Annual Dinner set for October 24

Event to feature Carl Heilman’s new multi-media program “I Am the Adirondacks”

By Susan Hamlin

Mark your calendars! Please join your fellow ADKers on Friday, October 24, for our annual Chapter Dinner. Once again, we’ll be at The Queensbury Hotel in Glens Falls with plenty of room, great food and friendly hometown service.

Back by popular demand: One of our most popular presenters ever, Carl Heilman II, award-winning grand master of Adirondack photography will present his newest multi-media presentation “I Am the Adirondacks.”

We are thrilled Carl has found time in his busy schedule of photographing, publishing and teaching master workshops in photography to join us this year. A longstanding member of the Glens Falls-Saratoga Chapter ADK, Carl’s lifelong passion for the beauty and tranquility of the Adirondacks has found a deeper voice in this newest work.

In Carl’s own words, “‘I Am the Adirondacks’ is a program that helps evoke a sense of being part of the natural world. For me, going into the wilderness is about leaving the everyday behind and being absorbed in the flow of the nature — simply ... going into the spectacular and finding wonder in the details ... “We ARE nature. As much as we separate ourselves from a life in nature — we still need to live in balance with the Earth and remember how much of an effect each of our lifestyles has on the world we are living in.”

About Carl: Carl Heilman II has photographed the Adirondacks for over 30 years; working to meld his passion for...
So far it’s been incredible!

BY JEAN HOLCOMB

Greetings fellow hikers, paddlers, and lovers of the outdoors. As you read this I will be officially half way through my reign as chair person of Glens Falls/Saratoga ADK. It has been a tumultuous six months. First of all, in the course of trying to be Programs Chair and Chapter Chair at the same time some goof-ups have occurred. Place changes and date changes made the last two programs difficult and inconvenient for both presenters and patrons. Fortunately, everyone has been flexible and even kind regarding these faux pas. Our programs have been excellent and well attended despite all. Thanks to presenters John Schneider, Dan D’Angelico, Stuart Miesinger, Mark Bowie and Ron Lester for making our 2008 program schedule outstanding.

Happily we now have a new Programs Chair! Jan Carlson, long-time member, 46er and hike leader has volunteered to take on this demanding position. We can all breathe a sigh of relief and look forward to a new and exciting schedule starting in the fall.

More good news as we have finally also found a new webmaster for the chapter. Not one, but three candidates applied for this job. Since George Sammons was the first volunteer by a half month we have assigned him the position but we hope that our other candidates will join in to help make our website the paragon it once was. While I’m on the topic of website, we finally have our “Opt Out” program online. This software developed by Jon Lane and his friend Scott Murawski gives you the option of receiving your Chepontuc Footnotes online rather than by snail mail, a big money saver for the chapter. (Don’t sign up out of guilt. If you like that paper copy we want you to have it!) If you want to get Chepontuc online just go to our home page, ADK-GFS.org and click on the right hand button to sign up. As this software is brand new and we are all unpaid volunteers, please be patient if some temporary bugs or glitches mar the beauty of our technological masterpiece.

Moving on to our outings program over the last six months, all I can say is “Great job folks!” For the first time in my memory we have a regularly scheduled midweek offering in both hiking and paddling (thanks, Mo Coutant!) and both the variety and sheer numbers of outings offerings on the weekends are incredible (thanks, Jack Whitney!). Things may have slacked off a little during the mud/bug season but expect plenty of choice for late summer and fall. The young members group seems to be chugging right along with more under 30s signing up all the time. The fire tower challenge appears to be a great option for young members as this sets a hiking goal that is a good introduction to the Adirondacks but doesn’t overwhelm new hikers.

Lastly I must applaud our great trails leader, Tom Ellis, and his crew for once again braving the elements to make our section of the Northville Placid Trail the most beautifully maintained. In a second scheduled cleanup the crew removed a vast amount of blow-down from the Tongue Mountain trail leading up to the Leato-to from Clay Meadow. We are all extremely proud of the trail work accomplished by Tom and Company each year at NO EXPENSE to the chapter or club.

I haven’t hit all the highlights but space is limited. I am looking forward to whatever challenges the second half of the year may bring. Hope to see you all at our annual dinner in October at the Queensbury Hotel with a program from photographer Carl Heilman. And by all means get out there and hike!

The chapter nominating committee has presented the slate of officers for 2009:

Chairperson  Heidi Karkoski
1st Vice Chair  Maureen Coutant
2nd Vice Chair  John Caffry
Secretary  John Caffry
Treasurer  John Schneider

Directors:
Laura Fiske — 2nd term (2009-2010)

Nominee Biographies:

Heidi Karkoski, Nominee for Chairperson:
Biography not available at press time.

