

# Annual Dinner set for Oct. 12

# *Event will feature the music of Dan Berggren*

Mark your calendars! Please join your fellow ADKers on **Friday, October 12,** for our annual Chapter Dinner. We're back at our new digs — the **Queensbury Hotel in Glens Falls** — with plenty of room, great food and friendly hometown service.

Once again we have a fantastic program. We are honored to welcome one of the all-time greats of Adirondack music: Musician and Glens Falls-Saratoga ADKer **Dan Berggren.** With his warm, multi-faceted vocals, great guitar work and grand original songs, Dan is recognized as one of today's finest real-deal folk music artists.

**Dan Berggren's** roots are firmly in the Adirondack Mountains of northern New York where he was raised but his music has branched out across many borders. The award-winning educator and musician has entertained audiences in concert halls, coffee houses, libraries, schools and museums from Kentucky to Michigan, Belgium to Bulgaria, and Zimbabwe to Transylvania.

Dan is a long-time member of the Adirondack Mountain Club, a recipient of its Education Award, and Artist-in-Residence for the Association for the Protection of the Adirondacks. **Please** visit Dan on the web at: www.berggrenfolk.com

Watch for the Annual Dinner invitation on the cover of the next newsletter and reserve your place early! New members — don't miss this chance to meet and socialize with your fellow ADKers who "clean up real good." Until then, Happy Trails!

# Summer: Time to hit the trails

#### BY JIM SCHNEIDER

t this writing our chapter plans for the summer are all set. We have all

of our sponsored kids ready for the New York State Department of Environmental Conservation environmental camps. We are also sending several kids off to the Adirondack Mountain Club's teen trails projects. Our chapter trail crew has cleared the Long Lake to Shattuck Clearing section of the Northville-Placid Trail as well as the Tongue Mountain trails in the Lake George Wild Forest.

We have another summer of varied and interesting outings put together for you by Patti Schwankert and her outings leaders. We have hikes of all ratings and many destinations as well as some great paddle trips.

Find a trip that interests you and call the leader. our leaders really want you to call them and they want you to join their trips. Our volunteer leaders do this for you; <u>give an outings leader a call and</u> join their outing.

If you happen to be in the Pharaoh

Report

Before an outing, be certain that you check with your outing leader on the trip's meeting place; With the closing of Bruegger's Bagel Bakery in Queensbury, meeting places have changed. tos. This popular and heavily used area is our chapter's adopted wilderness area and unfortunately it has suffered senseless destruction along with illegal ATV incursions. We are attempting to document such actions as we appeal for increased ranger presence. Do not under any circumstances compromise your safety by confronting individuals engaged in illegal activity. Report any of the above circumstances to Jim Schneider 518-581-

9367. If you are witness to any serious violations, immediately call New York Department of Environmental Conservation Region 5: 518-897-1200 or **800-847-7332.** 

Finally, be certain that you check with your outing leader on the trip's meeting place. With the closing of the popular Bruegger's Bagel Bakery in Queensbury many trips will launch from Panera Bread also in Queensbury. But, it is always a good idea to double check where your group will be meeting.

## Chapter Winter Weekend at Heart Lake

The Chapter's 2008 Winter Weekend at the Wiezel Trails Cabin at Heart Lake will be held during the Martin Luther King Weekend from Friday, January 18 to Monday, January 21, 2008.

From the Cabin we will be able to cross-country ski and snowshoe into many areas of the High Peaks. This is a good opportunity to for those of you who may be working toward your Winter 46. Algonquin, Iroquois, Wright, Phelps, Tabletop, Marcy and many more High Peaks await the snowshoe. A ski or snowshoe trip into Avalanche Lake and Lake Colden could also beckon. Indian Pass would be a nice trip. Perhaps sunrise or sunset from Mount Jo might be all you want to do. The Loj property also has excellent ski trails. We never rule out possible shopping in Lake Placid. Breakfast and dinners are included in the price. The Wiezel Trails cabin, with electricity, a kitchen, and showers, sleeps 16 persons in four four-person bunk rooms.

