenly. Don’t trust the forecast or the sky based on the start of the day. Be prepared!*

**Ratings**
**Special Winter Needs**
In addition to the preparation/equipment mentioned above, winter requires some EXTRA planning. Look for special notes in the Outing description and discuss with the Leader. Depending on conditions, participants can expect to bring Snow Shoes and Crampons. Bring lots of Water. Dehydration comes easier in the winter and we feel its effects later … usually AFTER the fact. Be wise with Emergency Clothing. Bring an extra wool/polypro hat, mittens and socks. Vented Shell pants, jackets and mittens are commonly used with warm layers beneath.

**Rating Effort Level**