Maureen Coutant, Nominee for First Vice Chair:
I have been a member of ADK for more than 15 years. During that time I have been very involved with the Chapter. In the 1990s, I served as the Chapter Chair after first learning the ropes in the Vice Chair positions. I’ve chaired the Nominating Committee a few times and also served as a Director for our Chapter on ADK’s Board of Directors. My husband and I have led many hikes in the past and more recently I’ve been leading walks while our daughter is in school. We also try to lead as many paddling trips as we can from spring through the fall. On the Club level, I have been on the committee for ADK’s annual fundraiser and am the Chairperson for ADK’s Lake George Property “headquarters” at Exit 21. I’ve stayed involved with ADK to support all the great things that the organization does locally and statewide. We educate the public and young people about preserving the outdoors and respecting nature, we maintain trails and provide hiking opportunities and we advocate for the Adirondacks and locally.

John Caffry, Nominee for Secretary (re-election):
ADK experience: ADK member since 1985. Current member of Chapter Executive Committee; former Chapter Publicity Committee Chair and Second Vice Chair; Chapter Secretary since 2006. Former member of ADK Board of Governors, Executive Committee and Headquarters Committee. Current member, and former chair, of ADK Conservation Committee. Lean-to adopter since 2003. Personal: Native of Glens Falls. Lives in Glens Falls with wife Ellen and two daughters. Member of Caffry & Flower law firm in Glens Falls. Occasionally finds time for hiking, paddling and all varieties of skiing.

John Schneider, Nominee for Treasurer (re-election):
Served the chapter in many, if not all capacities for more than twenty years: hike leader, executive committee member (seems like forever), newsletter editor, chapter representative on the ADK Board of Directors (currently representing our chapter). At the club level active on the Trails Committee and organizer of ADK’s Adopt-A-Lean-To program in partnership with New York State Department of Environmental Conservation. Organizer of our chapter’s annual “winter camp” at Heart Lake.

The Hiker’s CORNER

By Jack Whitney

Cool Packs for Summer:
We’re now into the middle of summer with the dog days to follow. There are several new packs on the market with a mesh lining to keep the pack off your back allowing air to flow between your back and the pack — thus keeping you cooler on the hotter days of summer. There are several models in the Osprey line such as the Almos and the Stratos. I have the Osprey Stratos 40 which gives me plenty of room for day hiking plus still have room for my digital SLR camera — I’m sure other manufacturers have similar models. Check with your local outdoor retailer.

New Water Bottles:
How about all this confusion with BPA (the #7 on the bottom of your water bottle)? Both the Canadian and United States Health Departments have found “some concern about neural and behavioral changes in humans who consume BPA.” Many outdoor suppliers are now offering stainless steel, aluminum or plastic containers that offer alternatives to BPA.

Extra Energy:
What to drink on the hot days of summer while you’re on the trail: A tip I received from a fellow seasoned hiker — mix half orange juice and half water in your bottle. I’ve used this for the past several years and it works great giving me that extra energy. Also Gatorade (you can dilute this also or drink it full strength) is excellent for supplying that extra energy for the climb.

Carl has won awards both regionally and nationally for his calendar photography and also received an Individual Artistic Award from the Adirondack Park Centennial Committee. In fall 2001, he also received an Adirondack Heritage award from the Association for the Protection of the Adirondacks for his work with photography.

When Carl is not in the shop or the garden, or traveling to another wilderness region, he can be found in summer paddling the wild Adirondack waters, and in winter, snowshoeing or skiing his favorite Adirondack Mountains. Join us for Heart Lake Winter Weekend 2009

By John Schneider

The Chapter will hold its 2009 Winter Weekend at the Wiezel Trails Cabin at Heart Lake from Friday, February 6, to Monday, February 9, 2009.

From the cabin, we will be able to cross-country ski and snowshoe to many area High Peaks. This is a good opportunity for those of you working toward your Winter 46. Algonquin, Iroquois, Wright, Phelps, Tabletop, Marcy and many more High Peaks await the snowshoe. A ski or snowshoe trip into Avalanche Lake and Lake Colden could also beckon. Indian Pass would be a nice trip. Perhaps sunrise or sunset from Mount Jo might be all you want to do.

The Heart Lake property also has excellent ski trails. We never rule out possible shopping in Lake Placid. Breakfasts and dinners are included in the price. The Wiezel Trails Cabin, with electricity, a kitchen, bathrooms and showers, sleeps 16 persons in four four-person bunk-rooms.

The rate for the weekend should be no more than $110 per person, if we fill all 16 spaces.

If we do not get an appropriate number of attendees, we will need to cancel our reservations 60 days (November 5) before our arrival date. Do not wait until the last minute to make your reservations.

To reserve your spot, send your deposit of $110 per person as soon as possible to John Schneider, 6 Nonchalant Drive, Saratoga Springs, New York 12866. Call 518-584-8527 for more details. Reservations are on a first-come first-served basis. If we fill all 16 spots, we will maintain a short waiting list.

The past two years, some persons have dropped out and wait-listed persons have enjoyed their weekend with us.

Enjoy your summer, but think of the Chapter Winter Weekend 2009.