The rate for the weekend should be no more than \$100 per person, if all 16 spaces are filled.

If we do not get an appropriate number of attendees, we will need to cancel our reservation at least 60 days (October 18) before our arrival date. Do not wait until the last minute to make your reservations.

To reserve your spot, send your deposit of \$100 per person as soon as possible to John Schneider, 6 Nonchalant Drive, Saratoga Springs, NY 12866. Call 518-584-8527 for more details. Reservations are on a first come- first serve basis. If we fill all 16 spots, we will maintain a short waiting list.

# Exploring New Zealand on foot and by kayak

Our first program of the new season will be at 7 p.m., September 20 at the Saratoga Springs Public Library Community Room. We are privileged to have our chapter's Education Chair, Linda Ranado share her fantastic six-week trek through New Zealand.

#### Linda Ranado:

A number of years ago I decided it was payback time. I had long reaped the benefits of the Adirondack Mountain Club's guidebooks, trail maintenance and environmental advocacy and protective actions and it was time to give back.

Thus, I joined the Glens Falls-Saratoga Chapter of ADK, began to participate in its outings and became a member of the Education Committee, of which I presently chair ... an appropriate position, I suppose, for a, now-retired, 32-year veteran teacher of secondary English.

My love of hiking was re-energized at Amsterdam High School when some of my colleagues and I formed the "Hikettes," beginning with short after-school hikes and leading to, with the encouragement of our fellow colleague, 46'er historian Tony Solomon, six of us being introduced to the High Peaks. Interspersed with a multitude of hikes throughout the Adirondacks and Catskills, three of us — Barb Bilins, Nancy Buckley and myself — completed the 46 in July of 2005. It was this camaraderie that arose from our mutual love of being out on the trail that led to our decision to tramp about New Zealand for more than six weeks upon my retirement. (Barb and Nancy did Australia upon their retirement a few years prior which was added incentive.)

Our time in New Zealand was amazing! South Island highlights began with excursions on and off the Banks and Otago Peninsulas observing dolphins, seals, albatross and penguins. Ensuing travels found us tramping through the 33 <sup>1</sup>/<sub>2</sub> miles of rainforest and alpine of the Milford Track. Highlights of the North Island found us walking through Kauri forests, sailing in the Bay of Islands, and sidetripping to the sparsely populated Great Barrier Island and its natural hot springs, extensive beaches, and forests. All culminated to a return to the mainland and a trek through the volcanic/desert regions of the Tongarrio Northern Circuit with side trips into the depths of the Red Crater and over to Mt. Ruapeho and its Crater Lake whose lahar break had cut off traffic a mere three days before.

The land, the people, the flowers, the birds ... all made for a most memorable "kiwi" experience.

#### **OSGOOD POND CANOE AND CAMP**

Saturday, July 7-8 Time: 2:00 p.m. Rating: A Jayne Bouder 793-3770

Two little ponds with two narrow channels, two outstanding examples of natural communities, two outlets (Osgood AND lones Ponds), two great camps (or maybe just one, if it rains Saturday night ...), and an early start could make this an awesome trip! About 12 miles, at a moderate to leisurely pace, with time to stop. It's near Paul Smiths. Anyone not wanting to camp may join us early on Sunday. Call leader for directions.

Saturday, July 28 Time: 7:00 a.m. Rating: A

Jean Holcomb 583-0658, jchhiker@localnet.com I like to lead outings from the Ausable Club because once on the trails, they tend to be less crowded than any other trailhead in the High Peaks and the distance from Glens Falls is relatively short. # Trip reviews

#### Avalanche Pass, February 4, Bob Aspholm, 4 participants

• The weather was cold, very cold, but four hardy hikers pushed all the way to Avalanche Pass; this was before the big snowstorms but there was about 12" of snow on the ground at the time and we had good snowshoing. Appproaching the head of the pass we faced a big wind which stopped us from going out on the ice very far. Views were pretty good but the cold prompted us for a pretty quick return. Participants: Bob Aspholm, Ray Bouchard, Jayne Bouder, Christine Savidge.

#### Thomas and Cat Mountains, March 18, Bob Aspholm, 7 participants

• There was a foot or better of snow on the ground but we had good weather that day for two mountains. We reached the cabin on Thomas and then set out for the top of Cat. We reached Cat in good time and the sun came out for us. The views from Cat are really great. Participants: Bob Aspholm, Ray Bouchard, Jayne Bouder, Bill Carpenter, Pat Desbiens, Laura Fiske, Jack Whitney.

#### Marcy, Gray and Skylight, March 31, Neal Andrews, 5 participants

The late season snow still covered the trail from the start at ADK Loj. We bare-booted it all the way to above Indian Falls and then some put on crampons for the slippery rocks going up Marcy. We were able to walk on the hard-packed crust to the summit of Gray and probably should have used shoes for the bushwack down to Lake Tear as the herd path was invisible. Skylight was windy but again was able to be bare-booted to the rocky summit. We were alone once we left Marcy all day. Excellent group for a fine first weekend of Spring. Participants: Peter Abrau, Neal Andrews, Ken Austin, Steve Mackey, Nicholas Siver.

## Crane Mountain, April I, Reg Prouty and Jack Whitney, 14 participants

• We had to park and hike a little extra as the road to the parking area was not plowed but it gave us an opportunity to warm up before the ascent. We chose to do the counterclockwise loop climbing the two ladders first before spending some time having lunch and enjoying the view at the summit. Winter conditions were in order as both snowshoes and crampons were needed at various parts of the hike. Weather cooperated though and an enjoyable late winter (early spring) outing was had by all 14 hikers. Participants: Reg Prouty, Jack Whitney, Pat Desbiens, Ann Mundy,Jean Holcomb, Bob Aspholm, Ray Boucher, Jayne Bouder, Jonathan Lane, Bill Carpenter, Kim Ciraulo, Joe Spain, Sandy Yellen, and E. E. Fuller.

#### Saratoga National Historical Park, April 7, Rich Crammond, 4 participants

• We had a cold, but nice day for this outing. We saw a Ruby Crowned Kinglet, a not-so-lucky Red Tailed Hawk, and Peter Cottontail for this day-before-Easter outing. Learned some local history, too. Thanks to a rugged group! Participants: Mike Doyle, Reg Prouty, Jonathan Lane, Rich Crammond.

#### Hoffman Notch, April 14, Rich Crammond, Jayne Bouder, 7 Participants

• We sure did get a workout on snowshoes for this hike. The only tracks we saw were coyote, Fisher, Snowshoe and an early season trout fisherman's. Winter was still hanging on in this part of the Adirondacks with over a foot of snow still on the ground. The nice stream, yellow (big) birch trees, and the neat ledge was worth seeing again. As always, a great group of ADK'ers to hike with. Participants: Barb Northrup, Reg Prouty, Kim Ciraulo, Joe Spain, Jayne Bouder, Ray Bouchard, Rich Crammond.

#### Wednesday Morning Walk — Lake George, April 11, Maureen Coutant, 6 participants

• We started out at Usher's Park and walked along the south end of Lake George and up the boardwalk along the lake. Then we headed up to the trailhead for Prospect and after contemplating a trip up ... <u>most</u> of us headed back to the cars! Participants: Maureen Coutant, Albina Ientile, Licia Mackey, Gary Rodd, Bill Schwarz, Neal Van Dorcher.

#### Hoffman Notch, April 14, Rich Crammond, Jayne Bouder, 7 participants ... 8 if Bruegger's had been open

• Great day for snowshoes! Some of the stream crossings were interesting, but one place had a new bridge. We missed last year's spacious lunch log, and so had to dust off a narrower, stickier one. The Spring snowmelt waterfall off Washburn Ridge was frozen this time, and just as impressive. This group really appreciated a snowless place to sit! Participants: Ray Boucher, Jayne Bouder, Kim Ciraulo, Rich Crammond, Barb Northup, Reg Prouty, Joe Spain.