Wilderness Report

Pharaoh Wilderness area needs your help

By Jim Schneider, Wilderness Chair

The Glens Falls-Saratoga Chapter of ADK has joined with the New York State Department of Environmental Conservation (DEC) in the Adopt-A-Wildland Program. Our adopted wilderness area is the Pharaoh Lake Wilderness Area.

As adopters of this wilderness area, we are concerned with observing and reporting to DEC such things as:

• Faulty privies
• Messy lean-to areas
• Illegal trail use, especially ATV use
• Trail conditions
• Damaged bridges
• Sightings of rare or endangered wildlife
• Problems with bears
• Trailhead parking problems
• Incorrect or missing signs, etc.

If you are hiking in the Pharaoh Wilderness Area and notice any of these conditions, or something that causes you concern about the condition or usage of this area, please contact your wilderness chairperson. Please feel free to comment on positive aspects of your experience in this area as well.

Jim Schneider phone: 518-581-9367. I will forward information to DEC.

Thank you for helping us participate in the “Adopt-a Wildland” program.
By Linda Ranado

Summer is upon us once again and soon our sponsorships will be off to Camp Colby, Pack Forest and up north to work on various trail projects. We are glad we were able to send so many this year. We also have two new Hike & Learn outings that we hope some of you parents with your eight to twelve year old sons and daughters will join in on us with. They are as follows:

**Hike and Learn Series: Lake Critters and Plants**

For: Ages 8-12 (must be accompanied by parent/guardian)
Sunday, August 17
Hike Leader: Barb Bave
Time: 9:00 a.m.
Rating: EZ
Meeting place: ADK headquarters near Northway exit 21
Contact: Linda Ranado 696-7265

We will take a look at the ecology of a lake at Garnet Lake. Using nets, we will hike along the shore of the lake collecting specimens for study and possible viewing under microscopes. Any critters we catch will be released after we look at them. We will also look at plants that grow in and around the lake and talk about how the plants and animals depend on each other. Who knows how many things we will find to look at! This is for kids in third to sixth grade. If you can, bring an old pair of sneakers to wade in and a dry pair (or sandals) to put on afterward. The same goes for clothes ... you might get wet!

Hope to see you there!

As usual, if anyone wants to join the committee, offer suggestions, and/or volunteer your time or expertise, you may contact Linda Ranado (lranado@hotmail.com or 696-7265).

We will most likely leave from the Ausable Club, walk up the road to Lower Ausable Lake and then up to Gothics, down and up to Armstrong returning via the Beaver Meadow Falls/Gothics trail to the Lake Road. A fairly long day with lots of elevation gain but spectacular views if the weather cooperates. Thunderstorms will cancel.

Back by popular demand! We will do the loop going up the scenic trail and coming down the Gothics trail. About 3,000 ft elevation gain and 13 miles, half on The Ausable Club road. This was a fantastic hike last three years. The scenic trail is stunning in fall. Just hope for a beautiful day. We will leave from Panera Bread parking lot, exit 19, Glens Falls. Number limited to 15 due to Ausable club and High peak rules.

Haystack, March 16, Steve Mackey, 7 participants
• I only hiked 5 High Peaks this winter. They were all either early winter or late winter, and they all had lots of snow on the ground, snow coming down, high wind, and no view. So I am happy to report that this hike made it 5 for 5. The trail was hard packed, so none of us skied. We ended up wearing our snowshoes for about a third of the trip. We cut the corner to the Range Trail like we’d planned, but we had a little trouble finding the trail on the other side. The snow was deep enough that the trail markers were buried and what snowshoe trails we saw were on the trail sometimes and sometimes not. On the way down Little Haystack we all switched to crampons, (except for Peter, who made it a little extra exciting), but we didn’t need a rope. The summit was covered with a couple inches of ice and visibility was about 100 feet. A good strong group, hope next winter we get some views. Participants: Nate Morgan, Colin Buckhurst, Peter Valastro, Steve Barlow, Sue Hoff-Haynes, Dan Dolan, Steve Mackey.

Wednesday Morning Walk — Butler Pond Road, March 26, Maureen Coutant, 7 participants
• We were so glad to be out! We all chatted about the series of storms that wreaked havoc on our Wednesday walks. This was the first time out since the end of January. Although this is a road walk, it’s a fairly steady hill which we crested and came part way down the other side. Then we headed back to our cars. It was a good workout and my shins were feeling it the next day. Participants: Maureen Coutant, Margaret Curtis, Liz Gee, Licia Mackey, Gary Rodd, Gretchen Stark, Victoria Warren.

Porter and Cascade, March 30, Pat McCullough, 10 participants
• The weather Gods did not let me down when I wrote that I had ordered great weather for this hike. Blue skies, sunshine, no wind, and views almost to the ocean. What more can you ask for at the end of March? Most of the hikers were rookies for a climb with snowshoes. I am pretty sure that they are all hooked at this point. Now all we have to do is reel them in. A great group to spend a beautiful day with. Participants: Bill Carpenter, Andy Chillrud, John Chillrud, Emily Davison and her husband, Erik LeClaire, Tom Mahar, Pat McCullough, Derek McDonagh, Donna Ruppel.