#### Wednesday Morning Walk — bike trail, April 18, Maureen Coutant, 8 participants

• The group set out at the main parking lot in Queensbury and headed north. After walking along the road for a while we decided to avoid this section in the future! Participants: Maureen Coutant, Margaret Curtis, Albina Ientile, Licia and Steve Mackey, Gwenne Rippon, Gary Rodd, Hilary Wasserman.

#### Goodnow Mountain, April 21, Pat Desbiens, 14 participants

. The sky could not have been more blue or the weather better (70 degrees on the summit at noon) for the fairly easy climb of less than 2 miles to the climbable fire tower atop of Goodnow Mountain. Somehow we missed the old well on the way up but on the way back down we discovered why. The roof over the well has collapsed due to heavy snows and weathering away. It was so warm and spring-like on top that we parked our snowshoes in our snowshoe "parking lot" and spent over an hour lunching, taking pictures, climbing the tower, visiting the ranger cabin, and socializing there. By the consistency of the snow on the way down we could tell that in another week most of that trail would be mud rather than the mushy snow. Rich Crammond made a little foot-high snowman near the tower with twigs for arms. Thanks go to ESF at Syracuse University for the informative pamphlets in the sign-in box and for doing such a great job of trail and tower maintenance. Some of the group stopped for ice cream on the return drive. Participants: Pat

Desbiens, Reg Prouty, Kim Ciraulo, Mickey Onofrietto, Joe Spain, Barbara Northrup, Beth Johansen, Jonathan Lane, Elizabeth Fuller, Thomas Gilbert, Sandy Yellen, Deborah Dittner, Kat Payadis (our youngest and first-time snowshoer), Rich Crammond.

#### Wednesday Morning Walk — Feeder Canal Cleanup, April 25, Maureen Coutant, 5 participants

• We decided to extend Earth Day to Earth Week and picked up garbage along the trail. We didn't run into much garbage exept at street crossings and the parking lot in Hudson Falls. Luckily there were also garbage bins at the parking lot so we got rid of our bags and walked back unencumbered! Thanks everyone for helping. Throw a bag in your pocket the next time you're out for a walk ... everyday could be Earth Day. Participants: Joanne Armstrong, Mace Comora, Maureen Coutant, Licia Mackey, Gary Rodd.

## Kids Walk — Hovey Pond, April 27, Maureen Coutant, 5 participants

• We had a Signs of Spring Scavenger hunt ... we heard birds singing, found mud, flower buds, ducks, and a robin looking for worms. Then April showers put an early end to the hunt and we found donuts (and coffee) instead! Participants: Genevieve and Maureen Coutant, Albina and Gabriella lentile, Kyra Lombard.

#### West Branch of Sacandaga Paddle, April 28, Ray Bouchard, 7 participants

• It wasn't the greatest day for paddling but I do believe the hardy group that showed up had a good time in spite of the clouds, cool temps and occasional short sprinkle. It wasn't a trip for a novice paddling solo though. The water level was about 3 feet higher than normal due to melting snow and recent rains. We didn't encounter snow or ice but I noticed the nearby lakes on the drive over were still covered except near the shore. The area we paddled in is very flat so the high water level didn't produce a raging stream but the strange currents produced by underwater debris made life a bit interesting. We had quite a distribution of participants, geographically speaking. Mike and Christa drove down from Indian Lake, while Louie came from nearby Speculator but the real die hard canoeist was Steve who drove all the way from the Oneida Lake area, just because. They all were a great bunch to paddle with. Participants: Ray Bouchard, Mike Brooks, Christa Brooks, David Avigdor, Jayne Bouder, Steve Hallock, Louie Page.

#### Old Far, April 29, Bob Aspholm, 5 participants

It was a wet day for Old Far but we went on anyway in spite of lack of views from the top. It's not very far from the Northway and traffic noise including the "rumble" from the rumble strips on said Northway could be heard even on top. But on a good day the views are tremendous and the summit area is really lush with boulders, ledges, red pine, white pine, cedar, and probably good blueberry pickings in late summer; a small plane wreck was found off the west end of the summit. Participants: Bob Aspholm, Jayne Bouder, Bill Carpenter, Jean Holcomb, Jack Whitney.