Wednesday Morning Walk — Glens Falls, April 2, Maureen Coutant, 6 participants
• Well there was still snow in the woods in the Glens Falls area, so we did a neighborhood walk and city tour. We scouted out the bike trail for future trips and showed the downtown sites to those not so familiar with the area. We even had a coffee stop although we took them to go! Participants: Maureen Coutant, Margaret Curtis, Licia Mackey, George Sammons, Edna Van Dorstan, Victoria Warren.

Hadley Mountain, April 5, Pat Desbiens, 15 participants
• The weather was warm but the snow was still on the ground for this hike. Equipment used ranged from snowshoes to stabilizers — a few people on the hike trying out these pieces of equipment for the first time. Experience and ability varied within the group but all did what they could to the best of their ability level and enjoyed the beautiful weather and peacefulness of the mountains. Those who made it to the summit were rewarded with wonderful views and the opportunity to sit around and relax. Many thanks to Bill Carpenter and Ray Bouchard and Rich Crommond, three of our dedicated outings leaders, for helping out with leadership roles. Participants: Bill Carpenter, Stephen Hiter, Vicki Starr, Paul Weinstein, Nicole Weinstein, Samuel Weinstein, Delia Weinstein, Tom Mahar, Greg Furlong, Tricia Lockwood, Shawn Neese, Ray Bouchard, Rich Crommond, Garrett Seabury, Pat Desbiens.

Big Slide instead of Avalanche Mountain, April 6, Jayne Boucher, Jack Whitney, 7 participants
• Deep snow and a beautiful but WARM forecast switched this 100 highest bushwhack to Big Slide’s dependably packed trail. The road to the Garden had deep ruts and we had some tricky snowshoeing over melted, rocky areas on the Brothers. But the snow was excellent after that. On the way down we sunned on the warm rocks and had great views all day from everywhere! Participants: Bob Aspholm, Jayne Boucher, Bruce Cushing, Dan Monroe, Kathy Quoi, Jeff Sullivan, Jack Whitney.

Wednesday Morning Walk/Hike — Saratoga State Park, April 9, Maureen Coutant, 12 participants
• We wound up doing a water tasting tour ... well some of the brav-er members of the group did. Maybe the ones with an impaired sense of smell! We all enjoyed getting out and exploring the park, tasting the water, seeing the geyser and we even got into the grounds of SPAC. Some of us went into town for lunch afterward ... a great morning out! Participants: Maureen Coutant, Margaret Curtis, Ely Fuller, Anna and Kristina Gage, Albina Ientile, Licia Mackey, Gary and Shar Rodd, George and Irene Sammons, Victoria Warren.

Pilot Knob Gazebo and Waterfall, April 19, Lorraine MacKenzie, 18 participants
• It was summer in April. Temperatures were in the high 80s and no shade. The leaves were just buds on the trees. Spring flowers were just breaking through the ground. The waterfall was a cool and welcome sight. What a unique hike! Participants: Ray Bouchard, Bill Carpenter, Cathy Corrigan, Rebecca Douglass, Joanne Fritz, Lorraine MacKenzie, Dawn Mead, Kathy Quoi, Terry Peek, Linda Robinson, Daniel Roicki, Nancy Roselle, Kristen Ross, Melissa Ross, Julia Syrotynski, Jack Whitney, Sandy Yellen, Sharon Zaccari.
Trip reviews

Round Pond Loop, April 20, Jean Holcomb, Jayne Boudier, 4 participants
• We arrived in one car, parked at the Stone Bridge over the N. Boquet River, and carried our snowshoes into the woods full of icestorm broken trees and branches, on trail and off. It was a beauti-ful, warm and shadeless day. The water was high, the waterfalls and views were great! When the snow became mushy we skipped the third bump and at Round Pond we decided we’d had enough of bushwacking and bailed out to Route 73. Had a pleasant late- afternoon walk down the road to our car, with cool shade, rushing brooks, and smooth going — and completed our loop! Participants: Bob Aspholm, Jayne Boudier, Jean Holcomb, and Anna Marynowska.

Wednesday Morning Walk/Hike — Lake George, April 23, Maureen Coutant, 5 participants
• Our snowbird, Mace, returned for our spring walk in Lake George. We admired the view from the boardwalk then headed to the trail up Prospect. We did the beginning of the trail (up to the road), picked up garbage, and returned to our cars and to try out Gary’s Tryke — a day with Gary’s toys may be a future outing! Participants: Mace Comora, Maureen Coutant, Gary Rodd, George Sammons, Bill Schwarz.