#### Tuesday Walk — Coles Woods Walk, May I, Maureen Coutant for Gary Rodd, 6 participants

•This was the first time back walking in Coles Woods since the snow finally fell in February. It felt good to be back. The Spring Wildflower hunt began ... not much yet. Participants: Maureen Coutant, Margaret Curtis, Albina lentile, Renee Lombard, Licia and Steve Mackey, Hilary Wasserman.

#### Tuesday Evening Paddle — Lake Luzerne, May I, Maureen Coutant, 5 participants

 We started at Lake Luzerne and headed to a connecting lake, but didn't quite make it. It could have been the two blockages that Licia had to pull us over (thanks to her neoprene booties) or the game of paddle polo at the beginning of the trip. Coolest sighting of the trip: nesting Canada Goose. Participants: Gen, Jim and Mo Coutant, and Licia and Steve Mackey.

#### Wednesday Morning Walk, Feeder Canal, Richardson Street, May 2, Maureen Coutant, 5 participants

• The canal was nearly empty so that some repair and remediation work could be done. It was scheduled to start filling later that day. The water was high in the Hudson though and we walked out on the Route 9 bridge and marveled at the water flowing over the dam. Participants: Maureen Coutant, Margaret Curtis, Licia Mackey, Bill Schwarz and Hilary Wasserman.

#### Kids hike — Pilot Knob Lookout, May 4, Maureen Coutant, 8 participants

•The wildflowers were wonderful. We pointed out trillium and then the kids loved spotting them along the trail. Other flowers in bloom were Dutchmen's britches, colt's foot, spring beauties.... and a bunch of unidentified blooms. The kids loved finding and holding a little garter snake after eating dinner in the gazebo. Participants: Gen, Jim and Mo Coutant, Albina, Gabriella, and Melissa lentile, Kyra and Renee Lombard.

#### Spring Bird Walk — Peebles Island State Park (Waterford), May 5, Rich Speidel, 9 participants

 Friendly people, pleasant weather, and plenty of birds made for a fun outing at the confluence of the Mohawk and Hudson Rivers. We had some "firsts" — first visit to Peebles Island for some, first sighting of certain birds for others. We observed wood ducks on both rivers, four types of woodpeckers (including the crow-sized "pileated" in full view), and a host of resident and migratory songbirds. We identified 43 species; a fine variety of birds for early May. Participants: Erica Burkowski, Wendy Burkowski, Bruce Goodale, Jean Holcomb, Mark Janey, Carrie Menard, Phil Menard, Jack Reber, Ric

#### Schroon River Canoe, May 6, Don Thorn, Jayne Bouder, 9 participants

• The river was way over its banks a week before this trip. We had a crisp, beautiful day, great views of Hoffman Mountain, and fresh drag and high water marks to remind us of the recent ice out and high water. We could have explored a large flow, and maybe gotten to Paradox Lake with fewer obstacles than usual, if we'd had the time. A tailwind on the lake made our last mile a drift, instead of the usual battle. Great day! Participants: Jayne Bouder, Fred Cady, Don Colosimo, Carol Conolly, Julie Elson, Gary Mehlum, George Stuart, Don Thorn, Cathy Turner.

#### Wednesday Morning Walk — South Glens Falls Walkway, May 9, Maureen Coutant, 5 participants

•We were determined to find the route to the gazebo we had spied from the other side of the river on a previous walk. At first we didn't think it was possible, but thanks to Licia we found out how to continue on the trail and discovered another great local find. Also saw: trout lilies in bloom, a turtle, a bluebird and many other wildflowers. Participants: Mace Comora, Maureen Coutant, Albina lentile, Licia Mackey, Gary Rodd.