Hotwater and Grassy Ponds, April 26, Rich Crammond, Jayne Boudier, 8 participants
• We got a beautiful, warm day, with high water, and no bugs! The rushing Boreas River shared its gorge with the railroad tracks and us, and some knee-deep snow. Spring runoff lured us up the wrong drainage, where blooming wildflowers and springmelt waterfalls made the extra half mile of (sometimes steep) bushwacking bearable. We had lunch at Hotwater Pond, where its outlet plunged abruptly underground. Birdwatchers got out binocu-lars as we bushwacked on to Grassy Pond where we stopped for a while and a group picture. We then ‘wacked back down to the Boreas and the train tracks back. The grand finale was a 10-minute climb to where Hotwater Pond outlet emerged from a cool cave at the base of an undercut cliff, from wherever it had been. Great day, beautiful place, great group! Participants: Jayne Boudier, Rich Crammond, Gail Gaskin, Jean Holcomb, Tom Mahar, Kathy Miles, Shawn Neese, Rich Speidel.

Noonmark Mountain, April 26, Jonathan Lane, 7 participants
• What a beautiful day with some incredible views! We made this a nice loop hike, encountering some deep pockets of snow on the way down, which only made it a more interesting hike. Overall, a great day. Participants: Colin Buckhurst, Bill Carpenter, Tim Clark, Jonathan Lane, Jason Lasky, Patricia Lockwood, Molly Noonan.

Kids hike — Moreau, April 26, Maureen Coutant, 6 participants
• The iffy weather may have kept some families away, but our small group enjoyed a short walk to Mud Pond where we looked for salamanders, fish and other cool things. A tiny jaw bone skeleton was probably our neatest find. Participants: Gen, Jim and Maureen Coutant; Anna, David and Kirsten Gage.

Tounge Mountain, April 27, Lorraine MacKenzie, 11 participants
• We started out in the mist. We were looking out for rattlesnakes but found only very happy frogs, spring flowers, and beauti-ful views. Our hike would have been a difficult one, negotiating around a lot of blowdown had it not been for the wonderful crew who did trailwork the day before. THANK YOU! Participants: Ray Bouchard, Dave Ganje, Alan Gee, Liz Gee, Mark Greenberg, Lorraine MacKenzie, Terry Peek, Patrick Stacey, Linda Veraska, Jack Whitney, Sandy Yellen and Harold.

Treadway Mountain, April 27, Jim Schneider, 3 participants
• Under gray skies, but with the hopeful prospect of later sun, we set off from Putnam Pond Campground. The woods provided deep views without foliage as we listened to loon calls from the lake. The trails were in good shape with the occasional walk-around of snapped-off tree crowns from winter’s ice. Under breaking sunshine the Treadway to Crab Pond bushwhack fol-lowed the script perfectly and Rock Pond was as delightful as ever. Great fun, too bad you missed it. Participants: Bill Bechtel, Kathy Quoi, Jim Schneider.

Wednesday Morning Walk/Hike — Cat Mountain, April 30, Maureen Coutant, 6 participants
• We knew the warm spell in April was over when we were greeted with snow flurries in the parking lot. We walked to the top of Cat Mountain where we saw the flurries again and some more omini-ous looking clouds off in the distance. The view was spectacular. We cleared trail of some of the many downed branches on the way down. Participants: Maureen Coutant, Licia Mackey, George Sammons, Gretchen Stark, Neal Van Dorsten, Vicky Warren.

Long Lake NTP Trail Work Weekend, May 2-4, Bill Bechtel, 11 participants
• Our three-day work weekend started with a gathering of every-one at the Long Lake State Boat Launch to be ferried with our supplies down the lake to Kelly Point where there are two lean-tos. The first day we side cut and cleared blow-down from Kelly Point to Shattuck Clearing after being shuttled by Captain Neal to Plumleys. The evening meal served up by Tom Ellis, filled our stomachs after a hard day’s work. On the second day we again cruised up the lake to Plumleys, with a short hike into Pine Plantation to replace bridges across a large swampy area. With DEC permission two huge pine trees were downed by Wes. The crew immediately went to work scraping off the bark while Neal and his crew carried the logs to the nearby swamp. Tom E. and Wes cut the tops flat and notched the bottoms to fit the stringer logs. Everyone got wet and dirty carrying and placing the logs in the swamp. Four, 12-foot-long bridges were replaced using 18- to 20-inch diameter logs. Again the evening meal of beef burgundy with potatoes, beer and wine rejuvenated our bodies and spirit for another evening session around an even better campfire than the previous night. The final day was spent side cutting and clearing the trail from Kelly Point to Tarbell Road parking lot. By early afternoon everyone was on his or
her way home, somewhat dampened by the rain, but with a
good feeling of a job well done. The following participated in this
endeavor: Neal Andrews, Mong Joe, Eh Dah, Eh Tha Pwee, Wes
Lampman, Tom Ellis, Dan D’Angelico, Barb Bave, Bill Bechtel, Tom
Wemmet, Genny Morley.

Spring Bird Walk — Peebles Island State Park, May 3,
Rich Speidel, 17 participants
• It was a cool, overcast morning with some light rain.
Fortunately the rain ended as we made our way around
the perimeter of Peebles Island. We spotted a number of
birds from the bluffs overlooking the Mohawk River, includ-
ing Spotted Sandpipers in the channel below, a Pileated
Woodpecker on an adjacent island, and Swallows overhead.
The walk ended on a musical note as a Warbling Vireo made a
cameo appearance. Our friendly and dedicated group identified
36 species of birds, a good variety for a cloudy and cool day.
Participants: Uday, Niti and Neha Chandra, Liz and Alan Gee,
Bruce Goodale, Jean Holcomb, Licia and Steve Mackey, Terry
Peek, Namita and Ria Ranjan, Marsha and Steve Ras, Ashlee and
Jennifer Swallow, Rich Speidel.

Buck Mountain, May 4, Lorraine MacKenzie, 15 par-
ticipants
• We arrived at the trailhead and it started to rain. We pressed
on into the mist. On the bright side, the waterfall was flow-
ing strong, the bugs were at bay and the spring colors were
more dramatic. Some of us lingered at the top to see the skies
clear and the lake magically appear. The rest viewed the part-
ing of the clouds on the decent. Participants: Brenda Arley,
Kati Behrens, Ray Bouchard, Bruce Cushing, Carolyn Cyr, Michelle
Hadden, Stephen Hiter, Margie Litwin, Lorraine MacKenzie,
Arthur Ostrov, Terry Peek, Melissa Ross, Linda Veraska, Jack
Whitney, Sandy Yellen.

Black Mountain Ponds, May 10, Rich Crandall and
Jayne Boudier, 6 participants
• This was one rugged hike to another backwoods Adirondack
pond. We bushwhacked our way along a real fine run-off stream
with neat little waterfalls and crystal clear pools of Adirondack
joy for us all! We then headed for the top of Black Mountain
but it was, let’s say, not good going through so much blowdown.
So we headed back down to the runoff and back to the tracks
and then to the starting point. (What a fine rugged group!). They
were all good natured in spite of the black flies and bushwhack-
ing through some tough stuff. Thanks to all for a nice outing.
Participants: Tom Mahar, Brenda Arley, Shawn Neese, Rich Neese,
Jayne Boudier, Rich Crandall.

Spring Bird Walk — Wilton Wildlife Preserve & Park,
May 10, Rich Speidel, 26 participants
• Special thanks to Jack Reber of the Wilton Wildlife Preserve
for co-leading this walk. We had an amazing turnout for
this early morning walk, and were blessed with sunny skies.
Starting at the pond, we observed two Green Herons along
the shoreline ... turns out they were feasting on large tadpoles
(bullfrog?). Highlights along the trail included a pair of Pileated
Woodpeckers and a good view of a Great-Crested Flycatcher in
the treetops. With the help of a fine group of crackerjack bird-
ers (including 11 year-old Brett, who knows birds by sight and
sound), we identified 32 species. Participants: Steve and Brett
Abrahamson, Susan and Tom Beaudoin, Phyllis Bader-Borel and
John Borel, Patricia Brennan, Mary Beth Delarm, Pat Fitzgerald,
Lisa Gaudette, Liz and Alan Gee, Bruce Goodale, Cathy and
Keith Hall, Ann and Warren Hockenos, Licia Mackey, Kate
McNairy, Jack Reber, Carol Roberts, Sue Rosenberg, Joan and
Bob Stevens, Kathy Swantak, Rich Speidel.

Hadley Mountain Wild Flower Hike, May 11, Jack
Whitney/Bill Carpenter, 25 participants
• This hike was a combined Glens Falls/Saratoga and Schenectady
Chapter hike with Ruth Schoottman leading her annual
Mother’s Day Wildflower hike. It was a purposely leisurely
journey to the summit with the weather cooperating and
Mother Nature providing ample opportunity to view an
abundance of wildflowers. Ruth’s knowledge of the wildflow-
ers and flora and the historical background on the nam-
ing of many of them was impressive to all. Everyone was
rewarded for the effort of the climb with gorgeous weather
and spectacular views from the summit. A most enjoyable
day — thank you, Ruth! Participants: Sharon Kay, Kristi Allen,
Lorrie Seabury, Garrett Seabury, Tristan Seabury, Kristin Ross,
Raney Peck, Joanne Fritz, Kathy Shang, Diane Collins, Brenda
Arley, Eberhard Burkowski, Margaret Litwin, Jean Holcomb,
Pat Desbiens, Patricia Carpenter, Bill Carpenter, Alan Gee, Liz
Gee, Carolyn Bouchard, Ray Bouchard, Sandy Yellen, Gabbie
Carpenter, Kathleen Swantak, Jack Whitney.