#### Moose and Shaw Ponds — Newcomb, May 12, Rich Crammond, 4 participants

• This was just a real nice day and great things to see along the way. Wild flowers, beaver dams, nice views, and three nice people to hike with. Moose Pond is BIG and worth the 7-mile hike to get there. Shaw Pond is nice too with a picnic table to go with it way back there. We had a good view of the Santanoni and Seward ranges. Little Santanoni was closer with the Seward range farther out. The black flies were out but not too bad. Thanks to my fellow ADK hikers for coming along on this outing. Participants: Art Ostrov, Mary Ann Amoran, Reg Prouty, Rich Crammond.

#### Spring Bird Walk — Wilton Wildlife Preserve and Park, May 12, Rich Speidel, 12 participants

• We were blessed with sunny, cool weather and blue sky — ideal for observing birds. Several rose-breasted grosbeaks treated us to views and one of the nicest songs in the bird kingdom. A blue jay flushed a broad-winged hawk into flight, and we had a good look at a swainson's thrush — an uncommon woodland migrant not often seen. The highlight of the morning was a pair of scarlet tanagers seen low in an open area; the male glowing "stop light" red in the sunlight — a spectacular sight! Thanks to a courteous and dedicated group, we identified 32 species of birds. Participants: Patricia Brennan, Martha Devaney, Cathy Hall, Keith Hall, Jean Holcomb, Rich Hovious, Pam Kelly, Peg McCanty, Donna Palmer, Edna Van Dorsten, Robert Zitowsky, Rich Speidel.

## Spring Bird Walk — Pack Forest (Warrensburg), May 19, Rich Speidel, 7 participants

• Good birding began at the parking lot, where we spotted the uncommon bay-breasted warbler in the pine trees, followed by a Blackburnian warbler with its orange "fire throat." Although the sunny weather turned cloudy with light rain by early afternoon, we had several pockets of avian commotion. A seldom-seen brown creeper came into view, as well as a swainson's thrush and two brilliant scarlet tanagers. The deep woods melodies of the winter wren and hermit thrush were among the many songs heard during this enjoyable outing. In all, 35 species of birds were identified by our friendly and cooperative group. Participants: Fran Balch, Mary Camoria, Gail Epstein, Bruce Goodale, Mary Ann Moran, Terry Peek, Rich Speidel.

#### Henderson Lake Canoe, May 20, Jayne Bouder, Bob Aspholm, 7 participants

Rain for sure was forecast, but we got a delightful partly sunny, windy day. We had a look around the newly cleared furnace on the way in, saw the cemetery, and enjoyed an unhurried day on the lake. Ray loved his new kayak, Jim found a tacklebox, and a canoe found Bob. We took a long lunch at the new lean-to, explored the Indian Pass inlet back to the trail footbridge, and finished with a strong tailwind. This is a beautiful, deep lake — with cliffy shores, interesting swamps and inlets, and a great views of Indian Pass and High Peaks. Participants: Bob Aspholm, Ray Bouchard, Jayne Bouder, Bill and Pat Carpenter, Jim Dickson, Jack Whitney.

## Wednesday Morning Walk — Pilot Knob Lookout, May 23, Maureen Coutant, 8 participants

 It probably took us just as long to get there as to hike to the lookout, but we all agreed it was worth it. Many had never hiked this nearby trail and plan to return. (Remarkably fewer wildflowers in bloom than just 2 weeks before). Participants: Joanne Armstrong, Mace Comora, Mo Coutant, Margaret Curtis, Licia Mackey, Bill Schwarz, Edna Van Dorsten, Hilary Wasserman.

#### Tuesday Evening Paddle — Stewarts Dam Reservoir, May 29, Maureen Coutant, 10 participants

• This was the first time I'd paddled in this area and we enjoyed checking it out. Easy access, easy current, great company and the mosquitoes weren't bad until packing up! We saw a loon on the water and on the car ride home we saw a red fox. Then leaving Lake Luzerne we had to slow down as a porcupine waddled across the road! Participants: Gen, Jim and Mo Coutant, Gary McCoola, Joy Muller McCoola, Andrew and Anne Paolano, Jim Ralston, Gary Rodd, Marty Tucker.