Tuesday Evening Paddles — Glen Lake, May 13,
Maureen Coutant, 13 participants
• We had quite a flotilla for our inaugural trip of the season!
Thirteen boats paddled into the wetland area and enjoyed the
high water to get farther up the waterway than we expected.
It was great to renew friendships and meet new people. Bill
saw the most wildlife and I saw many flowering water plants
that I couldn’t identify. Water plant expert needed! No experi-
ence necessary! Just show up! Participants: Joanne Armstrong,
Maureen Coutant, Beth Gurlzler, Andrew and Anne Paolano, Bob
and Sandy Powell, George Sammons, Alison Saville, Bill Thomas,
Marti Tucker, Victoria Warren, Joann Zales.
Sleeping Beauty/Bumps Pond Loop, May 17, Reg Prouty, 11 participants
- We found the gate to Dacy Clearing still closed, so we walked the extra 3 miles round trip into Dacy Clearing from the DEC parking area. The ascent to the summit took us less than 2 hours and we had a DEC employee, Jim Weed, clearing the way for us with his axe. The day was beautiful so we spent more than an hour on top taking in the views. We could still see snow on Mount Marcy and other Adirondack peaks. Several wildflower species added to the day’s enjoyment. We spotted several garter snakes and many salamanders at Bumps Pond. Participants: Molly Noonan, Steve Bederian, Regina Gallucci, John Devine, Claudia Rosenhof Jeanne LaPoint, Kristine Karig, Sherry Aiken, Kathy Quoi, Terry Peek, Reg Prouty.

Spring Bird Walk — Pack Forest, Warrensburg, May 17, Rich Speidel, 10 participants
- Weatherwise this outing was timed just right, with blue sky and blue skies, comfortable temperatures and enough of a breeze to keep the black flies at bay. Beautiful views, fantastic people, and the forecasted rain came after we were all back in our cars. Participants: George Baranauskas, Bill Carpenter, Carolyn Cyr, Pat Desbiens, Anne Franzese, Heleen Isen, Tricia Lockwood, Lorraine MacKenzie, Andrew Pasko, Joe Pasko, Cynthia Staniels, Jack Whitney, Sandy Yellen.

Mount Adams, May 18, Lorraine MacKenzie, 13 participants
- We numbered 13 but our trip was far from unlucky. We had blue skies, comfortable temperatures and enough of a breeze to keep the black flies at bay. Beautiful views, fantastic people, and the forecasted rain came after we were all back in our cars. Participants: George Baranauskas, Bill Carpenter, Carolyn Cyr, Pat Desbiens, Anne Franzese, Heleen Isen, Tricia Lockwood, Lorraine MacKenzie, Andrew Pasko, Joe Pasko, Cynthia Staniels, Jack Whitney, Sandy Yellen.

Macomb, South Dix, East Dix and Hough Mountains, May 24, Jack Whitney, 15 participants
- A great day in the Dix range. We started out by going up Lilian Brook to the lean-to and slide. There were great views going up the slide, up to the summit of Macomb where we enjoyed more views. Then it was on to the summit of South Dix where we paused for lunch and refreshments and to marvel at how far we had come from Macomb and then it was on to East Dix where we enjoyed more spectacular views before heading back to South Dix. It was then down to the campground between Pough and Hough where some left for the summit of Hough while others enjoyed a short siesta at the campground before heading back down Lilian Brook and out to our vehicles. Participants: Susan Hoff Haynes, Jim Lothouse, Alison Darby, John Whitney, Sheila Joly, Charlie Czech, Lorraine MacKenzie, Tricia Lockwood, Bill Carpenter, Melissa Ross, Walter Bassarab, Shawn Neese, Richard Neese, Suzanne Knabe, Jack Whitney.

Dix Mountain, May 24, Jonathan Lane, 4 participants
- What an awesome day! The weather couldn’t have been much better, except perhaps a little less wind on top. Trail conditions were good and the views were incredible. We even had the opportunity to help a few “lost” hikers on the way up the “wrong” peak. Participants: Tim Clark, Carolyn Cyr, Seth Dunn, Jonathan Lane.

Phelps Mountain, May 26, Jack Whitney, 6 participants
- With showers forecast for the afternoon we made a hasty exit from the parking lot to Marcy Dam and about a mile later to the junction for Phelps Mountain. It was then a steep climb for a little over a mile to the summit of Phelps. Luckily there was a nice breeze (with no rain yet) on the summit so that we could enjoy the views and nice lunches (thank you, Linda, for sharing your delicious salad with the group). Packing up we could see storm clouds moving in from the North so we hastily descended and made it to the junction just as it started to sprinkle. Walked out the rest of the way in a very light drizzle. Overall a great day in the mountains. Participants: Linda Veraska, Sandy Yellen, John Kilduff, Charlie Czech, Tom Esmond, Jack Whitney.

Tuesday Evening Paddles — Hudson River, May 27, Maureen Coutant, 13 participants
- It was another big turnout on a very blustery day. We rode the waves that the wind blew up from South Glens Falls until the river bent. Then we paddled past Haviland Cove to the beginning of the Feeder Canal. Dreading the trip back against the wind, most of us headed out of the Hudson and into the Feeder Canal to get back across the river from where we started. Thanks to the group that fought the wind and returned to the cars. They then shuttled the drivers from our group back to the cars. Afterward, many from the group warmed up with a bite to eat and something to drink at Jake’s. Participants: Joanne Armstrong, Maureen Coutant, Licia and Steve Mackey, Joy Muller McCoola, Jacob McCoola, George Sammons, Alison Saville, Fred and Sandy Songoyillo, Marti Tucker, Vicky Warren, Brooke Witham.

Vermont Secret Orchid Photo Hike, June 1, Jean Holcomb and Jack Whitney, 6 participants
- Under rain-threatening skies the group headed to Vermont to seek out a secret location for the purpose of viewing and photographing some beautiful flowers, especially orchids. Bird watching and multiple little red efts were an added attraction. Wild turkeys and partridges were seen along the way and once on the trail, the flowers did not disappoint us — Jack-in-the-pulpits, many ferns, yellow lady’s slipper orchids, Canada violets, wild ginger, baneberry, false Solomon’s Seal, Herb Robert’s and pink alpine azalea were all to be enjoyed on this fine nature walk. Participants: Terry Peek, Pat Desbiens, Ray Bouchard, Ely Fuller, Jean Holcomb, Jack Whitney.
SIGN UP
Contact the Outing Leader at least two days (preferably a week), before the activity so he/she can explain the capabilities required and to determine the number attending. Failure to call in may result in not knowing about cancellations, rescheduled departures, etc. Guests are always welcome, but must also register! PLEASE be considerate when signing up for a trip. Advise the leader if you cannot make a trip so as not to impact others’ plans. TRIPS WILL BE CANCELLED if minimums are not met, thereby affecting all parties. For safety, the MINIMUM number for Outings is 3 people, including the leader (4 in winter). Panera Bread off Exit 19 of the Northway on Route 9 is the usual meeting place. The usual meeting place for all outings unless otherwise noted in the trip description. Be there and ready to depart at the posted time (directions below).

MEETING PLACE INFORMATION
**Panera Bread**
Northway Plaza, 820 Route 9, Queensbury, NY 761-6957/3
- **From NORTHWAY (I-87)** Take Exit 19 and go east on AVIATION/QUAKER Road. Follow .5 mile to ROUTE 9/GLEN STREET. Turn North (LEFT) onto ROUTE 9, then right at the light into the NORTHWAY PLAZA. Then take a left at the four-way stop, and park in front of Panera Bread.

TRAVEL INFORMATION/CAR POOLS
We encourage carpooling to trailheads for both environmental and practical reasons (limited trailhead parking) and may alter meeting locations due to destination or participants. If you are able, it’s helpful to the ‘regulars’ to offer to drive your vehicle. If you are a passenger, consider current fuel prices, travel miles and number of passengers when contributing your fair share to the driver.

PARTICIPATION GUIDELINES
Leaders are responsible to evaluate interested parties’ fitness for that outing, review specific guidelines, and lead the trip. They are not paid guides, but volunteers. Participants are asked to cooperate and respect their authority and decisions. *Is this the right Outing for you? For those not experienced in strenuous trips, it is best to begin with something easier and work your way up.* The Leader will assist in evaluating skill level and suggest alternative outings if more appropriate. For the safety and comfort of all, the Leader has the discretion to deny participation if he/she feels someone is not a good match for that trip. Based on the expectations and skills of the entire group, Leaders may have more flexibility for some trips, so definitely talk with them. **DO NOT TRY STRENUOUS OUTINGS UNLESS YOU HAVE DONE THAT ACTIVITY REGULARLY (AND RECENTLY) AND ARE IN GOOD SHAPE AS NECESSARY FOR THAT OUTING.**

Hiking Needs/Preparation/Equipment
Bring Trail Food and plenty of Water on ALL hikes! *Clothing made of Polyester blends, polarguard or wool are recommended as they retain warmth even when wet. — NOT 100% Cotton clothing! It is also wise to bring raingear. Other pack essentials: compass and map, headlamp/flashlight, first aid kit, hat, gloves, and extra socks. Adirondack weather can and does change suddenly. Don’t trust the forecast or the sky based on the start of the day. Be prepared!*

Special Winter Needs
In addition to the preparation/equipment mentioned above, winter requires some EXTRA planning. Look for special notes in the Outing description and discuss with the Leader. Depending on conditions, participants will can expect to bring Snow Shoes and Crampons. Bring lots of Water. Dehydration comes easier in the winter and we feel its effects later ... usually AFTER the fact. Be wise with Emergency Clothing. Bring an extra wool/polypro hat, mittens and socks. Vented “Shell” pants, jackets and mittens are commonly used with warm layers beneath.

Become an Outings Leader
Ask any Chapter Leader for details. Offer to Co-lead to get the ‘experience’! *We’re always looking for new leaders to help share the fun while “filling in the calendar.” New faces offer more varied outings while sharing their personal favorite destinations. Contact Outings Chair for more information. (Contact info: Pg. 3 of newsletter)*