#### Wednesday Morning Walk — Road to Butler Pond, May 30, Maureen Coutant, 8 participants

• Heat? Lack of breakfast? Coffee? Seismic activity? Pollen count? Somehow the road up to the Reservoir seemed to have gotten steeper than when we did it earlier in the spring. Hmmm ... nice little workout though. Participants: Joanne Armstrong, Rene Clarke, Mace Comora, Mo Coutant, Margaret Curtis, Licia Mackey, Gary Rodd, Hilary Wasserman.

#### SIGN UP INFORMATION

Contact the Outing Leader at least two days (preferably a week), before the activity so he/she can explain the capabilities required and to determine the number attending. Failure to call may result in not knowing about cancellations, rescheduled departures, etc. Guests are always welcome, but must also register! **PLEASE** be considerate when signing up for a trip. Advise the leader if you cannot make a trip so as not to impact others' plans. **Trips WILL BE CANCELLED if minimums are not met**, thereby affecting all parties. For safety, the MINIMUM number for Outings is: 3 people, including the leader (4 in winter) Bruegger's unless otherwise noted in the trip description. Be there and ready to depart at the posted time.

#### **MEETING PLACE INFORMATION**

#### PANERA BREAD

#### **TRAVEL INFORMATION/CAR POOLS**

We encourage carpooling to trailheads for both environmental and practical reasons (limited trailhead parking) and may alter meeting locations due to destination or participants. If you are able, it's helpful to the 'regulars' to offer to drive your vehicle. If you are a passenger, consider current fuel prices, travel miles and number of passengers when contributing your fair share to the driver.

#### **PARTICIPATION GUIDELINES**

Leaders are responsible to evaluate interested parties' fitness for that outing, review specific guidelines, and lead the trip. They are not paid guides, but volunteers. Participants are asked to cooperate and respect their authority and decisions.

\*Is this the right Outing for you? For those not experienced in strenuous trips, it is best to begin with something easier and work your way up. The Leader will assist in evaluating skill level and suggest alternative outings if more appropriate. For the safety and comfort of all, the Leader has the discretion to deny participation if he/she feels someone is not a good match for that trip. Based on the expectations and skills of the entire group, Leaders may have more flexibility for some trips, so definitely talk with them. **DO NOT TRY STRENUOUS OUTINGS UNLESS YOU HAVE DONE THAT ACTIVITY REGULARLY (AND RECENTLY) AND ARE IN GOOD SHAPE AS NECESSARY FOR THAT OUTING.**  \*ADK Liability Waiver must be provided by Leader and signed by all participants before the trip begins. This is a requirement by ADK HQ. Parents must sign for minors.

\*No Pets allowed on outings except where designated in the description.

#### RATINGS

Hike Rating	Effort Level	Elevation Gain (feet)	Miles	Time (hours)

#### HIKING NEEDS/PREPARATION/EQUIPMENT

Bring Trail Food and plenty of Water on ALL hikes! \*Clothing made of Polyester blends, polarguard or wool are recommended as they retain warmth even when wet. — NOT 100% Cotton clothing! It is also wise to bring raingear. Other pack essentials: compass and map, headlamp/flashlight, first aid kit, hat, gloves, and extra socks. Adirondack weather can and does change suddenly. Don't trust the forecast or the sky based on the start of the day. Be prepared!

#### **Special Winter Needs**

In addition to the preparation/equipment mentioned above, winter requires some EXTRA planning. Look for special notes in the Outing description and discuss with the Leader. Depending on conditions, participants will can expect to bring Snow Shoes and Crampons. Bring lots of Water. Dehydration comes easier in the winter and we feel its effects later ... usually AFTER the fact. Be wise with Emergency Clothing. Bring an extra wool/polypro hat, mittens and socks. Vented "Shell" pants, jackets and mittens are commonly used with warm layers beneath.

#### **BECOME AN OUTINGS LEADER**

Ask any Chapter Leader for details. Offer to CO-lead to get the 'experience'! We're always looking for new leaders to help share the fun while "filling in the calendar." New faces offer more varied outings while sharing their personal favorite destinations. Contact Outings Chair for more information. (Contact info: Pg. 3 of newsletter)
